history's most romantic and turbulent eras this epic narrative chronicles the five vividly rendered queens of the Plantagenet kings who ruled England between 1299 and 1409 A thorough and illuminating survey of the Plantagenet dynasty Publishers Weekly The Age of Chivalry describes a period of medieval history dominated by the social religious and moral code of knighthood that prized noble deeds military greatness and the game of courtly love between aristocratic men and women It was also a period of high drama in English history which included the toppling of two kings the Hundred Years War the Black Death and the Peasants Revolt Feudalism was breaking down resulting in social and political turmoil Against this dramatic milieu Alison Weir describes the lives and reigns of five queen consorts Marguerite of France was seventeen when she became the second wife of sixty year old King Edward I Isabella of France later known as the She Wolf dethroned her husband Edward II and ruled England with her lover In contrast Philippa of Hainault was a popular queen to the deposed king's son Edward III Anne of Bohemia was queen to Richard II but she died young and childless Isabella of Valois became Richard's second wife when she was only six years old but was caught up in events when he was violently overthrown This was a turbulent and brutal age despite its chivalric color and ethos and it stands as a vivid backdrop to the extraordinary stories of these queens lives *Queen Isabella* Alison Weir, 2006-12-26 Gripping a highly readable tour de force that brings Queen Isabella vividly to life The Washington Post Book World An insightful and compelling USA Today biography of Isabella of England one of history's most notorious and charismatic queens from the New York Times bestselling author hailed as the finest historian of English monarchical succession writing The Boston Globe Isabella arrived in London in 1308 the spirited twelve year old daughter of King Philip IV of France Her marriage to the heir to England's throne was designed to heal old political wounds between the two countries and in the years that followed she would become an important figure a determined and clever woman whose influence would come to last centuries But Queen Isabella's political machinations led generations of historians to malign her earning her a reputation as a ruthless schemer and an odious nickname the She Wolf of France The newly wed Isabella was denied the attentions of Edward II a weak sexually ambiguous monarch with scant taste for his royal duties As their marriage progressed Isabella was neglected by her dissolute husband and slighted by his favored male courtiers Humiliated and deprived of her income her children and her liberty Isabella escaped to France where she entered into a passionate affair with Edward II's mortal enemy Roger Mortimer Together they deposed Edward and ruled in his stead as co regents for Isabella's young son Edward III Fate however was soon to catch up with Isabella and her lover A work of extraordinary original research Queen Isabella strips away centuries of propaganda legend and romantic myth and gives a groundbreaking new perspective on Isabella a truly remarkable woman who had a profound influence upon the age in which she lived and the history of western Europe The Course of Irish History T. Influence on Architecture from 1791 Oliver Bradbury,2017-07-05 Sir John Soane s Influence on Architecture from 1791 A Continuing Legacy is the first in depth study of this eighteenth century British architect s impact on the work of others extending globally and still indeed the case over 200 years later Author Oliver Bradbury presents a compelling argument that the influence of Soane 1753 1837 has persevered through the centuries rather than waning around the time of his death Through examinations of internationally renowned architects from Benjamin Henry Latrobe to Philip Johnson as well as a number of not so well known Soanean disciples Bradbury posits that Soane is perhaps second only to Palladio in terms of the longevity of his influence on architecture through the course of more than two centuries from the early 1790s to today concluding with the recent return to pure revivalism Previous investigations have been limited to focusing on Soane s late Georgian and then post modern influence this is the first in depth study of his impact over the course of two centuries Through this survey Bradbury demonstrates that Soane s influence has been truly international in the pre modern era reaching throughout the British Isles and beyond to North America and even colonial Australia Through his inclusion of select detailed case studies Bradbury contends that Soane s is a continuing not negated legacy in architecture **A Grain of Faith** Allan Hepburn,2018-11-22 During and after the Second World War there was a concerted thinking about religion in Britain Not only were leading international thinkers of the day theologians Ronald Niebuhr Paul Tillich Jacques Maritain but leading writers contributed to discussions about religion Graham Greene Muriel Spark and Barbara Pym incorporated

miracles evil and church going into their novels while Louis MacNeice T S Eliot and C S Lewis gave radio broadcasts about the role of Christianity in contemporary society Certainly the war revived interest in aspects of Christian life Salvation and redemption were on many people s minds The Ministry of Information used images of bombed churches to stoke patriotic fervour and King George VI led a series of Days of National Prayer that coincided with crucial events in the Allied campaign After the war and throughout the 1950s approximately 1.4 million Britons converted to Roman Catholicism as a way of expressing their spiritual ambitions and solidarity with humanity on a world wide scale Religion provided one way for writers to answer the question what is man It also afforded ways to think about social obligation and ethical engagement Moreover the mid century turn to religion offered ways to articulate statehood not from the perspective of nationhood and politics but from the perspective of moral action and social improvement Instead of being a retreat into seclusion and solitude the mid century turn to religion is a call to responsibility      The Stone Circles of Britain, Ireland, and Brittany Aubrey
