

Four Seasons

Spring

The fields are rich with daffodils,
A coat of clover cloaks the hills,
And I must dance, and I must sing
To see the beauty of the spring.

Summer

The earth is warm, the sun's ablaze,
It is a time of carefree days;
And bees abuzz that chance to pass
May see me snoozing in the grass.

Fall

The leaves are yellow, red, and brown,
A shower sprinkles softly down;
The air is fragrant, crisp, and cool,
And once again I'm stuck in school.

Winter

The birds are gone, the world is white,
The winds are wild, they chill and bite;
The ground is thick with slush and sleet,
And I can barely feel my feet.

The last is done, the next is here,
The same as it is every year;
Spring -- then sunshine -- autumn -- snow
That is how each year must go.

Seasons Of Poetry:

Seasons of Poetry Kenneth D Ollis, 2003-06-22 A book of verse so plain and clear To ease the mind and please the ear So easy to read no burdensome lines No lingering stories of trouble times This poetry is written in a style different from any I have seen before Each poem is distinctly different from others within the book Collectively they are entirely different from any book of poetry it has been my pleasure to read I believe the poems contained in this book will be of interest to anyone regardless of their station or status in life This is beautiful poetry that is sad at times passionate and inspiring at others The reader can expect to be transported away to different times and places

Seasons of Yes (Reader's Edition) Lorraine Schechter, 2007-08 Like the seasons of her beloved New Mexico Schechters poems offer a rich range of color mood and texture The themes are those of a woman at mid life and reveal her passion for art and nature family and friends meditation and yoga

Poetry of the Seasons Mary Isabella Lovejoy, 2000 *Seasons and Senses* Darlene T. Ewers, 2018-03-28 *Seasons and Senses* is a collection of poems written over the course of twenty five years by Darlene Ewers Her life experiences and reflections on various aspects of nature can be found in her poetry Many of her thoughts are based on life experiences growing up on a family owned Kansas farm with her two younger sisters and about how those events reaffirmed her Christian faith This is her first work of poetry although one of her poems was published in the form of a childrens book as *The Sea* in 2009 It introduces children to their five senses by way of exploring the various aspects of the sea

The Genres of Thomson's "The Seasons" Sandro Jung, Kwinten Van De Walle, 2018 Critics since the eighteenth century have puzzled over the form of James Thomson s composite long poem *The Seasons* 1730 1744 1746 its generically hybrid make up and its relationship to established genres both Classical and modern The textual condition of the work is complicated by the fact that it started as a stand alone poem *Winter* 1726 but was subsequently expanded as part of a revision process that lasted almost two decades through the addition of three further seasons poems Transforming from primarily devotional poem to georgic account of the role of man s laboring role in the creation the meaning of *The Seasons* shifted with each addition of new material Each revision introduced diverse subject matter while existing material was reorganized and occasionally moved from one season installment to another

The Genres of Thomson s The Seasons is the first collection of essays exclusively devoted to the study of the work s formal heterogeneity polyvocality and polygeneric character All contributions examine the different modes descriptive reflective pastoral hymnal amatory epic georgic dramatic discourses political sentimental scientific and kinds that cooperate to make up the different installments and variants of *The Seasons* They probe the multifarious interactions between different genres and modes and how a renewed focus on the form of Thomson s long poem will result in an understanding of the processual character of *The Seasons* as a synthesizing simulacrum of various discourses and theories of composition The volume s essays map the generic anatomy of the poem in its different incarnations They shed light on the poet s conception of the descriptive long poem and his engaging with formal traditions that would have enabled

contemporaneous readers to conceive of The Seasons as an assimilating and learned work to be read through both the works of the Classics and moderns Contributions revisit models explaining the structural complexity of The Seasons proposing others in their stead and consider Thomson as the author of a long poem in relation to other poets both English and in a transnational study Swedish The poem is furthermore contextualized in terms of sexuality and animal studies *Seasons* Carlin Hertz, Lordy Belance, Bethany James, 2020-05-25 A unique poetic look through the lens of six poets Written during the time of social distancing the collection is a triumph of hope endurance and the eternal pursuit to find a spring in every season of life Written by authors Jana Keely Yvonne Harris Carlin Hertz Laurel Cherish Belanz Bethany James and Anna Draniewicz
