Season Of The Jew A Novel:

Ancient Jewish Novels, 2002-10-03 This volume brings together for the first time all of the ancient Jewish novels and fragments of novels Written at about the same time as the Dead Sea Scrolls and the New Testament but before the period of Rabbinic Judaism these texts reveal the ambiguities and conflicts encountered by Jews in this period Trauma, Memory and Identity in Five Jewish Novels from the Southern Cone Debora Cordeiro Rosa, 2012-04-19 The Jewish presence in Latin America is a recent chapter in Jewish history that has produced a remarkable body of literature that gives voice to the fascinating experience of Jews in Latin American lands This book explores the complexity of Jewish identity in Latin America through the fictional Jewish characters of five novels written by Jewish authors from the Southern Cone Argentina Brazil Chile Paraguay and Uruguay It examines how trauma and memory have profound effects on shaping the identity of these Jewish characters who have to forge a new identity as they begin to interact with the Latin American societies of their newly adopted homes The first three novels present stories narrated by the first generation of immigrants who arrived in Latin American lands escaping pogroms in Russia and the increasing persecution and anti-Semitism in Europe in the decades prior to World War II The fourth novel analyses the identity conflicts experienced by a second generation Latin American born Jew who questions his Jewish questions of assimilation and integration in to his society The last novel closes this study with the existential crisis experienced by a perfectly assimilated non religious Jew who enquires about his Jewishness and compares himself to other Jews around him **The Jewish Novel in the Ancient World** Lawrence M. Wills, 2015-03-11 Lawrence M Wills here traces the literary evolution of popular Jewish narratives written during the period 200 BCE 100 CE In many ways these narratives were similar to Greek and Roman novels of the same era as well as to popular novels of indigenous peoples within the Roman Empire Yet as a group they demonstrated a variety of novelistic innovations the inclusion of adventurous episodes passages of description and of dialogue concern with psychological motivation and the introduction of female characters Wills focuses on five novels Greek Esther Greek Daniel Judith Tobit and Joseph and Aseneth Drawing on a wide range of theoretical works he delineates the techniques and motifs of the Jewish novel shows how the genre both initiated and distanced itself from nonfictional prose such as historical and philosophical writing discusses its relation to Greco Roman romance and describes the social conditions governing its emergence and reception Wills also places the novels in historical context situating them between the Hebrew Bible on the one hand and subsequent developments in Jewish and Christian literature on the other Wills sees the Jewish novel as a popular form of writing that provided amusement for an expanding audience of Jewish entrepreneurs merchants and bureaucrats In an important sense he maintains it was a product of the novelistic impulse the impulse to transfer oral stories to a written medium to reach a more literate audience **American Jewish Year Book 2017** Arnold Dashefsky, Ira M. Sheskin, 2018-01-31 The American Jewish Year Book now in its 117th year is the annual record of the North American Jewish communities and provides insight into their major trends The first chapter

of Part I is an examination of how American Jews fit into the US religious landscape based on Pew Research Center studies. The second chapter examines intermarriage. Chapters on The Domestic Arena and The International Arena analyze the year's events as they affect American Jewish communal and political affairs. Three chapters analyze the demography and geography of the US, Canada, and world Jewish populations. Part II provides lists of Jewish institutions including federations, community centers, social service agencies, national organizations, synagogues, Hillels, day schools, camps, museums, and Israeli consulates. The final chapters present national and local Jewish periodicals and broadcast media, academic resources including Jewish Studies programs, books, journals, articles, websites, and research libraries, and lists of major events in the past year, Jewish honorees, and obituaries.

Howard Jacobson's Novels in the Context of Contemporary British Jewish Literature Anténe, Petr, The novelist Howard Jacobson who received the 2010 Booker Prize for *The Finkler Question* has often been characterized as the British Philip Roth although he himself prefers to be viewed as the Jewish Jane Austen. This monograph concludes that both comparisons may be used to comment on various features of Jacobson's oeuvre. Like Roth, Jacobson tends to focus on male Jewish protagonists and intimate relations between the sexes. Like Austen, he portrays a certain social class, whether it be the British Jewish minority or the social world of British writers and university professors. Apart from reflecting on the tension between Britishness and Jewishness as inseparable aspects of his characters' identities, Jacobson's novels contribute to the traditions of British and Jewish humour.

Edinburgh Companion to Modern Jewish Fiction David Brauner, 2015-06-07. This book provides a critical overview of the main writers and key themes of Anglophone Jewish fiction, highlighting the rich diversity of the field, identifying key themes, analysing the main trends in Anglophone Jewish fiction, and situating them in a historical context.

Post-War Jewish Fiction D. Brauner, 2001-07-18. In this groundbreaking study, David Brauner explores the representation of Jewishness in a number of works by postwar British and American Jewish writers, identifying a transatlantic sensibility characterised by an insistent compulsion to explain themselves and their Jewishness in ambivalent terms. Through detailed readings of novels by famous American authors such as Saul Bellow, Philip Roth, Bernard Malamud, and Arthur Miller, alongside those by lesser-known British writers such as Frederic Raphael, Jonathan Wilson, Howard Jacobson, and Clive Sinclair, certain common preoccupations emerge: Gentiles who mistake themselves for Jews, Jewish hostility towards Nature, writing and not writing about the Holocaust, and the relationship between fact and fiction.

Neither Jew nor Greek? Judith Lieu,2015-11-19 A ground breaking study in the formation of early Christian identity by one of the world's leading scholars In Neither Jew Nor Greek Judith Lieu explores the formation and shaping of early Christian identity within Judaism and within the wider Graeco Roman world in the period before 200 C E Lieu particularly examines the way that literary texts presented early Christianity She combines this with interdisciplinary historical

investigation and interaction with scholarship on Judaism in late Antiquity and on the Graeco Roman world The result is a highly significant contribution to four of the key questions in current New Testament scholarship how did early Christian identity come to be formed How should we best describe and understand the processes by which the Christian movement became separate from its Jewish origins Was there anything special or different about the way women entered Judaism and early Christianity How did martyrdom contribute to the construction of early Christian identity The chapters in this volume have become classics in the study of the New Testament and for this Cornerstones edition Lieu provides a new introduction placing them within the academic debate as it is now **Bloch's Book Bulletin** ,1929 The Story of the Jew Maurice Henry Harris,1919 *Streetwalking the Metropolis : Women, the City and Modernity* Deborah L.
