Summary of Dave Rubin's Don't Burn This Book Milkyway Media,2022-04-27 Buy now to get the main key ideas from Dave Rubin's Don't Burn This Book. Has the contemporary left abandoned the true values of liberalism? In Don't Burn This Book 2020 Dave Rubin examines the state of the political left in today's world and finds that it suffers from mob mentality and threatens our freedoms. Rubin offers a guide to a classical liberal approach to politics and life based on his experiences and views of the world. Simultaneously he deconstructs the left and its regressive ideologies built on empty outrage and baseless self-victimization. Summary of Dave Rubin's Don't Burn This Book Everest Media,2022-05-27T22:59:00Z Please note This is a companion version not the original book. Sample Book Insights 1 The left has completely lost its mind. It is now authoritarian and puritanical and it has replaced the battle of ideas with a battle of feelings. It has replaced honesty with outrage. 2 I was a closeted gay man for twenty-five years and it nearly broke me. I developed a habit of downing bottles of cheap red wine alone in my apartment. One day in September 2001 I hallucinated and thought the buildings on both sides of the street were shaking. I knew I had to get a grip on reality. 3 The closet is a dangerous place where you are only able to think about yourself. It is a place of solitude, darkness, and silence. It is a danger zone for your happiness, your relationships, and ultimately your identity. 4 This book is your guide to political authenticity. You'll learn how to stop worrying about whether you're a Nazi, check your facts, and never ever surrender to the mob. The Book in the Jewish World, 1700-1900 Zeev Gries,2007-05-31 Zeev Gries's analysis of what books were being published and where shows the importance of the printed book in disseminating religious and secular ideas, creating a new class of Jewish intellectuals, and making knowledge of the world available to women. This unique perspective on Jewish intellectual history in the eighteenth and nineteenth centuries through the history of book publishing throws light on many of the key Jewish cultural issues of the time. **A History of the Book in America** David Paul Nord, Joan Shelley Rubin, Michael Schudson,2015-12-01 The fifth volume of A History of the Book in America addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period, factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling, the histories of government publishing, law, and policy, the periodical press, literary criticism, and reading in settings such as schools, libraries, book clubs, self-help programs, and collectors' societies, receive imaginative scrutiny as well. The Enduring Book demonstrates that the corporate consolidations of the last half century have left space for the independent publisher that multiplicity continues to define American print culture, and that even in the digital age the book endures.
