Native and Garden Plants for the Church Altar Th And Kathleen Milby, Lex Danson, 2009-01-07 **Java in the 14th Century** Theodore G.Th. Pigeaud, 2013-12-20 Essentially the following commentary on the contents of the N gara Kert gama has been made up from notes by former editors of the text together with remarks criticisms and digressions by the present author As Kern Krom and their contemporaries were especially interested in dynastie history and archeology their notes on those subjects are legion and as a result of their studies on many points a communis opinio has been reached The argumentations which led up to this end are not reproduced in the present edition The interested reader is referred to Krom's great books *Oud Javaansche Kunst* and *Hindoe Javaansche Geschiedenis* It is to be expected that before long the results of Krom's life work will be made accessible for English readers by De Casparis On the other hand cultural history religion economics and sociology have been rather neglected by the first editors of the N gara Kert gama The present author has done his best to remedy that omission The reader will find that the greater part of the following commentaries is concerned with those subjects The contemporaneous minor texts and the charters that are published translated and annotated in the present book in the same manner as the N gara Kert gama have been chosen almost exclusively for the valuable information

The Season of Creation Norman C. Habel, H. by David St John Thomas whose *Country Railway* sold an astonishing 170 000 copies captures all our railway yesterdays with panache This is indeed a railway book like no other a portfolio of word portraits by an enthusiast who knows his subject intimately and is never at a loss for a telling example From his imaginary but life like Day in the life of a country terminus to the ground breaking stuff of the natural history of railways and from the colourful history of excursions to a poignant reminder of what traffic used to be like on peak Summer Saturdays an evocation of watching trains and a reminder of Christmases past the book rolls irresistibly along and that only mentions a fraction of the chapters Though this is not specifically a book about the country side inevitably it looms large since even intercity trains run through it as demonstrated in the chapter A country journey like no other which also emphasizes the author s West Country background But whatever your interest in railways and wherever your favourite part of the countryside there is much here for you The chapter on railways for pleasure perhaps sums it all up
