Victoria Arana, 2008 The Facts On File Companion to World Poetry 1900 to the Present is a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems *Recite and Refuse* Nick Admussen, 2016-10-31 Chinese prose poetry today is engaged with a series of questions that are fundamental to the modern Chinese language What is prose What is it good for How should it look and sound Millions of Chinese readers encounter prose poetry every year both in the most official of state sponsored magazines and in the unorthodox experimental work of the avant garde *Recite and Refuse* makes the answers to our questions about prose legible by translating surveying and interpreting prose poems and by studying the people politics and contexts that surround the writing of prose poetry Author Nick Admussen argues that unlike most genres Chinese prose poems lack a distinct size or shape Their similarity to other prose is the result of a distinct process in which a prose form is recited with some kind of meaningful difference an imitation that refuses to fully resemble its source This makes prose poetry a protean ever changing group of works channeling the language of science journalism Communist Party politics advertisements and much more The poems look vastly different as products but are made with a similar process Focusing on the composition process allows Admussen to rewrite the standard history of prose poetry finding its origins not in 1918 but in the obedient socialist prose poetry of the 1950s *Recite and Refuse* places the work of state sponsored writers in mutual relationship to prose poems by unorthodox and avant garde poets from cadre writers like Ke Lan and Guo Feng to the border crossing intellectual and poet Liu Zaifu to experimental artists such as Ouyang Jianghe and Xi Chuan The volume features never before seen English translations that range from the representative to the exceptional culminating with Ouyang Jianghe s masterpiece *Hanging Coffin* Reading across the spectrum enables us to see the way that artists interact with each other how they compete and cooperate and how their interactions as well as their creations continuously reinvent both poetry and prose

Popular Culture in Taiwan Marc Moskowitz, 2010-10-18 The growing field of popular culture studies in Taiwan can be divided into two distinct academic trends a different analytical framework is used to examine either locally oriented popular culture or transnational pop culture This volume combine these two academic trends firstly by revealing that localized popular culture in Taiwan is in many ways a merging of Chinese Japanese American and indigenous cultures and therefore is a form of hybridity that arose long before the term became popular Secondly the chapters show that the transnational character of Taiwan s pop culture is one of the more important ways that it distinguishes itself from mainland China In other words it is precisely Taiwan s transnational hybrid character that helps to define it as a distinctive local space The contributors explore how traditional Chinese influences modern localized lives in Taiwan localized identity culture and politics as a contested domain with Chinese and traditional Taiwanese identities and Taiwan s localization process as contesting Taiwan s gravitation towards globalized Western culture Including chapters on baseball poetry pop music puppets and Harry Potter Popular Culture in Taiwan is an accessible and stimulating read for those studying the culture and society of Taiwan and China as well as cultural studies more generally

work he has traced to its furthest reaches to Spain as a young Marxist during the Civil War to San Francisco and New York in the early 1940s to Paris as a surrealist in the postwar years to India and Japan in 1952 and to the East again as his country's ambassador to India from 1962 to 1968 and to various universities in the United States throughout the 1970s A great synthesizer the rich diversity of Paz's thought is shown here in all its astonishing complexity Among the sixty-seven selections in this volume a gathering in English of his most essential poems drawn from nearly fifty years work are Muriel Rukeyser's now classic version of Sun Stone and new translations by editor Weinberger of Blanco and Maithuna And since for Paz forever in motion there can be no such thing as a definitive text all the poems have been revised to conform to the poet's most recent changes in the original Spanish Besides those by Rukeyser and Weinberger the translations in the Selected Poems are by G Aroul Elizabeth Bishop Paul Blackburn Lysander Kemp Denise Levertov Mark Strand Charles Tomlinson William Carlos Williams and Monique Fong Wust
