Sunrise on Sunset Park Marion Palm, 2011-05-13 This book tells how a group of immigrants from Finland founded the first co ops in our nation focusing on one in a group of associations that are organized around Sunset Park a New York City public park with an outlook over the harbor that is located on the highest hill of this neighborhood from the perspective of a Swedish American first generation person accepted by the Finns This is an inside look into how one co op has functioned adapting with the growth of Brooklyn and New York City While it is tempting to want to examine each of the co ops and compare how they are similar and differ from one another it is more important to focus on how they cooperated with each other to remain independent and are able to adapt to changes This book is organized into chapters that focus on different aspects of co op living and includes a Patriotic Tour at the end to help the reader understand why it is important to be all inclusive when writing history and important also to put new residents in the very spots where history happened even if the original spot has been changed over time
