Although it would appear in studies of late antique ecclesiastical authority and power that scholars have covered everything an important aspect of the urban bishop has long been neglected his role as demonologist and exorcist When the emperor Constantine made Christianity the official religion of the realm bishops and priests everywhere struggled to Christianize the urban spaces still dominated by Greco Roman monuments and festivals During this period of upheaval when congregants seemingly attended everything but their own orthodox church many ecclesiastical leaders began simultaneously to promote aggressive and insidious depictions of the demonic In *City of Demons* Dayna S Kalleres investigates this developing discourse and the church sponsored rituals that went along with it showing how shifting ecclesiastical demonologies and evolving practices of exorcism profoundly shaped Christian life in the fourth century **Jesus** Rose Publishing, 2009 A compilation of

There is no other book like it on the market. It's an easy read yet thorough. It's written to appeal to anyone looking for answers about Christianity whether they go to church on a regular basis or never attend church. The author's mission is to help people who don't embrace Christianity to better understand why they might have made that decision and feel okay about it. For those who embrace the faith, it provides insight into how Christians can learn from the past and be a better force for good in the future. Investigating the Resurrection of Jesus Christ Andrew Loke, 2020-04-30 This book provides an original and comprehensive assessment of the hypotheses concerning the origin of resurrection Christology. It fills a gap in the literature by addressing these issues using a transdisciplinary approach involving historical critical study of the New Testament, theology, analytic philosophy, psychology, and comparative religion. Using a novel analytic framework, this book demonstrates that a logically exhaustive list of hypotheses concerning the claims of Jesus post mortem appearances and the outcome of Jesus' body can be formulated. It addresses these hypotheses in detail, including sophisticated combinations of hallucination hypothesis with cognitive dissonance, memory distortion, and confirmation bias. Addressing writings from both within and outside of Christianity, it also demonstrates how a comparative religion approach might further illuminate the origins of Christianity. This is a thorough study of arguably the key event in the formation of the Christian faith. As such, it will be of keen interest to theologians, New Testament scholars, philosophers, and scholars of religious studies.

The Gospel of John Judith Schubert, 2016-08-23 The Gospel of John Question by Question provides useful material and a format that will enhance both introductory courses in the Gospel of John and adult study groups. Other publications on the topic offer comments on every chapter of the Gospel or topical explanations of the Gospel's subject matter. This book combines these two practices often in that it provides brief commentary on biblical texts and periodically provides background on a topic relative to the Gospel. The book consists of twenty chapters. Each chapter includes an Introduction of pertinent information that will be helpful before reading the biblical text. One of the main features of the book surfaces in the Questions that appear in each chapter, which help clarify the meaning and message of the text and its context. These questions intend to clarify the issues of each chapter by raising an inquiry into an unclear issue. Answers appear in the second section of the book so as to provide the opportunity for the reader to discover the answer before turning to responses that have been provided for each question. At the end of the Questions in each chapter, a Conclusion will summarize the chapter and advance the reader to the next chapter.

Keeping Alive the Rumor of God Martin Camroux, 2020-08-21 Can t you hear those little bells tinkling Down on your knees They re bringing the sacraments to a dying God wrote Heinrich Heine in 1834 It took a while but today it is happening Across the Western world the traditional picture of God is dying and institutional religion collapsing Today we are trying something never done before living with no agreed narrative that tells us who we are and with a materialist view of life It isn t enough An idea of God may have died but the mystery of our human life is of an inner depth which is not simply physical or material Marvel mystery wonder beauty love the numinous the mysterium tremendum remain the essence of who we are What I am trying to do is describe this experience in such a way that those who have not had it can get a glimpse of it from inside and understand how it can give a life meaning and purpose This is explored through a liberal Christian tradition committed to social justice and honest exploration Scripture is vital to this but so are art poetry music and beauty When most people are looking the other way we must keep the rumor of God alive
