## **Rubens A Portrait:**

Rubens Paul Oppenheimer,2002 In this revelatory biography Paul Oppenheimer asserts that Flemish painter Peter Paul Rubens impact and view of beauty resonate today and that his groundbreaking techniques actually foreshadowed 20th century cinema and Einsteinian physics      **Rubens in Private** Nils Büttner,Rubenshuis (Antwerp, Belgium),2015 Michelangelo regarded portraiture as a trivial genre and Peter Paul Rubens did not instantly develop a preference for it either Yet Rubens succeeded as none other in endowing his portraits with an almost palpable sense of immediacy and was to become one of the greatest portraitists of all time His most beautiful and surprising portraits are those of his immediate family These intimate pictures were not intended for public display and are therefore considerably freer and more experimental than the likenesses he painted of influential patrons Nothing about these private images seems idealized They are uncommonly honest and veracious and at the same time expressive of great tenderness While the hundreds of letters he wrote reveal very little about his emotional life Rubens s portraits of family members testify in a special way to the affection he felt for his first and second wives his brother and his children      **Rubens Drawings** Peter Paul Rubens,2014-03-05 A generous selection of Rubens best drawings chiefly portraits and religious and mythical scenes that fully reveal his supreme artistic gifts Publisher s note      **Corpus Rubenianum Ludwig Burchard** Peter Paul Rubens,1968      Rubens Joost vander Auwera,2007 Over the past four years the Royal Fine Arts Museums of Belgium have undertaken a huge research      **Delphi Complete Works of Peter Paul Rubens (Illustrated)** Sir Peter Paul Rubens,2015-05-26 Few artists achieve in their lives the wealth and fame of Sir Peter Paul Rubens whose beautiful Baroque works were celebrated for their emphasised movement colour and sensuality Delphi s Masters of Art Series presents the world s first digital e Art books allowing digital readers to explore the works of great artists in comprehensive detail This volume presents Rubens complete works in beautiful detail with concise introductions hundreds of high quality images and the usual Delphi bonus material Version 1 The complete paintings of Sir Peter Paul Rubens over 300 paintings fully indexed and arranged in chronological and alphabetical order Includes reproductions of rare works Features a special Highlights section with concise introductions to the masterpieces giving valuable contextual information Enlarged Detail images allowing you to explore Rubens works in detail as featured in traditional art books Hundreds of images in stunning colour highly recommended for viewing on tablets and smart phones or as a valuable reference tool on more conventional eReaders Special chronological and alphabetical contents tables for the complete paintings Easily locate the paintings you want to view Includes Rubens drawings spend hours exploring the artist s works Features three bonus biographies discover Rubens artistic and personal life Scholarly ordering of plates into chronological order Please visit [www.delphiclassics.com](http://www.delphiclassics.com) to browse through our range of exciting e Art books CONTENTS The Highlights ADAM AND EVE THE JUDGEMENT OF PARIS THE MADONNA DI VALLICELLA ST GREGORY THE GREAT AND SAINTS SAMSON AND DELIAH RUBENS AND ISABELLA BRUNT UNDER A HONEYSUCKLE

*The Family Portraits of Peter Paul Rubens* Olivia Nicole Guyodo, 2017 This thesis is concerned with the family portraits of the highly celebrated Flemish painter Peter Paul Rubens 1577 1640 Despite having received a great deal of fame for his highly dramatic history paintings and magnificent altarpieces his career as a portrait painter has yet to be given the adequate attention it deserves Within the genre of portraiture Rubens oeuvre is made up of a large number of works exceeding well over forty that depict those nearest and dearest to the artist Throughout history these particular works have gone relatively unnoticed Whilst many of Rubens family portraits are mentioned briefly in monographs dedicated to the artist it was not until 2015 following the exhibition Rubens in Private that these works finally received the attention they rightfully deserve The focus of the exhibition was to place a great deal of emphasis on Rubens as a dedicated family man a role he had yet to be recognised in Bringing together and displaying many of the master s portraits of his loved ones the exhibition achieved in celebrating Rubens for the very first time as not only a talented portraitist but also as that of a man deeply moved by his family and friends Although Rubens role as that of a dedicated husband and father will receive a great deal of attention within this study it is not however the main premise of my argument Rather the emphasis of this thesis is on how the artist s family portraits transformed between the years 1609 and 1640 In particular it is the way in which Rubens represented his two wives Isabella Brant 1591 1626 and Helena Fourment 1614 1673 and children which will be the primary concern of this study Without a doubt the context in which these works were executed in is essential and necessary in order to obtaining a greater understanding as to why they appear the way they do Thus much of this thesis is concerned with analyzing the paintings in terms of their size over all composition style colour as well as the themes Rubens displayed within each work This thesis aims to both acknowledge and celebrate the family portraits of the master as they are a group of extraordinary works that have been in my opinion received a relatively limited amount of attention throughout history In doing so I aim to shed a great deal of light on just how complex and not so traditional these works are Furthermore there will be a great deal of interest in how the context of the artists life not only affected his family portraits in terms of style and theme but also how they reflected the life of Rubens himself over the course of both of his marriages till his death **Flemish Art and Architecture, 1585-1700** Hans Vlieghe, 1998-01-01 02 This beautifully illustrated book provides a complete overview of the art of the Southern Netherlands from 1585 to 1700 The author examines the development of Flemish and specifically Antwerp painting the work of Rubens and other leading masters and the Antwerp tradition of specialization among painters as well as the sculpture and architecture of this period A major moment of artistic culture has been magisterially sketched by one of its leading authorities Larry Silver The Art Book Consistently rewarding a book that is going to transform how Flemish
