Rosie The Investigation Of A Wrongful Death:

Back-Alley Abortion Emily Winderman, 2025-10-07 This book explores how the phrase back alley abortion has influenced debates surrounding abortion rights Provided by publisher **Access** Rebecca Grant, 2025-06-24 From the award winning author of *Birth* a journey into the underground activist networks that have been working to protect women's autonomy over their bodies amidst legal political religious and cultural oppression over the past sixty years In this definitive eye opening history award winning author Rebecca Grant charts the reproductive freedom movement from the days before Roe through the seismic impact of Dobbs The stories in *Access* span four continents tracing strategies across generations and borders Grant centers those activists who have been engaged in direct action to help people get the abortions they need Their efforts involve no small measure of daring do spy craft sea adventures close calls undercover operations smuggling sequins legal dramas victories defeats and above all a deeply held conviction that all the risks are worth it for the cause In *Access* we meet a cast of brave bold and unforgettable women the founders of the Jane Collective a group of anonymous providers working clandestinely between Chicago apartments to perform abortions in the pre Roe years the originators and leaders of the abortion fund movement Verónica Cruz Sánchez a Mexican activist who works to support self managed abortion with pills and fights to free women targeted by the criminalization of abortion and Rebecca Gomperts a Dutch doctor who realizes that there is one place abortion bans cannot reach international waters Post Dobbs activist groups have once again stepped up and put themselves on the line to resist Building on the work of their feminist forebearers and international allies they are charting new pathways for access in the face of unprecedented acts to subjugate and control half of America's population Working above ground underground and in legal gray areas they've helped people travel across state lines for care established telehealth practices and formed community networks to distribute pills for free to people who needed them Drawing on expert research and investigative reporting told with deep compassion and humanity by a journalist who has spent her career on the frontlines of the fight *Access* celebrates the bravery ingenuity and determination of women across decades who have fought for a fundamental human right and serves as an inspiring rallying cry for the work that lies ahead

Women of Color Forum Toni Constantino, 1979 *Catholic Women Confront Their Church* Celia Viggo Wexler, 2024-11-05 *Catholic Women Confront Their Church* tells the stories of nine exceptional women who have chosen to remain Catholic despite their deep disagreements with the institutional church From Barbara Blaine founder of Survivors Network of Those Abused by Priests SNAP to Sister Simone Campbell whose Nuns on the Bus tour for social justice generated national attention the book highlights women whose stories illustrate not only problems in the church but also the promise of reform The women profiled span a diverse range of ages ethnicities and experiences single and married lesbian and straight mothers and sisters The women profiled share one trait that faith is bigger than the institutional church The book's Introduction provides readers with an essential overview of the history of women in the church and the Conclusion

looks at the potential for future change Ideal for anyone who has struggled with the Catholic church's relationship with women this moving book offers hope *After Roe* Mary Ziegler,2015-06-08 In the decade after the 1973 Supreme Court decision on abortion advocates on both sides sought common ground But as pro abortion and anti abortion positions hardened over time into pro choice and pro life the myth was born that Roe v Wade was a ruling on a woman's right to choose Mary Ziegler's account offers a corrective *Intimate Wars* Merle Hoffman,2012-01-10 A searingly honest debut memoir from an activist and award winning journalist who made a woman's right to choose her life's work Kirkus Reviews Merle Hoffman had built a life as a classical pianist and self made millionaire before her passion for the equality and freedom of girls and women drew her to a bigger cause protecting a woman's right to have a safe and legal abortion Hoffman became an expert in women's reproductive healthcare and used her entrepreneurial spirit to build one of the most comprehensive women's medical centers in the country In 1971 two years before the Roe v Wade Supreme Court decision made abortion legal throughout the US Hoffman founded the New York abortion clinic Choices As a medical provider she pioneered patient power encouraging women to participate in their own health care decisions Through her singular journey Hoffman had many loves and even adopted a daughter from Russia but never wavered in her commitment to fighting on the front lines of the feminist movement From her decision to adopt a child to her love affairs this is the story of one woman's quest to live fully Opinionated fierce bold and brash *Intimate Wars* chronicles Hoffman's efforts to improve women's lives and influence history She deserves our gratitude Truthout **Obstacle Course** David S. Cohen,Carole Joffe,2021-07-27 This book tells the real story of abortion in America one that captures a disturbing reality of sometimes insurmountable barriers put in front of women trying to exercise their legal rights to medical services Without the efforts of an unheralded army of doctors nurses social workers activists and volunteers what is a legal right would be meaningless for the almost one million people per year who get abortions There is a better way treating abortion like any other form of health care but the United States is a long way from that ideal **Books of the Times** ,1978 **Good Catholics** Patricia Miller,2014-05-20 Good Catholics tells the story of the remarkable individuals who have engaged in a nearly fifty year struggle to assert the moral legitimacy of a pro choice position in the Catholic Church as well as the concurrent efforts of the Catholic hierarchy to suppress abortion dissent and to translate Catholic doctrine on sexuality into law Miller recounts a dramatic but largely untold history of protest and persecution which demonstrates the profound and surprising influence that the conflict over abortion in the Catholic Church has had not only on the church but also on the very fabric of U S politics Good Catholics addresses many of today's hot button questions about the separation of church and state including what concessions society should make in public policy to matters of religious doctrine such as the Catholic ban on contraception Good Catholics is a Gold Medalist Women's Issues in the 2015 IPPY awards an award presented by the Independent Publishers Book Association to recognize excellence in independent book publishing **No Choice** Becca Andrews,2022-10-11 Named one of Mother Jones BOOKS WE NEEDED

IN 2022 An in depth look at the legacy of Roe v Wade and on the ground reporting from the front lines of the battle to protect the right to choose The pieces started to fall in 2019 when a wave of anti abortion laws went into effect Georgia Ohio Mississippi Louisiana and Kentucky banned abortion after six weeks of pregnancy while Missouri banned the procedure at eight weeks Alabama banned all abortions The die was cast And on June 24 2022 the Supreme Court overturned Roe v Wade and abortion immediately became illegal in 22 states No Choice begins by shining a light on the eerie ways in which life before Roe will be mirrored in life after The wealthy and privileged will still have access low income people will suffer disproportionately and pregnancy will be heavily policed Then Andrews takes us to the states and communities that have been hardest hit by the erosion of abortion rights in this country and tells the stories of those who are most at risk from this devastating reversal of settled law There is a glimmer of faint hope though As the battle moves to state legislatures around the country the book profiles the people who are doing groundbreaking inspiring work to ensure safe legal access to this fundamental part of health care

Abortion Without Apology Ninia Baehr, 1990 Abortion Without Apology is based on audiotaped videotaped and filmed interviews produced for the Abortion Rap workshops and for the film documentary With a Vengeance and on letters solicited for this pamphlet If not otherwise indicated all quotes are drawn from the following sources Byllye Avery In Defense of Roe conference videotaped April 8 1989 Lucinda Cisler interview videotaped February 16 1988 Lana Clarke Phelan interview videotaped November 6 1987 Constance Cook interview audiotaped February 3 1987 Carol Downer interview videotaped November 4 1987 Rowena Gurner interview audiotaped November 5 1987 and letters dated December 13 1989 and December 15 1989 Brenda Joyner interview filmed April 8 1989 Jane interview filmed November 13 1988 Patricia Maginnis interview videotaped November 5 1987 and letter dated December 28 1989 Sojourner McCauley interview filmed June 29 1989 Irene Peslikis interview audiotaped December 17 1987 and interview videotaped July 14 1988 Lorraine Rothman interview videotaped November 4 1987 From Acknowledgements

Undivided Rights Loretta Ross, Elena Guti rrez, Marlene Gerber, Jael Silliman, 2016-05-10 Undivided Rights captures the evolving and largely unknown activist history of women of color organizing for reproductive justice

Rosie Ellen Frankfort, Frances Kissling, 1979

Deep Care Angela Hume, 2023-11-14 The story of the radical feminist networks who worked outside the law to defend abortion Starting in the 1970s small groups of feminist activists met regularly to study anatomy practice pelvic exams on each other and learn how to safely perform a procedure known as menstrual extraction which can empty the contents of the uterus in case of pregnancy using equipment that can be easily bought and assembled at home This self help movement grew into a robust national and international collaboration of activists and health workers determined to ensure access to reproductive healthcare including abortion at all costs to the point of learning how to do the necessary steps themselves Even after abortion was legalized in 1973 with Roe v Wade activists continued meeting studying and teaching these skills reshaping their strategies alongside decades of changing legal medical and cultural landscapes such as the

legislative war against abortion rights the AIDS epidemic and the rise of anti abortion domestic terrorism in the 1980s and 90s The movement s drive to keep abortion accessible led to the first clinic defense mobilizations against anti abortion extremists trying to force providers to close their doors From the self help movement sprang a constellation of licensed feminist healthcare clinics community programs to promote reproductive health even the nation s first known donor sperm bank all while fighting the oppression of racism poverty and gender violence Deep Care follows generations of activists and clinicians who orbited the Women s Choice clinic in Oakland from the early 1970s until 2010 as they worked underground and above ground in small cells and broad coalitions and across political movements with grit conviction and allegiances of great trust to do what they believed needed to be done despite the law when required Grounded in interviews of activists sharing details of their work for the first time Angela Hume retells three decades of this critical if under recognized story of the radical edge of the abortion movement These lessons are more pertinent than ever following the Supreme Court s 2022 Dobbs v Jackson decision and the devastation to abortion access nationwide

Abortion after Roe Johanna Schoen,2015-09-28 Abortion is and always has been an arena for contesting power relations between women and men When in 1973 the Supreme Court made the procedure legal throughout the United States it seemed that women were at last able to make decisions about their own bodies In the four decades that followed however abortion became ever more politicized and stigmatized Abortion after Roe chronicles and analyzes what the new legal status and changing political environment have meant for abortion providers and their patients Johanna Schoen sheds light on the little studied experience of performing and receiving abortion care from the 1970s a period of optimism to the rise of the antiabortion movement and the escalation of antiabortion tactics in the 1980s to the 1990s and beyond when violent attacks on clinics and abortion providers led to a new articulation of abortion care as moral work As Schoen demonstrates more than four decades after the legalization of abortion the abortion provider community has powerfully asserted that abortion care is a moral good

Parti-colored Blocks for a Quilt Marge Piercy,1982 Piercy writes of women and poetry and of woman becoming poet **God's Country** Sandy Rapp,2014-07-16 Explore the influence of religion on the privacy rights of U S citizens in this controversial new book Here is a compelling and controversial new book that explores the enormous political influence that some religious groups currently wield God s Country focuses particularly on the issue of personal privacy rights and the strategies and rhetoric these religious groups are using to diminish those rights among select segments of society Author Sandy Rapp a grassroots activist shares her experiences in one on one debates with religious fundamentalists who have been on opposite sides of the social issues for which she has so passionately fought in recent years Topics in this fascinating book include privacy rights individual s rights as stated in the constitution AIDS and homophobia the abortion choice global population crisis gay and lesbian reproductive rights effective strategies for lobbyingSandy Rapp traces the patriarchal premises which underlie the twentieth century crusade against homosexuality She integrates various personal and professional perspectives and provides

a challenging and comprehensive examination of the physical and psychological devastation inflicted upon women lesbians and gay men due to religious and political control over such personal decisions as the expression of one's sexuality the use of birth control the choice of abortion and privacy rights God's Country poses some provocative questions that are certain to spark debate among enlightened religious professionals professors and students of political science government women's history human sexuality and religion Does the government have the right to impose mandatory childbirth upon women Should a gay or lesbian person's sexual orientation weaken his/her civil rights Can in a free society the religious beliefs of one denomination or group be imposed on all citizens If freedom for all is to be upheld in the United States shouldn't the separation of church and state be maintained **Henry Hyde's Moral Universe** Dennis Bernstein, Leslie Kean, 1999

Contemporary American Women Writers Catherine Rainwater, William J. Scheick, 2021-05-11 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition **Latina Psychologists** Lillian Comas-Diaz, Carmen Inoa

Vazquez, 2018-06-14 In this book twelve eminent Latina Psychologists illustrate how they practice gender and culture sensitive psychotherapy counseling research pedagogy social justice and mentoring They share how they create their own path in the midst of oppression by becoming aware of the connection between their lives and their gendered cultural social and political circumstances and how they liberate themselves and those who seek their psychological services Based on lived experiences they reveal how they integrate a borderlands theory a testimonio method and an embodiment analysis into a Latina Feminist Psychology More importantly these Latina Psychologists offer easy to follow advice to help readers thrive while living in the cultural borderlands
