Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression      *The Films of Lenny Abrahamson* Barry Monahan,2018-08-23

The Films of Lenny Abrahamson A Filmmaking of Philosophys of provides a comprehensive study of the films of contemporary highly critically appraised Irish director Lenny Abrahamson As well as considering the aesthetics cultural reflections and philosophical concerns in the better known work of this dynamic and profoundly original Irish filmmaker it also looks at his short film 3 Joes and his little seen student film Mendel As the first sustained study of Abrahamson s engaging and cinematically rich work Barry Monahan s book sheds light on the aesthetic wealth of the artist and connects his stylistic innovations to the context of his projects socio cultural background to his own influences in modern cinema going beyond Irish film to reflect upon the works of auteurs such as Bergman Tarkovsky Kubrick and Kaurismäki among others and to a broader reflection on what his canon has to contribute to the philosophy of cinema art and questions about human existence in the 21st century      The Moving Image Peter B. Kaufman,2025-02-25

The definitive guidebook for using video in modern communication Video television film the moving image generally is today s most popular information medium Two thirds of the world s internet traffic is video Americans get their news and information more often from screens and speakers than through any other means The Moving Image is the first authoritative account of how we have arrived here together with the first definitive manual to help writers educators and publishers use video more effectively Drawing on decades as an educator publisher and producer MIT s Peter Kaufman presents new tools best practices and community resources for integrating film and sound into media that matters Kaufman describes video s vital role in politics law education and entertainment today only 130 years since the birth of film He explains how best to produce video distribute it clear rights to it cite it and ultimately archive and preserve it With detailed guidance on producing and deploying video and sound for publication finding and using archival video and sound securing rights and permissions developing distribution strategies and addressing questions about citation preservation and storage across the broadest spectrum of platforms publications disciplines and formats The Moving Image equips readers for the medium s continued ascendance in education publishing and knowledge dissemination in the decades to come And modeled in part on Strunk and White s classic *The Elements of Style* it s also a highly enjoyable read      *Comic Medievalism* Louise

D'Arcens,2014 The role of laughter and humour in the postmedieval citation interpretation or recreation of the middle ages has hitherto received little attention a gap in scholarship which this book aims to fill Examining a wide range of comic texts and practices across several centuries from Don Quixote and early Chaucerian modernisation through to Victorian theatre the Monty Python films television and the experience of visiting sites of heritage tourism such as the Jorvik Viking Museum at York it identifies what has been perceived as uniquely funny about the Middle Ages in different times and places and how this has influenced ideas not just about the medieval but also about modernity Tracing the development and permutations of its various registers including satire parody irony camp wit jokes and farce the author offers fresh and amusing insight into comic medievalism as a vehicle for critical commentary on the present as well as the past and shows that for as long as there has been medievalism people have laughed at and with the middle ages Louise D Arcens is Associate Professor in English Literatures at the University of Wollongong

The Eisenstein Universe Ian Christie,Julia Vassilieva,2021-04-22 Over the decades since he was first hailed by critics and filmmakers around the world Sergei Eisenstein has assumed many identities Originally cast as a prophet of revolution and the maestro of montage and later seen as both a victim of and apologist for Stalin s tyranny the scale and impact of Eisenstein s legacy has continued to grow If early research on Eisenstein focused on his directorial work from the legendary Battleship Potemkin and October to the still controversial Ivan the Terrible with time scholars have discovered many other aspects of his multifarious output In recent years multimedia exhibitions access to his vast archive of drawings and publication of his previously censored theoretical writings have cast Eisenstein in a new light Deeply engaged with some of the leading thinkers and artists of his own time Eisenstein remains a focus for many of their successors contested as well as revered Over half a century since his death in 1948 an ambitious treatise that he hoped would be his major legacy Method has finally been published Eisenstein s lifelong search for an underlying unity that would link archaic art with film s modernity individuals with their historic communities and humans as a species with the universe may have more appeal than ever today And among his many thwarted film projects those set in Mexico and what were once the Soviet Central Asian republics reveal complex and still intriguing realms of speculation In this ground breaking collection sixteen international scholars explore Eisenstein s prescient engagement with aesthetics anthropology and psychology his roots in diverse philosophical traditions and his gender politics What emerges has surprising relevance to contemporary media archaeology intermediality cognitive science eco criticism and queer studies as well as confirming Eisenstein s prestige within present day film and audiovisual media

**Reel Spirituality** Robert K. Johnston,2006-12 A comprehensive study of theology and film that explores how the Christian faith is portrayed in film throughout history
