The Roswell Report Richard L Weaver, 2020-12-31 The Roswell Incident is a UFO crash that supposedly occurred in the town of Roswell NM in July 1947 In 1994 at the request of a New Mexico congressman the U S government asked the U S Air Force to thoroughly investigate the matter and submit a definitive report In 1995 the Department of the Air Force through the U S Government Printing Office published its official report under the title The Roswell Report Fact vs Fiction in the New Mexico Desert This paperback edition contains the complete text of that revealing report

Body Snatchers in the Desert Nick Redfern, 2005-06-21 Body Snatchers in the Desert reveals the events that really happened in the New Mexico desert in 1947 that birthed the Rosewell Myth RAAF captures flying saucer on ranch in Roswell region Ever since this provocative headline appeared on July 8 1947 conspiracy theorists have sincerely believed that the U S government has maintained an extensive operation of cover up and denial regarding its knowledge of alien life But there was in fact no UFO crash with dead alien bodies What really happened on that fateful day is much more sinister The persistent rumors surrounding the UFO crash in Roswell New Mexico are part of a bigger conspiracy one orchestrated and fostered by the government itself as a smokescreen to bury a truth that is much darker and disturbingly far more believable Now through never before revealed testimony from military whistleblowers eyewitness intelligence reports and an astonishing body of corroborative evidence Nick Redfern lays out a shockingly plausible new theory on the Roswell incident that the crash site discovery of prototype military aircraft would expose a damning secret a highly confidential U S government sanctioned program to conduct medical experiments on deformed handicapped disfigured and diseased Japanese POWs exploited as expendable victims by their captors An important account that forces us to take a closer look at both the Roswell story and post war American history Body

Snatchers in the Desert casts a startling new light on a shocking conspiracy more than half a century in the making *The Roswell Report* James McAndrew,1997 In July 1994 at the request of the Government Accounting Office the U S Air Force completed a thousand page report to explain the events that transpired in and near Roswell in the summer of 1947 The Roswell Report Case Closed is the follow up to that report and contains additional materials and analysis intended to reach a complete open and final explanation of the events that occurred in the Southwest many years ago While this explanation may not be as titillating as tales of unearthly craft and creatures it is a fascinating story nonetheless **Dark Moon** Mary Bennett,David S. Percy,2001 As the dust settles on the 30th anniversary of Apollo 11 information is now coming to light that throws into serious doubt the authenticity of the Apollo record New evidence clearly suggests that NASA hoaxed the photographs taken on the surface of the Moon These disturbing findings are supported by detailed analysis of the Apollo images by professional photographer David S Percy ARPS and physicist David Groves PhD The numerous inconsistencies clearly visible in the Apollo photographic account are quite irrefutable Recent research indicates that the errors evidenced in DARK MOON were deliberately planted by individuals determined to leave clues to the faking in which they were unwillingly involved DARK MOON is the answer to the question did the Apollo missions really land a man on the Moon and return him alive and well to Earth or is the record incorrect **Area 53** Rik de Mora,2024-12-06 Have you ever wondered if an alien UFO really crashed at Roswell Do you suspect that its advanced technology has been reverse engineered giving rise to the out of this world innovations we see today What about the crew Did any survive the crash Were they truly aliens or could they have been something entirely different perhaps the subjects of the ultimate black op You ve always known that the government has been covering up the truth haven t you Just as you ve realized that the story has been kept secret all this time for a reason But are you certain you know what that reason is Maybe it s time to think again In Area 53 you ll be invited to critically re assess all those conspiracy theories that have been the subject of countless books and TV programs over the years With a fresh perspective and eye opening revelations this book will challenge your beliefs and make you question everything you thought you knew about the Roswell incident and its aftermath *Tracking Ancient Legends* Alan Dale Daniel,2013-09-27 Can we logically combine recent research on human origins with ancient legends of floods paradise lost and cloud clad gods destroying civilizations Yes says author Alan Daniel who has thoughtfully joined key primordial legends with mitochondrial DNA research archeological and anthropological finds and geological evidence in Tracking Ancient Legends DNA evidence shows a small band of humans crossed out of Africa into Eurasia about 100 000 BC however why is lost to the primordial mists But the why may be answered by primeval legends overlooked until now The author theorizes that prehistoric legends may explain the flight from Africa The model set forth is fascinating as well as epic in scope Competing theories are examined including the ancient astronaut concepts and the foundations of theory itself Are aliens from other worlds the source of our legends or is something much more earthly and surprising the groundwork of our

Flying Saucers and Science (Volume 2 of 2) (EasyRead Super Large 20pt Edition) , Atomic Audit Stephen I. Schwartz,2011-12-01 Since 1945 the United States has manufactured and deployed more than 70 000 nuclear weapons to deter and if necessary fight a nuclear war Some observers believe the absence of a third world war confirms that these weapons were a prudent and cost effective response to the uncertainty and fear surrounding the Soviet Union s military and political ambitions during the cold war As early as 1950 nuclear weapons were considered relatively inexpensive providing a bigger bang for a buck and were thoroughly integrated into U S forces on that basis Yet this assumption was never validated Indeed for more than fifty years scant attention has been paid to the enormous costs of this effort more than 5 trillion thus far and its short and long term consequences for the nation Based on four years of extensive research Atomic Audit is the first book to document the comprehensive costs of U S nuclear weapons assembling for the first time anywhere the actual and estimated expenditures for the program since its creation in 1940 The authors provide a unique perspective on U S nuclear policy and nuclear weapons tracking their development from the Manhattan Project of World War II to the present day and assessing each aspect of the program including research development testing and production deployment command control communications and intelligence and defensive measures They also examine the costs of dismantling nuclear weapons the management and disposal of large quantities of toxic and radioactive wastes left over from their production compensation for persons harmed by nuclear weapons activities nuclear secrecy and the economic implications of nuclear deterrence Utilizing archival and newly declassified government documents and data this richly documented book demonstrates how a variety of factors the open ended nature of nuclear deterrence faulty assumptions about the cost effectiveness of nuclear weapons regular misrepresentation of and overreaction to the Soviet threat the desire to maintain nuclear superiority bureaucratic and often

arbitrary decisions pork barrel politics and excessive secrecy all drove the acquisition of an arsenal far larger than what many contemporary civilian and military leaders deemed necessary Atomic Audit concludes with recommendations for strengthening atomic accountability and fostering greater public understanding of nuclear weapons programs and policies
