Sheffield City Battalion

M Mosston

Sheffield City Battalion:

The First and the Last of the Sheffield City Battalion John Cornwell, 2020-02-19 This is the story of two British men from very different social backgrounds who both joined a new Pals battalion during World War I To encourage men to volunteer the British Army established Pals battalions that allowed men who enlisted together to serve together during the First World War One of these men was Vivian Simpson a 31 year old solicitor who was well known in the city partly because he was an outstanding footballer playing for Sheffield Wednesday and an England trialist Simpson was the very first man to enroll for the new battalion and was commissioned in January 1915 The other man was Reg Glenn a clerk in the Education Offices who served as a signaller in each battle the 12th Battalion fought in until the summer of 1917 when he was selected to become an officer To his annoyance Vivian Simpson was kept back in England as a training officer until after the battalion's disaster on the Somme on 1 July 1916 However after that he became a most energetic and courageous officer He was awarded an MC in 1917 but was killed in the German offensive on the Lys in April 1918 Reg Glenn went back to France in 1918 as a subaltern in the North Staffordshires and was wounded on the Aisne in his first day of combat as an officer He was never fit enough to go back to the trenches and became a training officer in Northumberland with his new regiment and later with the Cameronians at Invergordon He survived the war and lived to be 101 years old making him the last survivor of the 12th Battalion *Sheffield City Battalion: the 12th (Service) Battalion York and Lancaster Regiment* Ralph Gibson, Paul Oldfield, 2010 A history of the Battalion raised by Sheffield in World War One Sheffield City Battalion Paul Oldfield, Ralph Gibson, 1988 Along with many other Pals volunteers from the north of England the Sheffield men wore the 31st Division patch of the red and white roses of York and Lancaster through the fighting on the Western Front **Reimagining the War Memorial, Reinterpreting the Great War** Marzena Sokołowska-Paryż, 2012-03-15 Reimagining the War Memorial Reinterpreting the Great War The Formats of British Commemorative Fiction is an in depth analysis of the role of British war memorials in literature and film in the wider context of the commemorative trend in contemporary culture The Sheffield City Battalion Memorial the Menin Gate Memorial the Thiepval Memorial to the Missing of the Somme the Royal Artillery Memorial and the Shot at Dawn Memorial are the focus of the discussion which aims to show how the meanings assigned to specific war memorials create ideologically diverse interpretations of the British experience of the Great War ranging from the futility myth to the imperial sublime The epistemological ambivalence of the war memorial lies at the heart of the analysis of the selected novels films and plays for the condemnation of a military conflict as a historical evil does not necessarily exclude the possibility of honouring the men who fought in it **City of Sheffield (Part 1 of 3)** , Sheffield , The History of the City of Sheffield, 1843-1993: Society , 1993 History of the 12th Service Battalion, York & Lancaster Regiment Richard A. Sparling, 1920 Reported Missing in the Great War John Broom, 2020-12-14 A snapshot of the misery and pain that were suffered by those who not only lost loved ones in the Great War but were denied a graveside to mourn at

Paul Nixon Army Ancestry Research Of the one million British and Empire military personnel who were killed in action died of wounds disease or injury or were missing presumed dead during the First World War over half a million have no known grave This book traces the history of the searching services that were established to assist families in eliciting definitive news of their missing loved ones Then using previously unpublished material most of it lovingly preserved in family archives for over a century the lives of eight soldiers whose families had no known resting place to visit after the conclusion of the war are recounted These young men their lives full of promise vanished from the face of the earth The circumstances of their deaths and the painstaking efforts undertaken both by family members and public and voluntary organizations to piece together what information could be found are described The eventual acceptance of the reality of death and the need to properly commemorate the lives of those who would have no marked grave are examined For three of the eight men recent discoveries have meant that over a century since they were given up as missing their remains have been identified and allowed families some degree of closure The author skillfully weaves the harrowing experiences of these eight grieving families with the official processes and procedures in place over the years to identify and commemorate the missing Military Historical Society **Elegy** Andrew Roberts,2015-09-10 On 1 July 1916 after a five day bombardment 11 British and 5 French divisions launched their long awaited Big Push on German positions on high ground above the Rivers Ancre and Somme on the Western Front Some ground was gained but at a terrible cost In killing grounds whose names are indelibly imprinted on 20th century memory German machine guns manned by troops who had sat out the storm of shellfire in deep dugouts inflicted terrible losses on the British infantry The British Fourth Army lost 57 470 casualties the French Sixth Army suffered 1 590 casualties and the German 2nd Army 10 000 And this was but the prelude to 141 days of slaughter that would witness the deaths of between 750 000 and 1 million troops Andrew Roberts evokes the pity and the horror of the blackest day in the history of the British army a summer s day turned hell on earth by modern military technology in the words of casualties survivors and the bereaved **British Infantry Battalion Commanders in the First World War** Peter E. Hodgkinson,2016-04-15 Recent studies of the British Army during the First World War have fundamentally overturned historical understandings of its strategy and tactics yet the chain of command that linked the upper echelons of GHQ to the soldiers in the trenches remains poorly understood In order to reconnect the lines of communication between the General Staff and the front line this book examines the British army s commanders at battalion level via four key questions i How and where resources were found from the small officer corps of 1914 to cope with the requirement for commanding officers COs in the expanding army ii What was the quality of the men who rose to command iii Beyond simple overall quality exactly what qualities were perceived as making an effective CO and iv To what extent a meritocracy developed in the British army by the Armistice Based upon a prosopographical analysis of a database over 4 000 officers who commanded infantry battalions during the war the book tackles one of the central historiographical issues pertaining to the war the qualities of the senior

British officer In so doing it challenges lingering popular conceptions of callous incompetence as well more scholarly criticism that has derided the senior British officer but has done so without a data driven perspective Through his thorough statistical analysis Dr Peter Hodgkinson adds a valuable new perspective to the historical debate underway regarding the nature of British officers during the extraordinary expansion of the Army between 1914 and 1918 and the remarkable yet often forgotten British victories of The Hundred Days **The First Day of the Somme** Jon Cooksey, Jerry

Murland, 2020-01-31 Many guidebooks cover the Somme offensive in 1916 the five month struggle that has come to be seen as one of the defining episodes in the history of the fighting on the Western Front during the First World War But no previous guide has concentrated on the first day 1 July 1916 when the British Army suffered around 60 000 casualties That is why on the centenary of that great battle this new volume from Pen Sword is so timely In a series of tours that can be walked biked or driven expert authors Jon Cooksey and Jerry Murland take the visitor along the eighteen mile front line that was the starting point for the Somme offensive from Gommecourt in the north to Maricourt in the south The tours allow the visitor to trace the entire course of the opening day on the ground In vivid detail the authors describe what happened where it happened and why and which units were involved and point out the sights that remain for the visitor to see [Your Country Needs You](#) Martin Middlebrook, 1999-07-27 Taking the politics of Field Marshal Lord Kitchener's appointment as War

Minister as his starting point the author describes in his lively and authoritative style the dramatic events and dynamic personalities key to the ever deepening British commitment The reader is skilfully guided through the early mobilisation dispatch of the British Expedition Force withdrawal of overseas garrisons and the response from the Territorial Army At the same time Kitchener's now legendary appeal to the civilian population produced The New Army *Sheffield in the Great War* Peter Warr, 2015-05-29 This fascinating new book is devoted to an almost unknown period in the history of Sheffield It sets the city's people and events against a background of key national developments by looking also at the way government regulations were tightened how the country's morale was maintained and how industry was encouraged to deliver more output Sheffield in the Great War is written for the general reader and a large number of the city's residents companies and streets are mentioned by name Many aspects of life and work are described and illustrated with more than one hundred original photographs Numerous advertisements and excerpts are presented from the city's wartime newspapers and highlighted Display Boxes in every chapter summarize particularly interesting or quirky themes For more specialist readers Notes at the end of the book provide additional detail and links to other publications and websites general readers can of course ignore those Two substantial Indexes make it easy to find personally relevant people topics and places The book thus offers to the general reader an easy to read narrative with many pictures and it provides a valuable source of information and reference to those who would like to learn more Sheffield in the Great War starts with a brief account of the conflict itself looking at its enormous cost not only in terms of money but also in thousands and thousands of men and horses killed or

disabled Next it presents short reviews of Britain and the city in 1914 to introduce national features which became important in wartime Sheffield The following chapters describe Sheffield life in the four and a half years of war with special attention to recruiting and the creation of more than twenty new military hospitals Huge numbers of people devoted themselves to voluntary work and the book includes much information that has been lost for the past hundred years **Serre** Jack Horsfall,Nigel Cave,1990-12-31 The tiny French hamlet of Serre is the subject of this guide It covers four battles for the high ground upon which Serre is situated June 1915 July 1916 November 1916 and July and August 1918 **Barnsley Pals** Jon Cooksey,2008-07-15 The true World War I story of one British town s remarkable response to the message Your Country Needs You The Pals battalions were a phenomenon of the Great War never repeated since Under Lord Derby s scheme and in response to Lord Kitchener s famous call for a million volunteers local communities raised and initially often paid for entire battalions for service on the Western Front Their experience was all too frequently tragic as men who had known each other all their lives had worked volunteered and trained together and had shipped to France together encountered the first full fury of modern battle on the Somme in July 1916 Many of the Pals battalions would not long survive that first brutal baptism but their spirit and fighting qualities have gone down in history These were truly the cream of Britain s young men and every single one of them was a volunteer This book tells their story Includes photographs and illustrations **Kitchener's Army** Peter Simkins,1988 This interesting book looks at the British army of 1914 an army of conscripts and volunteers The effect of this mobilization on the social and political climate of Britain and the kind of army that was created are thoroughly explored Annotation copyrighted by Book News Inc Portland OR *The Politics of Street Trees* Jan Woudstra,Camilla Allen,2022-03-18 This book focuses on the politics of street trees and the institutions actors and processes that govern their planning planting and maintenance This is an innovative approach which is particularly important in the context of mounting environmental and societal challenges and reveals a huge amount about the nature of modern life social change and political conflict The work first provides different historical perspectives on street trees and politics celebrating diversity in different cultures A second section discusses street tree values policy and management addressing more contemporary issues of their significance and contribution to our environment both physically and philosophically It explores cultural idiosyncrasies and those from the point of view of political economy particularly challenging the neo liberal perspectives that continue to dominate political narratives The final section provides case studies of community engagement civil action and governance International case studies bring together contrasting approaches in areas with diverging political directions or intentions the constraints of laws and the importance of people power By pursuing an interdisciplinary approach this book produces an information base for academics practitioners politicians and activists alike thus contributing to a fairer political debate that helps to promote more democratic environments that are sustainable equitable comfortable and healthier **Sheffield's Great War and Beyond, 1916-1918** Peter Warr,2015-08-30 This book is out of the ordinary As well as describing the many

changes in Sheffield between 1914 and 1918 it tells about the troubling events in following years as poverty and riots took hold It is also special in identifying hundreds of small as well as large Sheffield companies that worked to provide the necessities of war With many previously hidden facts the book describes the city s national factories the new Ministry of Munitions the government s control of companies arguments about the employment of women an increased emphasis on workers welfare the impact of the Sheffield Committee on Munitions of War and the special contributions of the Cutlers Company Compulsory call up conscientious objectors and the work of the Sheffield Military Tribunal are also brought to life as are problems caused by a shortage of food and the eventual imposition of rationing The city s German prisoners of war are introduced as are the ravages of influenza and the terrible poverty and conflict that soon afflicted the city These local changes are presented against a background of important national events and with more than 100 original photographs

Understanding the Somme 1916 Thomas Scotland, Steven Heys, 2014-10-19 This is a guidebook with a difference It is not a list of memorials and cemeteries Its aim is to provide the reader with an understanding of the Battle of the Somme There were some partial successes there were many disastrous failures In 17 concise chapters dealing with different areas of the battlefield and various aspects of strategy this book explains what happened in each location and why Each chapter is accompanied by color photographs taken by the authors in the course of many visits to the Somme which will illustrate illuminate and allow the reader to understand important points made in the text It doesn t matter whether you are in your armchair on foot on a bicycle or in a car this book will effortlessly transport you to the battlefield and will sweep you round the front line of 1 July 1916 From Montauban in the south to Serre in the north it will lead you to the night attack of 14 July and to the first use of tanks on 15 September It will take you to the Pozi res Ridge and to Mouquet Farm and to the heights above the Ancre You will visit the famous Sunken Lane near Beaumont Hamel where the text will transport you in time to stand with men from the 1st Lancashire Fusiliers waiting to go over the top on 1 July 1916 You will look towards Hawthorn Mine Crater and almost feel the earth tremble beneath your feet as though you were there at 07 20 hrs on 1 July 1916 You will go into Beaumont Hamel with the 51st Highland Division and climb up Wagon Road You will look across to where Frankfurt Trench once was and where men from the 16th Highland Light Infantry from Glasgow fought a last ditch battle having become marooned in the trench in what was the last action to take place before the Somme finally petered out in the mud in late November 1916 With its focus on informing and illuminating the events of 1916 on the Somme and illustrated throughout by carefully annotated color photographs showing the sites today this book will prove equally essential to the battlefield visitor or the virtual visitor in their armchair
