Crowley, 2019-10-07 Before the United Kingdom's Dangerous Drugs Act of 1920 many of today's illicit substances including cocaine were readily available in British pharmacies as over the counter medication either in pure form or as an active ingredient in any number of cure-alls and remedies During this time Aleister Crowley ingested a variety of mind altering substances and wrote about his experiences in detail usually in the magazine *The International* where he argued for constructive morality in place of legislation which he deemed repressive *Essays on Intoxication* presents the best of these writings together for the first time in one volume *The Psychology of Hashish Cocaine Absinthe the Green Goddess The Drug Panic The Great Drug Delusion and Ethyl Oxide*      **Bringing Up Baby** Peter Swaab, 2019-07-25 *Bringing Up Baby* directed by Howard Hawks in 1938 is one of the greatest screwball comedies and a treasure from the Golden Age of Hollywood Cary Grant plays a naive and repressed palaeosaurologist who becomes entangled with and ensnared by a wilful heiress Katharine Hepburn Chaos ensues as romance blossoms and not one but two leopards are set loose in verdant Connecticut All of Hawks's signature skills are to the fore there is the wonderful ensemble cast the characteristically refined but unselfconscious visual style an endless succession of pratfalls innuendo and jokes written by Dudley Nichols and Hagar Wilde and underneath the chaos and good cheer a serious dream of escaping life's troubles by dint of nothing more or less than nerve and luck There are no human babies in *Bringing Up Baby* but there are those leopards and the relentless terrier George and as Peter Swaab explores in his witty and original study Hawks's film wonders profoundly why we want animals in our lives and why we sometimes need to behave as animals ourselves Many screwball films have been seen as comedies of remarriage but Peter Swaab argues that this one is not much interested in marriage and is instead more captivated by instinct irresponsibility and the wild abnormalities of romance The film is in its way an American dream of independence and believes the real way to get on in life for film makers as well as scientists isn't by deference and respectability but by having sexy fun with the right people A thoroughly American fiction of the 1930s *Bringing Up Baby* is also a timelessly classical comic narrative exploring conflicts between civilisation and nature rationality and insanity middle class inhibitions and aristocratic blitheness And it is the epitome of film comedy an anthology of comic types and devices and one of the most seductively funny films ever made
