Canada An Illustrated History of Canadian Aviation **Brace for Impact** Peter Pigott, 2016-06-18 So many planes seem to fall from the sky or disappear completely But are accidents really so common and why do they happen in the first place *Brace for Impact* traces the evolution of accident investigation and explains why flying is the safest form of travel *The Dundurn Group* The Dundurn Group, *Sailing Seven Seas* Peter Pigott, 2010-11-18 Under Canadian Pacific's red and white checkered flag the company's founders George Stephen and William C Van Horne created a rail sea service from Liverpool to Hong Kong Boasting sternwheelers Great Lakes bulk carriers ferries and luxurious ocean going liner leviathans the Canadian Pacific shipping line sailed around the globe In both world wars the entire fleet served gallantly as Allied troop carriers After the Second World War the company staved off the realities of the jet age for as long as it could replacing liners with container ships until what was left of the legendary maritime operation was sold off in 2005 With a witty and informative style author Peter Pigott evokes not only the nostalgic heyday of ocean travel but reveals a slice of almost forgotten Canadiana From the stifling steerage quarters of immigrant ships to the elegant drawing rooms of nautical titans such as the ill fated Empress of Ireland and the Empress of Asia from U boat haunted convoys to container ships shore dwellers and old salts alike will be delighted with *Sailing Seven Seas* **Wealth of an Empire** Robert Switky, 2013-09-30 *Wealth of an Empire* tells the dramatic true story of a top secret mission that changed the course of World War II Great Britain's shipment of virtually its entire treasury across the treacherous waters of the North Atlantic to safety in the United States and Canada Had the Germans captured or sunk the treasure laden ships the war could have been lost more than eighteen months before the Japanese attack on Pearl Harbor The British government authorized this immensely risky and long running operation not only because of the obvious danger that Germany's rising militancy posed but also because of the isolationist sentiment that permeated both American society and Congress America's refusal to sell arms and other goods without payment up front left Britain little choice but to mount this daring operation Only a few banking political and military leaders were responsible for the complicated logistical and security procedures that were designed to safeguard the transfer of both gold and financial securities to North America Although the special shipments were initially of relatively modest value the strategic imperative changed dramatically when Germany threatened to invade Britain in the summer of 1940 Fearing that Britain's wealth might fall into German hands in an audacious yet visionary decision newly installed prime minister Winston Churchill authorized the evacuation of nearly all of Britain's liquid assets *Wealth of an Empire* uses previously unused and unavailable original documents including those from the British National Archives the Bank of England's archives the Imperial War Museum and the Bank of Canada's archives to shed new light on this underexplored aspect of Britain's wartime history **Dundurn Spring/Summer 2006 Cat** Dundurn Press Limited, 2006-01-01 **Canada** , *The Dundurn Group* Bernd Horn, *Making Histories in Transport Museums* Colin Divall, Andrew Scott, 2001-11-01 This book is the first in 30 years to take transport museums seriously as vehicles for the making of public histories Drawing upon many years experience of visiting

and working in transport museums around the world the authors argue that the sector's historical roots are more complex than is usually thought. Written from a multidisciplinary perspective but firmly rooted in the practice of making public histories this book brings the study of transport museums firmly into the mainstream of academic and professional debate.

Luxury Railway Travel Martyn Pring, 2019-10-30 Reads like an extravagant time travel through Britain's opulence era where train travel was just as stylish and fanciful as the elite class themselves. Manhattan with a Twist Martyn Pring has carried out considerable research tracing the evolution of British luxury train travel weaving railway social and travel history threads around a number of Britain's mainline routes traditionally associated with glamorous trains. Drawing on contemporary coverage he chronicles the luxury products and services shaped by railway companies and hospitality businesses for Britain's burgeoning upper and middle classes and wealthy overseas visitors particularly Americans who demanded more civilized and comfortable rail travel. By Edwardian times a pleasure palace industry emerged as entrepreneurs hotel proprietors local authorities and railway companies all collaborated developing upscale destinations building civic amenities creating sightseeing and leisure pursuits and in place making initiatives to attract prosperous patrons. Luxury named trains delivered sophisticated and fashionable settings encouraging a golden age of civilized business and leisure travel. Harkening back to the inter war years modern luxury train operators now redefine and capture the allure and excitement of dining and train travel experiences. Martyn's extraordinarily beautiful book is more than a collection of classic railway posters it describes a way of life that's now lost in the mists of the twentieth century. As a piece of social history this book is faultless and a precious reminder of luxury and class distinction a fabulous book. Exceptional Books Monthly. A comprehensive account of luxury hotel trains dining trains and the presentations of heritage railways brings the story to its unexpected conclusion this is a lively take on a neglected topic.
