## **Royal Impostor King Sverre Of Norway:**

A Royal Impostor, King Sverre of Norway Earl G. M. of Cranbrook, 1956      **A Royal Impostor, King Sverre of Norway**  
, 1956      **A Royal Impostor** Geoffrey Malcolm Gathorne-Hardy, 1956      **Ideology and Power in Norway and Iceland, 1150-1250** Costel Coroban, 2018-06-11 This book provides an analysis of the ideology of power in Norway and Iceland as reflected in sources written during the period 1150-1250. The main focus is explaining the way that Kings' power in Norway and that of chieftains in Iceland was idealised in important texts from the 12th and 13th centuries: *Sverris saga*, *Konungs skuggsjá*, *Hkonar saga*, *Hkonarsonar slendingabók*, *Egils saga*, *Laxdæla saga* and *Íslendinga saga*. The originality of this work consists in the fact that it is the first monograph to comparatively analyse the ideology of power in Iceland looking specifically at representations of kings and chieftains during the Civil Wars period and compare the findings to those pertaining to Norway.

**All the King's Women: Polygyny and Politics in Europe, 900-1250** Jan Rüdiger, 2020-09-25 Polygyny in Europe. The grand narrative of Western history is the development of monogamous marriage culminating in the central Middle Ages. Other kinds of relationships have often perhaps too lightly been dismissed as just lust. In this book Jan Rüdiger investigates the plurality of man-woman relationships in medieval Scandinavia and analyses the social and political uses of elite polygyny. By way of comparison the findings from the North are then applied to England, France and the Iberian Peninsula in order to propose a new overall image of elite polygyny including marriage in the medieval West. See inside the book.

**Key Figures in Medieval Europe** Richard K. Emmerson, 2013-10-18 From emperors and queens to artists and world travelers from popes and scholars to saints and heretics *Key Figures in Medieval Europe* brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Gathered from the biographical entries from the ongoing series *The Routledge Encyclopedias of the Middle Ages* these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics, religion or the arts. Individuals from places such as medieval England, France, Germany, Iberia, Italy and Scandinavia are included as well as those from the Jewish and Islamic worlds. A thematic outline is included that lists people not only by categories but also by regions. For a full list of entries, contributors and more visit the *Routledge Encyclopedias of the Middle Ages* website.

corresponding interest in its background its origins social and historical context and relationship to other medieval literatures Until the 1980s however there was a distinct lack of scholarship in English that synthesized the critical trends and thinking in the field so in 1985 Carol J Clover and John Lindow brought together several of the most distinguished Old Norse scholars to contribute essays for a collection that would finally provide a comprehensive guide to the major genres of Old Norse Icelandic literature The contributors summarize and comment on scholarly work in the major branches of the field eddic and skaldic poetry family and kings sagas courtly writing and mythology Their essays each with a full bibliography make up this vital survey of Old Norse literature in English a basic reference work that has stimulated much research and helped to open up the field to a wider academic readership This volume has become an essential text for instructors and now twenty years after its first appearance it is being republished as part of the Medieval Academy Reprints for Teaching MART series with a new preface that discusses more recent contributions to the field *Old Norse-Icelandic Literature* Carol J. Clover, John Lindow, 2019-06-30 The current revival of interest in the rich and varied literature of early Scandinavia has prompted a corresponding interest in its background its origins social and historical context and relationship to other medieval literatures Even readers with a knowledge of Old Norse and Icelandic have found these subjects difficult to pursue however for up to date reference works in any language are few and none exist in English To fill the gap six distinguished scholars have contributed ambitious new essays to this volume The contributors summarize and comment on scholarly work in the major branches of the field Eddic and skaldic poetry family and kings sagas courtly writing and mythology Taken together their judicious and attractively written essays each with a full bibliography make up the first book length survey of Old Norse literature in English and a basic reference work that will stimulate research in these areas and help to open up the field to a wider academic readership

**Norway in English; Books on Norway and by Norwegians in English, 1936-1959** Erling Grönland, 1961 Constant Crisis Hans Jacob Orning, 2025-05-15 Constant Crisis focuses on the culmination of struggles in the medieval Norwegian kingdom to examine whether these conflicts underscored a breakdown of society and polity or whether they created an equilibrium among factions that in fact served to contain violence Applying the term constant crisis for its deliberate dissonance Hans Jacob Orning observes that two properties were manifest in Norwegian political and social structures of the twelfth and thirteenth centuries a systemic balance achieved in an environment of endemic power struggles and a normalization of these conflicts that made it possible to maneuver and make plans and strategies The kings sagas Sverris saga and B glunga s gur are virtually indispensable sources of information on this period of Norwegian history and Orning relies extensively on them as well as on other medieval sources to depict this era and its protagonists including the major rival armed groups the Birchlegs and the Croziers and among kings bishops and earls the person of King Sverre himself
