

THE ROVER STORY

A CENTURY OF SUCCESS

The prototypes that might have been, the strange turbine cars never before seen in public, the men who directed Rover's fortunes, the traumas of multi-million pound decisions and above all the company's impressive record of car production — Graham Robson describes all this, and much more, in 'The Rover Story'. It is a deeply probing, truthful, and mostly affectionate look at one of the greatest names in the British motor industry.

Pirates and Mutineers of the Nineteenth Century Grace Moore, 2016-12-05 The first volume devoted to literary pirates in the nineteenth century this collection examines changes in the representation of the pirate from the beginning of the nineteenth century through the late Victorian period Gone were the dangerous ruffians of the eighteenth century novel and in their place emerged a set of brooding and lovable rogues as exemplified by Byron's Corsair As the contributors engage with acts of piracy by men and women in the literary marketplace as well as on the high seas they show that both forms were foundational in the promotion and execution of Britain's imperial ambitions Linking the pirate's development as a literary figure with the history of piracy and the making of the modern state tells us much about race class and evolving gender relationships While individual chapters examine key texts like *Treasure Island* Dickens's 1857 mutiny story in *Household Words* and *Peter Pan* the collection as a whole interrogates the growth of pirate myths and folklore throughout the nineteenth century and the depiction of their nautical heirs in contemporary literature and culture **Popular Plays by Women in the Restoration and Eighteenth Century** Tanya M. Caldwell, 2011-06-30 This anthology offers a selection of

popular dramatic works by female playwrights from Aphra Behn in the 1670s through Hannah Cowley in the later eighteenth century. These plays were successful as plays of their time, not just as plays by women, together providing evidence that women dramatists often managed better than their male counterparts to please diverse audiences who were notoriously fickle as well as predisposed to oppose them. Accessible to both graduates and undergraduates, *Popular Plays by Women* shows how these playwrights captured audiences through wit, social awareness, and dramatic dexterity. As well as including the prologues and epilogues of the four plays presented, this anthology provides additional materials in which female playwrights discuss the prejudices and special difficulties they face. *Aphra Behn's Afterlife* Jane Spencer, Senior Lecturer in English Literature, 2000. Aphra Behn is significant as an early example of a successful professional woman writer. This analysis of her influence on literature argues the need for a feminist revision of the writer who had literary sons as well as daughters. A Tactical Guide to Science Journalism Deborah Blum, Ashley Smart, Tom Zeller Jr., 2022. *A Tactical Guide to Science Journalism* brings together award-winning journalists from around the world to share fascinating tales of science and how it works and to provide guidance into reporting specialties like infectious disease, climate change, astronomy, public health, physics, and statistics. Drawing insights from writers based at publications including *The New York Times*, the BBC, *The Washington Post*, *Science*, *The New Yorker*, *National Geographic*, and more, this guide is designed to help journalists everywhere improve their craft and serve as a valuable resource for those seeking to understand the profession at its best.
