Central European Art Histories and Austria Karolina Majewska-Güde, Monika Leisch-Kiesl, 2024-05-06 The specific role of the Austro-Hungarian Empire and the later nation of Austria within the formation of regional art histories in East Central Europe has received little attention in art historical research so far. Taking into account the era of the Dual Monarchy as well as the period after 1989, the contributions analyze and critically scrutinize the imperial legacies, transnational transfer processes and cultural hierarchies in art historiographies, artistic practices and institutional histories. Consisting of 17 texts with new commissions and one reprint case studies, monographic essays and interviews grouped thematically into two sections, the anthology proposes a pluriversal narrative on regional cultural and political contexts. **The Transformation of the**

The Female Secession Megan Brandow-Faller, 2020-06-22 Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility. However, the artists connected with interwar Vienna's female Secession created craft-based artworks that may be understood as sites of feminist resistance. In this book, historian Megan Brandow-Faller tells the story of how these artists disrupted long-established boundaries by working to dislodge fixed oppositions between art and craft, decorative and profound, and masculine and feminine in art. Tracing the history of the women's art movement in Secessionist Vienna from its origins in 1897 at the Women's Academy to the Association of Austrian Women Artists and its radical offshoot, the Wiener Frauenkunst, Brandow-Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women's art. She shows how generational struggles and diverging artistic philosophies of art, craft, and design drove the conservative and radical wings of Austria's women's art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group's ideas in the interwar years. Brandow-Faller draws a direct connection to the themes that impelled the better-known explosion of feminist art in 1970s America. In this provocative story of a Viennese modernism that never disavowed its ornamental, decorative roots, she gives careful attention to key primary sources, including photographs and reviews of early twentieth-century exhibitions and archival records of school curricula and personnel. Engagingly written and featuring more than eighty representative illustrations, *The Female Secession* recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women's hands. It will appeal to art historians working in the decorative arts and modernism as well as historians of Secession-era Vienna and gender history. *Art, Music, and Literature, 1897-1902* Theodore Dreiser, 2024-04-22 Dreiser's captivating portraits of turn-of-the-century America's famous figures. In this volume, liberally seasoned with period illustrations, Yoshinobu Hakutani has collected and annotated a rich selection of Theodore Dreiser's pre-

fame writings on the cultural milieu of his day In these brief essays Dreiser sallies into the vibrant world of creative work in turn of the century America He inspects the eccentric and revealing paraphernalia of artists studios probes the work habits of writers and goes behind the scenes in the popular song writing business where this week s celebrity is next week s has been He profiles famous figures and introduces numerous women artists novelists and musicians including the prolific and tireless Amelia Barr mother of fourteen children and author of thirty two novels the illustrator Alice B Stephens and the opera singer Lillian Nordica Hakutani s notes provide biographical detail on dozens of now obscure individuals mentioned by Dreiser

The Viennese Secession Victoria Charles,Klaus Carl,2014-05-10 A symbol of modernity the Viennese Secession was defined by the rebellion of twenty artists who were against the conservative Vienna K nstlerhaus oppressive influence over the city the epoch and the whole Austro Hungarian Empire Influenced by Art Nouveau this movement created in 1897 by Gustav Klimt Carl Moll and Josef Hoffmann was not an anonymous artistic revolution Defining itself as a total art without any political or commercial constraint the Viennese Secession represented the ideological turmoil that affected craftsmen architects graphic artists and designers from this period Turning away from an established art and immersing themselves in organic voluptuous and decorative shapes these artists opened themselves to an evocative erotic aesthetic that blatantly offended the bourgeoisie of the time Painting sculpture and architecture are addressed by the authors and highlight the diversity and richness of a movement whose motto proclaimed for each time its art for each art its liberty a declaration to the innovation and originality of this revolutionary art movement
