*The Celtic Origin of a Great Part of the Greek and Latin Languages*, Thomas Stratton, 1870 *Haunted Europe* Evert Jan Van Leeuwen, Michael Newton, 2019-07-08 Haunted Europe offers the first comprehensive account of the British and Irish fascination with a Gothic vision of continental Europe tracing its effect on British intellectual life from the birth of the Gothic novel to the eve of Brexit and the symbolic recalibration of the UK's relationship to mainland Europe By focusing on the development of the relationship between Britain and Ireland and continental Europe over more than two hundred years this collection marks an important departure from standard literary critical narratives which have tended to focus on a narrow time period and have missed continuities and discontinuities in our ongoing relationship with the mainland **The Sea**

Rae Mitchell, 2013-02 Seventeen year old Fate Floyd loves adventure as long as it's enjoyed from the comfort of her couch So it's probably best she has no idea the future of the universe rests squarely on her shoulders Summoned by a desperate stranger's spell in a last ditch effort to fix a colossal screw up Fate's cast into a secret world bound by the ancient Book of Fables to retrieve a magical object powerful enough to set everything right The only problem is once she's inside this savage

wonderland her only way out is to change the endings of the book's eight dark fables into their mirror opposites. Fortunately, she doesn't have to run this gauntlet alone because she meets the mysteriously familiar Finn who's as inexplicably drawn to her as she is to him. As they endure horrors beyond imagining, Fate awakens to powers she never knew she possessed, and Finn questions his very existence while an insidious darkness changes him in frightening ways. Ultimately, Fate must confront the faceless evil concealing itself behind the eyes of her one true love or remain trapped within the Book of Fables forever.

**The Merman and the Figure-Head** Clara F. Guernsey, 2023-10-25 Clara F. Guernsey's *The Merman and the Figure Head* elegantly weaves together elements of folklore, maritime mythology, and psychological depth, exploring themes of identity and transformation against the backdrop of a captivating coastal landscape. With a lyrical prose style marked by vivid imagery and emotive language, Guernsey immerses readers in a world where the supernatural and the human converge. The novel stands as a significant vignette in contemporary literature, reflecting broader cultural anxieties about the ocean as both a source of wonder and a harbinger of mystery. Clara F. Guernsey, a scholar of marine history and folklore, draws from her extensive research and personal experiences along New England's coast to inform her narrative. Her fascination with tales of sea creatures and the rich tapestry of maritime tradition inspires this narrative. Guernsey's background not only enriches her storytelling but also infuses her characters with authenticity and depth, allowing readers to engage fully with the emotional currents of the narrative. This book is recommended for readers who appreciate layered storytelling that delves into the human psyche while exploring the allure of myth. *The Merman and the Figure Head* is a richly crafted fusion of the fantastical and the introspective, inviting readers on a poignant journey through the depths of desire and the search for self amidst a wave of enchantment.      [Popular Educator](#), 1912      [Primary Education](#), 1912
