## Royal Sex Events:

**Royal Events** Jennifer Laing, Warwick Frost, 2017-12-12 Royal events such as coronations and jubilees encompass a wide spectrum of planned events involving monarchs and their families that are strategically designed to reinforce the role of royalty within social and political structures Royal events may have a long heritage but often involve traditions that are invented revived or undergoing major innovations in response to changing times or to meet different purposes The change from absolutism towards constitutional monarchies has seen a shift towards using royal events to promote national identity community and inclusiveness While the function and meaning of royal ritual and ceremony is a product of its particular political economic and cultural context conversely royal events are often an influence on the broader milieu This book is the first to explore royal events within the context of Events Studies and takes an historical approach examining the development of royal events through different periods It starts with four broad pre modern eras namely Classical Byzantine the Dark Ages and the Medieval Period then moves through to the early modern dynasties such as the Tudors Stuarts Georgians and Bourbons and on to contemporary times incorporating the Victorian and Edwardian eras and the current reign of Elizabeth II including the legacy of Diana and an analysis of current issues affecting royal events Themes emphasised throughout include the institutional dynamism of royalty the invention of tradition the ritual structure of events the impact of the media and the influence of individual tastemakers This multidisciplinary work will appeal to postgraduate students and academics from a wide variety of disciplines including cultural studies history tourism events and sociology

Gender-Reveal Parties as Mediated Events Carly Gieseler, 2019-11-22 A decade ago it was difficult to imagine parents to be jumping from planes or dyeing their hair to publicly declare the sex of their unborn children Yet gender reveal parties have rapidly grown in popularity saturating the public imagination surrounding pregnancy and parenthood As a highly visible trend gender reveals correlate with our increased digital capacity for sharing competitive consumerism ritualized communitas and social media currency At the roots of this trend there may be motivations to reassert binary identities against a climate of acceptance and progression surrounding gender fluidity To analyze the divisive discourse surrounding this phenomenon this book explores issues including technologies of reproduction and media community and competition visibility and signifying the unborn consumerist imperatives and those uninvited from this trend In the process of selecting costumes of gender before birth Gieseler argues parents to be appropriate the unborn body as a contested discursive site

Sport, Gender and Mega-Events Katherine Dashper, 2021-11-29 This volume unpicks mega events as gendered entities and showcases how they both position athletes in relation to one of two binary sex positions and also push the boundaries of what we see and accept as a recognisably gendered male or female body

*Sex Scandal* Ashley McGuire, 2017-02-13 Men and women used to cheer vive la difference But now contrary to all science and common sense we're supposed to believe that there is no difference And if you insist there is you just might be accused of a hate crime Our culture and our laws are endorsing a worldview rooted in

craziness For instance we re told that Boys who think they re girls and who could change their minds tomorrow should be allowed to participate in girls sports and shower in their locker rooms Expectant mothers are now birthing individuals Coed college dorm rooms and bathrooms are great but single sex clubs are a campus danger It s horrible for stores to have separate boys and girls clothing departments let alone toy sections It would be a great idea for our military to lower physical standards and push young women and mothers into combat roles in the military If you think that s insanity you re not alone but you might be surprised at just how widespread and successful this lunatic campaign has become In her compelling new book *Sex Scandal* journalist Ashley McGuire takes this radical campaign to task and reveals How so called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged Why especially if you have kids it s almost impossible to avoid the dangerous consequences of a gender neutral world How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money How gender neutrality is making women more vulnerable to violence How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will *Sex Scandal The Drive to Abolish Male and Female* is packed with news breaking interviews shocking examples and inconvenient facts that everyone needs to read and act on *Queer Carnival* Amy L.

Stone,2022-04-12 As LGBTQ people gain more legal rights it s important to think of more complex ways of being included in society From the Mardi Gras celebrations in the Deep South to the Mummers Parade in Philadelphia to the Portland Rose Festival communities across the United States gather together to celebrate participate in parades encourage tourism cultivate local traditions and craft a sense of place I am interested in large public festivals like Fiesta San Antonio that are intended to include everyone in the city because these festivals are supposed to be a time when the city comes together as one to appreciate the diverse contributions of people within the city During festivals whose culture gets included and valued which events are allowed and how different communities are represented become socially significant and fraught questions Festival participation can be a rich site for LGBTQ participants to be valued for their cultural differences and find a sense of belonging in the city Royalty in the New World Kinahan Cornwallis,1860 An account of the 1860 tour of H R H the Prince of Wales The Annual Register of World Events Edmund Burke,1926 **Local Collections; Or, Records of Remarkable Events, Connected with the Borough of Gateshead** ,1842 Down With the Royals Joan Smith,2015-03-24 When Prince George was just eight weeks old the Evening Standard declared him to be the most influential person in London He couldn t even walk let alone talk Yet one day he could become head of state whether we like it or not Joan Smith argues that it has become nearly impossible to question the existence of the monarchy Articulate republicans are drowned out while the supercharged PR and media machines ask only who designed Kate s dresses Smith topples the arguments for having a

monarchy one by one The royals don't provide a boost for tourism and their deliberately opaque accounting conceals the truth about the huge burden they place on the public purse And she exposes darker truths These symbols of so called impartiality have hidden power and influence Not only does Charles regularly lobby government ministers but far from the sycophantic reporting of Kate's baby bump the royals have dined with despots with blood on their hands Are these people really fit to be the public face of a modern country Ultimately Smith declares that the monarchy undemocratic unaccountable and shockingly expensive has no place in modern Britain *Family Events* Thomas Fletcher, 2022-05-18 An unprecedented exploration of the intersection of events and family studies *Family Events* uses events as a lens through which to explore the concepts of families family practices family displays and family intimacies *Family Events* explores the idea that how families come to be and moreover come to be defined as families relies on events whether that be via family events those which serve to celebrate being part of my family e.g. birthdays weddings funerals events experienced as a family e.g. a holiday or day trip or events which impact families e.g. recession war global health emergency *Family Events* brings together contributions from the social sciences leisure and event studies which focus on a variety of different event contexts including the life cycle death and illness sport holidays and community and religious festivals *Family Events* offers a multitude of insightful perspectives on the intersection of events and family studies and is a valuable resource for academics and students with a research interest in events leisure and the family **Great Events from History: 1972-1998** Carl Leon Bankston, 2009 The latest edition in the overwhelmingly popular *Great Events from History* series *Modern Scandals* examines over 400 of the most important and most publicized scandals throughout the world since the beginning of the twentieth century The essays in this set are 3-5 pages long and follow the same reader friendly format that users have come to expect from the *Great Events from History* series **Her Majesty** Robert Hardman, 2021-11-15 The hotly anticipated American edition of Robert Hardman's biography of Queen Elizabeth formerly *Our Queen* in the U.K. An intimate portrait of England's soon to be longest reigning queen in celebration of her diamond jubilee and the first ever book interview with her grandson Prince William History has known no monarch like her She has traveled farther than all her predecessors put together and lived longer than any of them She has known more historic figures than anyone alive from Churchill to Mandela de Gaulle to Obama Now the distinguished royal writer Robert Hardman has been granted special access to the world of Queen Elizabeth II to produce this enthralling new portrait of one of the most popular public figures on earth Not only has Elizabeth II reigned through Britain's transformation from an imperial power to a multi cultural nation but she has also steered the monarchy through more reforms in the last twenty five years than in the previous century Queen Elizabeth II sits at the head of an ancient institution that remains simultaneously popular regal inclusive and relevant in a twenty first century world It is down to neither luck nor longevity it is down to the shrewd judgment of a thoroughly modern monarchy with no small assistance from the longest serving consort in history Here is the inside story *Bills, Public* Great Britain. House of Commons,1910      The Annual Register ,1844      **The Englishwoman's Review of Social and Industrial Questions** ,1873      **After Elizabeth** Ed Owens,2023-09-14 The British monarchy has been through turbulent times of late Rocked by scandal and strife and without it seems a clear plan for the future following the death of Queen Elizabeth II we have been left wondering what happens next Nothing seems certain Will the monarchy survive with its continuing echoes of an Imperial past Will young people disenchanted with the political status quo find the ritual and practice of the monarchy quite so mesmerising as previous generations have done What might a republican Britain look like Ed Owens argues that the monarchy must embrace reform and transform itself radically No more private jets while preaching about the importance of the environment no more secrecy obscuring royal influence in high places and no more hangers on enjoying grace and favour homes A major slimming down is essential And it s time the family archives were opened All these issues will have a direct effect on the common good of the nation as it tries to reinvent itself as a modern working democracy and endeavours to equip itself for the coming decades Ed Owens situates this critical moment of royal transition in its historical context in order to set out a vision for monarchy that is future proof but which would also see the crown play an integral role in the evolution of 21st century Britain      Mark Lane Express ,1917      **Queer in Europe** Robert Gillett,2016-04-15 Queer in Europe takes stock of the intellectual and social status and treatment of queer in the New Europe of the twenty first century addressing the ways in which the Anglo American term and concept queer is adapted in different national contexts where it takes on subtly different overtones determined by local political specificities and intellectual traditions Bringing together contributions by carefully chosen experts this book explores key aspects of queer in a range of European national contexts namely Belgium Cyprus England France Germany Hungary Ireland Italy The Nordic Region The Netherlands Poland Russia and Spain Rather than prescribing a universalizing definition the book engages with a wide spectrum of what is meant by queer as each chapter negotiates the contested border between direct queer activist action based on identity categories and more plural queer strategies that call these categories into question The first volume in English devoted to the exploration of queer in Europe this book makes an important intervention in contemporary queer studies
