Sharper Mind Mental Games For A Keen Mind And A Foolproof Memory

Jason Scotts

Sharper Mind Mental Games For A Keen Mind And A Foolproof Memory:

The Sharper Mind Fred B. Chernow,1997 With dozens of tips and techniques to put to immediate use The Sharper Mind offers memory enhancing strategies that anyone can use at work and in life Everyone can become less reliant on written notes by cultivating the innate ability to remember the important things The book features a set of mental aerobic workouts to keep the reader s mind in excellent shape

Train Your Brain Robert G. Winningham,2024-11-01 Train Your Brain was written to provide older adults and the people who work with them with practical and scientifically based suggestions and interventions on how to maintain and even improve memory ability Researchers have found that certain lifestyle factors predict the likelihood of developing memory problems Most chapters begin with research summaries followed by practical suggestions for taking advantage of the identified factors that affect memory The book also contains information and suggestions for people interested in starting a cognitive enhancement program in an assisted living facility senior center or medical setting Two chapters How Memory Works and How the Brain Works provide readers with a foundation of knowledge so they can get the most out of subsequent chapters The author presents the Use It or Lose It theory of memory and aging and the overwhelming evidence that cognitive stimulation is associated with better memory ability he also provides information on how nutrition physical exercise mood stress and sleep all affect memory The book contains cognitive enhancement activities with instructions that can be used to create a memory enhancement program for oneself or others However even all of this information won t help the older adult who is unmotivated to make the necessary behavioral changes so the author includes information on how to motivate people to do the things that can improve their quality of life and their ability to make new memories

American Book Publishing Record ,1997-09 **Forthcoming Books** Rose Arny,2002-02 *Bibliographic Guide to Psychology* New York Public Library. Research Libraries,1997

Memory Games Jack Botermans,Heleen Tichler,2007-04 It s possible to train your brain give your memory a quick pick me up and alleviate the effects of aging The mind deteriorates when it s not kept active but this attractively illustrated workout complete with exercises tests and tips helps keep those mental muscles sharp Each game focuses on a particular skill language spatial recognition concentration logic structure associative thinking general knowledge and more Put seven mixed up letters in the right order to create the correct word Pick out the pair of planes that do not fit into a square Try to remember the pattern in which eight roses are laid out then turn the page and find the ninth rose that has been added Not only are these drills memory boosting they re fun
