Trolls Alicia Z. Klepeis, 2016-07-15 For centuries the myths of trolls have fascinated and frightened people young and old Originating in the time of the Vikings trolls have been constant figures of mythology since the very first troll story Their lore has evolved and developed over time but their representations especially across Scandinavian culture have lasted to the present day This book explains the history of troll lore throughout the ages examines other troll folktales from around the world and even explores how the troll persists in today's society *Trolls* John Lindow, 2014-04-15 Trolls lurk under bridges waiting to eat children threaten hobbits in Middle Earth and invade the dungeons of Hogwarts Often they are depicted as stupid slow and ugly creatures but they also appear as comforting characters in some children's stories or as plastic dolls with bright fuzzy hair Today the name of this fantastic being from Scandinavia has found a wider reach it is the word for the

homeless in California and slang for the antagonizing and sometimes cruel people on the Internet But how did trolls go from folktales to the World Wide Web To explain why trolls still hold our interest John Lindow goes back to their first appearances in Scandinavian folklore where they were beings in nature living beside a preindustrial society of small scale farming and fishing He explores reports of actual encounters with trolls meetings others found plausible in spite of their better judgment and follows trolls natural transition from folktales to other domains in popular culture Trolls Lindow argues would not continue to appeal to our imaginations today if they had not made the jump to illustrations in Nordic books and Scandinavian literature and drama From the Moomins to Brothers Grimm and Three Billy Goats Gruff to cartoons fantasy novels and social media Lindow considers the panoply of trolls that surround us and their sometimes troubling connotations in the contemporary world Taking readers into Norwegian music and film and even Yahoo Finance chat rooms Trolls is a fun and fascinating book about these strange creatures

In the Footsteps of Trolls Vencus Gillis, 2025-05-03 In the Footsteps of Trolls An Encyclopedic Guide is an invitation to experience the secrets of Scandinavia where truth and fairy tale meet in moss carpeted forests mist shrouded fjords and ancient rocks Here every word spread every researcher's name and every discovered secret is a playful web of the author's imagination woven from ancient myths and folklore This book is not a typical encyclopedia you won't find real facts or academic sources here It is a magical journey for those who are tired of the mundane and want to feel as if they are searching for clues themselves listening to quiet legends and wishing for room for wonder between the lines The author plays with the reader inviting not only to believe but also to doubt is the troll just a metaphor or is it an undiscovered truth of the world Step into this world with curiosity here you will find not so much answers as new questions and perhaps you will rediscover the forgotten flight of imagination In the Footsteps of Trolls is a journey through the mystery breathing northern lands where science meets fairy tale and everyone who closes the last page will carry the troll's trace in their heart for a long time
