The Rover Aphra Behn, 1998 Behn 1640-89 was both successful and controversial in her own lifetime her achievements are now recognized less equivocally and her plays often revived demonstrate wit compassion and remarkable range This volume collects her most important comedies with annotation and modernized spelling **Early Women Dramatists**

1550-1801 Margarete Rubik, 2016-01-14 A comprehensive survey of women's drama between the Renaissance and the end of the eighteenth century assessing the plays characteristic features and the ruptures in the text indicating the writers precarious social and artistic position and ambiguous stances to their own creativity and sex Chapters are devoted to individual writers as well as to general developments in specific periods The most significant plays are analysed in detail and related to the male literary canon of the time in order to stress both their originality and the existence of an albeit tentative female literary tradition *Aphra Behn* Mary Ann O'Donnell, 2017-03-02 This annotated bibliography constitutes a

thoroughly revised and more easily readable study of Behn's publications of those edited or translated by her of publications that included her works and of writings ascribed to her along with an annotated bibliography of over 1600 works about her from 1671 to 2001 with an unannotated update covering 2002 The augmented primary bibliography describes all known editions and issues of her works to 1702 and adds a catalogue of editions to 2002 including on line sources The secondary bibliography adds close to 1000 items published since 1984 to the original 600 of the first edition along with about 175 more from 1671 to 1984 with attention to materials not in English New appendices include a list of dedicatees actors recent productions with reviews and provenances This volume will be invaluable for book dealers collectors and librarians as well as students and scholars of Aphra Behn and of Restoration literature *The Sublime Invention* Michael R Lynn, 2015-10-06

Ballooning like the Enlightenment was a Europe wide movement and a massive cultural phenomenon Lynn argues that in order to understand the importance of science during the age of the Enlightenment and Atlantic revolutions it is crucial to explain how and why ballooning entered and stayed in the public consciousness Theatre History Studies 2018, Vol. 37

Rival Queens Felicity Nussbaum, 2011-10-11 In eighteenth century England actresses were frequently
dismissed as mere prostitutes trading on their sexual power rather than their talents Yet they were Felicity Nussbaum argues
central to the success of a newly commercial theater Urban recently moneyed and thoroughly engaged with their audiences
celebrated actresses were among the first women to achieve social mobility cultural authority and financial independence In
fact Nussbaum contends the eighteenth century might well be called the age of the actress in the British theater given
women's influence on the dramatic repertory and through it on the definition of femininity Treating individual star actresses
who helped spark a cult of celebrity especially Anne Oldfield Susannah Cibber Catherine Clive Margaret Woffington Frances
Abington and George Anne Bellamy Rival Queens reveals the way these women animated issues of national identity property

patronage and fashion in the context of their dramatic performances. Actresses intentionally heightened their commercial appeal by catapulting the rivalries among themselves to center stage. They also boldly challenged in importance the actor managers who have long dominated eighteenth century theater history and criticism. Felicity Nussbaum combines an emphasis on the actresses themselves with close analysis of their diverse roles in works by major playwrights including George Farquhar, Nicholas Rowe, Colley Cibber, Arthur Murphy, David Garrick, Isaac Bickerstaff, and Richard Sheridan. Hers is a comprehensive and original argument about the importance of actresses as the first modern subjects actively shaping their public identities to make themselves into celebrated properties.

Selected Philosophical and Scientific Writings Emilie Du Châtelet, 2009-09-15 Though most historians remember her as the mistress of Voltaire, Emilie Du Châtelet 1706-49 was an accomplished writer in her own right who published multiple editions of her scientific writings during her lifetime as well as a translation of Newton's *Principia Mathematica* that is still the standard edition of that work in French. Had she been a man, her reputation as a member of the eighteenth century French intellectual elite would have been assured. In the 1970s, feminist historians of science began the slow work of recovering Du Châtelet's writings and her contributions to history and philosophy. For this edition, Judith P. Zinsser has selected key sections from Du Châtelet's published and unpublished works as well as related correspondence, part of her little-known critique of the Old and New Testaments, and a treatise on happiness that is a refreshingly uncensored piece of autobiography making all of them available for the first time in English. The resulting volume will recover Châtelet's place in the pantheon of French letters and culture.

Enrico; or, Byzantium Conquered Lucrezia Marinella, 2009-09-15 Lucrezia Marinella 1571-1653 is by all accounts a phenomenon in early modernity: a woman who wrote and published in many genres whose fame shone brightly within and outside her native Venice and whose voice is simultaneously original and reflective of her time and culture. In *Enrico or Byzantium Conquered*, one of the most ambitious and rewarding of her numerous narrative works, Marinella demonstrates her skill as an epic poet. Now available for the first time in English translation, Enrico retells the story of the conquest of Byzantium in the Fourth Crusade 1202-04. Marinella intersperses historical events in her account of the invasion with numerous invented episodes drawing on the rich imaginative legacy of the chivalric romance. Fast-moving, colorful, and narrated with the zest that characterizes Marinella's other works, this poem is a great example of a woman engaging critically with a quintessentially masculine form and subject matter, writing in a genre in which the work of women poets was typically shunned.

Literary Culture in Early Modern England, 1630-1700 Ingo Berensmeyer, 2020-06-22 This book explores literary culture in England between 1630 and 1700, focusing on connections between material, epistemic, and political conditions of literary writing and reading. In a number of case studies and close readings, it presents the seventeenth century as a period of change that saw a fundamental shift towards a new cultural configuration: neoclassicism. This shift affected a wide array of social practices and institutions, from poetry to politics and from epistemology to civility.
