

DANIELA DIMITROVA (ED.). GLOBAL JOURNALISM: UNDERSTANDING WORLD MEDIA SYSTEMS. ROWMAN & LITTLEFIELD PUBLISHERS, PP 258. ISBN: 1538146851.

Many researchers, especially in the Western world, hold that media and thus journalism is in severe crisis, and the profession is threatened by several internal and external phenomena such as the change of the media environment, digitalization, the emergence of social media, political pressure and commercialization. However, if one looks at this claim a bit closer, it might turn out that these statements and the corresponding worries are mostly coming from the Western countries, and typically reflect the values and belief systems of these regions. Therefore, when researchers analyze the field of journalism and media from a one-sided and less flexible Western perspective, the outcomes and conclusions might fail to understand the unique nature of media systems and media cultures that differ not only from region to region, but also from country to country. Without understanding the given region's cultural, historical, economic, political, and societal particularities, our chances to examine complex communicational systems authentically remain close to zero.

In the edited volume entitled *Global Journalism: Understanding World Media Systems* Daniela Dimitrova and her colleagues offer new ways of approaching media systems by taking both the local context and technological changes into account. The editor indicates in the preface that the book's purpose is not to approach world media systems and global journalism with a normative lens:

A basic premise in this book is that there is no ideal media system. While it may be easy to see the media in dichotomous terms—free versus censored, open versus closed, one-sided versus diverse, or objective versus subjective, the book cautions against simple generalizations. (p.14)

Since publications in the field of communication and media research come mostly from the perspective of Western researchers, to avoid ethnocentrism, Dimitrova invited twenty-two authors from twelve countries to offer a geographically more diverse outlook.

The book is structured in three parts. Part one focuses on the key concepts, in which authors address basic concepts in global journalism such as news flows,

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
