The Shape of Things to Come Herbert George Wells, 2019-12-21 *The Shape of Things to Come* is one of the great classics of science fiction. Originally written in 1929 this masterly work of science fiction has already confirmed H G Wells status as a remarkable soothsayer and provides glimpses of what is perhaps yet to come. The book is written as a sort of historical account. It tells of how a world state could be considered an answer to Earth's problems. If someone opposes the dictatorship they are given a choice to commit suicide in an environment of their choice. However the dictatorship is later overthrown and the world state dissolves.
