government's largesse A concise history of Colorado's constitution and central political institutions Colorado Politics and Policy offers a probing analysis of the state's political cultures It shows how the state in many ways a template of the deeply contrary politics of the nation puts political power into the hands of an ever more polarized electorate increasingly inclined to put the concerns of government to the test of the citizen initiative Colorado Politics and Policy is the result of broad gauged and sophisticated research which includes author interviews with citizens and officials across the state three specially commissioned statewide public opinion surveys and extensive interviews with governors legislators judges lobbyists interest group leaders and leading political analysts This fresh and engaging interpretation is essential reading for those who want to understand Colorado's major election trends chief public policy and budget challenges and this distinctively purple state's unique political history *The Writers Directory*, 2013 **The Colorado Mathematical Olympiad and Further**
