Falklands in the early 1980s corporations were key players And as Empire Incorporated makes clear venture colonialism did not cease with the end of empire Its legacies continue to raise questions about corporate power that are just as relevant today as they were 400 years ago Challenging conventional wisdom about where power is held on a global scale Stern complicates the supposedly firm distinction between private enterprise and the state offering a new history of the British Empire as well as a new history of the corporation     Heritage Sports Auction Signature Catalog #705 Ivy Press,2006-09
