

International Day of Peace

What does peace mean?

Peace is a word that holds many different meanings. It is a word that can be used in a lot of different ways. The definition of peace is freedom from disturbance, a time of tranquillity when you are not disturbed by anyone or anything. There are also the definitions a state or period in which there is no war, or a war has ended.

The United Nations

In 1945, representatives from 51 countries around the world met in San Francisco in the United States of America (USA) after the Second World War had ended. The world was left in a mess. There was no longer trust between neighbouring countries and there was no longer any peace. The representatives from each of the 51 countries decided that they must do something to establish peace and so a very important document was signed. The document was made up of four very important agreements. The agreements were:

- To establish international peace and security
- To develop friendly relations among nations based on respect for equal rights
- To achieve international co-operation in solving international problems
- To be a centre for harmonising the action of nations in the promotion of these goals

Peace

There are two different meanings for the word 'peace'.

One for all
a symbol of
co-existence

The Responsibility

Resolving issues is our responsibility as one of the ways that we can help to spread peace around the world. Resolving issues may look different to some and we do these in many different ways. Some of these are:

- to talk
- find common causes of issues with those who are different to us
- listen to people's opinions. There will always be a right answer but working together for the common good helps to spread freedom and peace.

to celebrate the International Day of Peace?

You can help us, giving a personal's day, or writing a message to normally play. The amazing freedom that there is in the world. Thanks.

if you could you spread
it to your school?
