The complexity arises from the multifaceted nature of the subject, which encompasses a wide range of topics such as law enforcement, legal procedures, corrections, and societal issues. Rough Justice Essays On Crime In Literature:

Rough Justice Martin L. Friedland, 1991 Based on presentations given by professors of English literature from the U of Toronto in a law school seminar at the University 13 literary scholars including the late Northrop Frye explore the subject of crime in a wide range of literary works Annotation copyrighted by Book News Inc Portland OR **John Gower and the Limits of the Law** Conrad van Dijk, 2013 An examination of the ways in which Gower's poetry engages with contemporary law and legal questions It has long been thought that John Gower was probably a lawyer before turning to poetry and this study reveals his active engagement with contemporary legal debates they include constitutional questions jurisdictional issues private vengeance jurisprudential concepts such as equity and the rigor iuris and aspects of criminal law The author argues that the *Confessio Amantis* in particular demonstrates Gower's uncertainty about how to reconcile the ideal of a just law with alternative modes of justice such as self help royal discretion and divine will The book also examines the parallel development of the exemplum and casus in medieval literature Exempla frequently create a sense of narrative closure by means of some form of punishment or as Gower would put it vengeance How then do we set Gower's reputation as a sympathetic writer alongside his frequent desire for closure and punishment What are the limits of exemplarity and law These questions are answered by reading Gower in relation to the volatile politics of the Ricardian period and in comparison with the poetic concerns of contemporary writers such as Chaucer and Langland In so doing the book provides a searching introduction to the intersection between literature and law in the late fourteenth century Dr Conrad van Dijk is Assistant Professor of English at Concordia University College of Alberta Edmonton Canada *A Critical Introduction to Law and Literature* Kieran Dolin, 2007-03-15 Despite their apparent separation law and literature have been closely linked fields throughout history Linguistic creativity is central to the law with literary modes such as narrative and metaphor infiltrating legal texts Equally legal norms of good and bad conduct of identity and human responsibility are reflected or subverted in literature's engagement with questions of law and justice Law seeks to regulate creative expression while literary texts critique and sometimes openly resist the law Kieran Dolin introduces this interdisciplinary field focusing on the many ways that law and literature have addressed and engaged with each other He charts the history of the shifting relations between the two disciplines from the open affiliation between literature and law in the sixteenth century Inns of Court to the less visible links of contemporary culture Originally published in 2007 this book provides an accessible guide to one of the most exciting areas of interdisciplinary scholarship **C. Wright Mills and the Criminological Imagination** Jon Frauley, 2016-03-03 In spite of its widespread use within criminology the term criminological imagination as derived from C Wright Mills classic *The Sociological Imagination* has yet to be fully developed and clarified as an analytic concept capable of guiding theorizing or empirical enquiry This volume with a preface by Elliot Currie engages with and reflects on this concept exploring C Wright Mills work for criminological enquiry Bringing together the latest work of leading scholars in the fields of

criminology and sociology from around the world C Wright Mills and the Criminological Imagination investigates the emergence and lineage of a criminological concept indebted to Mills thought adapting and applying it to a specifically criminological context With attention to theoretical concerns and as well as the application of the criminological imagination in concrete empirical research this volume sheds new light on the methodological and analytical aspects of the criminological imagination as a multifaceted concept and explores the possibilities that it offers for the emergence of an imaginative criminological practice As such it will appeal to scholars across the social sciences with interests in sociology and social theory criminology criminal justice studies law and research methods My Life in Crime and Other Academic Adventures Martin L. Friedland, 2002-12-15 Two histories of the University of Toronto have been published one in 1906 and one in 1927 Since the latter volume appeared no comprehensive history of the University has been published Given the size of the University and the complexity of the task this is not entirely surprising But after sixty six years this gap in the intellectual history of Canada has been filled and we are delighted to announce publication in March of

2002 of Martin Friedland's new history of one of Canada's most important educational and cultural institutions. The author of several books on legal history, Professor Friedland brings to this task an accomplished eye and ear and a status as a long-time member of the University community. Professor Friedland's text is accompanied by over 200 maps, drawings, and photographs. Published to coincide with the University's 175th anniversary, *The University of Toronto: A History* tells the story of the university in the context of the history of the nation of which it is a part, weaving the stories of the people who have been a part of this institution, people who make up a who's who in the history of Canada. Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history. Gendering Walter Scott C.M. Jackson-Houlston, 2017-04-21. Employing gender as a unifying critical focus, Caroline Jackson Houlston draws on the full range of Walter Scott's novels to propose new links between Scott and Romantic era authors such as Sophia Lee, Jane Porter, Jane Austen, Sydney Owenson, Elizabeth Hands Thomas, Love Peacock, and Robert Bage. In Scott, Jackson Houlston suggests sex and violence are united in a central feature of the genre of romance: the trope of raptus, the actual or threatened kidnapping of a woman and her subjection to physical or psychic violence. Though largely favouring the Romantic period, drive towards delicacy of subject matter and expression, Scott also exhibited a residual sympathy for frankness and openness resisted by his publishers, especially towards the end of his career when he increasingly used the freedoms inherent in romance as a mode of narrative to explore and critique gender assumptions. Thus, while Scott's novels inherit a tradition of chivalric protectiveness towards women, they both exploit and challenge the assumption that a woman is always essentially definable as a potential sexual victim. Moreover, he consistently condemns the aggressive male violence characteristic of older models of the hero in favour of restraint and domesticity that are not exclusively feminine but compatible with the Scottish Enlightenment assumptions of his upbringing. A high proportion of Scott's female characters are consistently more rational than their male counterparts, illustrating how he plays conflicting concepts of sexual difference off against one another. Jackson Houlston illuminates Scott's ambivalent reliance on the attractions of sex and violence, demonstrating how they enable the interrogation of gender convention throughout his fiction. *Thomas Middleton and Early Modern Textual Culture* Gary Taylor, John Lavagnino, MacDonald P. Jackson, Valerie Wayne, John Jowett, 2007-11-22. A comprehensive companion to *The Collected Works of Thomas Middleton*, providing detailed introductions to and full editorial apparatus for the works themselves, as well as a wealth of information about Middleton's historical and literary context. *The Riel Problem* Albert Braz, 2024-06-06. Tracing Louis Riel's metamorphosis from traitor to hero, Braz argues that through his writing, Riel resists his portrayal as both a Canadian patriot and a pan-Indigenous leader. After being hanged for high treason in 1885, the Métis politician, poet, and mystic has emerged as a quintessential Canadian champion. *The Riel Problem* maps this representational shift by examining a series of cultural and scholarly commemorations of Riel since 1967, from a large-scale opera about his life through the publication of his extant writings to statues erected in his honour. Braz also probes how

aspects of Riel's life and writing can be problematic for many contemporary artists, scholars and civic leaders. Analyzing representations of Riel in light of his own writings, the author exposes both the constructedness of the Canadian nation state and the magnitude of the current historical revisionism when dealing with Riel.

The Aesthetic of Revolution in the Film and Literature of Naguib Mahfouz (1952-1967) Nathaniel Greenberg, 2014-07-02

In the wake of the 1952 Revolution, Egypt's future Nobel laureate in literature devoted himself exclusively to writing for film. *The Aesthetic of Revolution in the Film and Literature of Naguib Mahfouz* is the first full-length study in English to examine this critical period in the author's career and to contextualize it within the scope of post-revolutionary Egyptian politics and culture. Before returning to literature in 1959 with his post-revolutionary masterpiece *Children of the Alley*, Mahfouz wrote or co-wrote some twenty-odd scripts, many of them among the most successful in Egyptian history. He did so at a time when film was the country's second largest export commodity after cotton and the domestic film industry in Egypt the fourth largest in the world. Artistically, his screenplays channeled the ideology of the revolution, often raising themes of oppression and liberation and almost always within a storyline of criminal transgression. But as he discussed in later articles and interviews, the capacity for film to enumerate the flow of life through montage, jump cuts, lighting and close-ups helped him to develop a darker, faster and more complex vision of society. This technological revolution was followed by a literary one in the 1960s, a time when Mahfouz would generate through a series of short, trenchant and often comedic novellas a deeply measured meditation on the experience of collective upheaval and the interpersonal impact of political transformation.

Chaucer's Afterlife Kathleen Forni, 2013-03-13 This study explores Chaucer's present-day cultural reputation by way of popular culture. In just the past two decades, his texts have been adapted to a wide variety of popular genres including television, stage, comic book, hip hop, science fiction, horror, romance and crime fiction. This cultural recycling involves a variety of functions, but Chaucer's primary association is with the idea of pilgrimage and the prevailing tenor is populist satire. The target is not only cultural elitism but also the dominant discourse of professional Chaucerians. Academics in turn may have doubts about the value of popular Chaucer; popular culture theory, however, would maintain that such skepticism has less to do with critical discrimination than the assertion of social distinction. Nonetheless, the fact that Chaucer has a popular afterlife and remains an ideological product over which competing groups lay claim attests to his current cultural vitality.

American Crime Fiction Peter Swirski, 2016-07-15 Peter Swirski looks at American crime fiction as an artform that expresses and reflects the social and aesthetic values of its authors and readers. As such, he documents the manifold ways in which such authorship and readership are a matter of informed literary choice and not of cultural brainwashing or declining literary standards. Asking in effect a series of questions about the nature of genre fiction, as art, successive chapters look at American crime writers whose careers throw light on the hazards and rewards of nobrow traffic between popular forms and highbrow aesthetics: Dashiell Hammett, John Grisham, William Faulkner, Ernest Hemingway, Raymond Chandler, Ed McBain, Nelson DeMille and F. Scott

Fitzgerald **A Guide to Walter Mosley 'Devil in a Blue Dress'** John Lennard, 2013-09-24 Mosley's novels chronicling the investigations of Easy Rawlins chart Californian history from 1948 echoing Chandler and John D MacDonald while challenging Ellroy's L.A. Quartet. He has also written other crime and SF novels, Young Adult fiction, a memoir, and activist non-fiction, and is widely involved in cultural and educational projects promoting writing by people of colour. *Devil in a Blue Dress* is the first novel in Mosley's outstanding Easy Rawlins series. The Notes in this book provide an overview of Mosley's career, and the series give historical and literary backgrounds to the novel, including Chandler, Himes, Pinkerton, *Men and Private Eyes*, Hollywood's *Gumshoes*, and the GI Bill, and consider the film adaptation of *Devil*. Chapter by chapter Annotations detail allusions, slang, musical references, flora and fauna, and fashion, while disentangling Mosley's real and fictive Los Angeles. The Essay is *In the Mortgage of his Skin* and uses Walcott's and Lamming's great phrase to ask about Easy's purest passion: the house that is his castle. The Bibliography covers all Mosley's work with critical material on him and on African American crime writing.

Hysteria, Perversion, and Paranoia in "The Canterbury Tales" Becky Renee McLaughlin, 2020-07-20 Beginning with the spectacle of hysteria moving through the perversions of fetishism, masochism, and sadism, and ending with paranoia and psychosis, this book explores the ways that conflicts with the Oedipal law erupt on the body and in language in Chaucer's *Canterbury Tales*, for Chaucer's tales are rife with issues of mastery and control that emerge as conflicts not only between authority and experience but also between power and knowledge, word and flesh, rule books and reason, man and woman, same and other. Conflicts that erupt in a macabre sprawl of broken bones, dismembered bodies, cut throats, and decapitations. Like the macabre sprawl of conflict in the *Canterbury Tales*, this book brings together a number of conflicting modes of thinking and writing through the surprising and perhaps disconcerting use of shadow chapters that speak to or against the four central chapters, creating both dialogue and interruption.
