Hogle,1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley s best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley s process Hogle reveals the revisionary procedure in the poet s various texts and demonstrates the powerful effects of radical transference in Shelley s visions of human possibility      The All-Sustaining Air Michael O'Neill,2007-09-27 Michael O'Neill s impressive study provides sensitive close readings of poets publishing since 1900 including Yeats Eliot Stevens Bishop Heaney Muldoon Mahon Hill and Hughes He shows that Romantic poetry is a dominant presence in their poems The book will greatly interest those who enjoy the exploration of poetry s attempt to deal with major human and cultural issues      The Nature of Aesthetic Value Hugo A. and formed by the society in which he lives and the past that he inherits Callaghan shows that the distinctiveness of Shelley's work comes to rest on its wrong footing of any neat division of life and art The dazzling intensity of Shelley's poetry and drama lies in its refusal to separate the twain as Shelley explores and finally explodes the boundaries between what is personal and what is poetic Arguing that the critic like the artist cannot ignore the conditions of the poet's life Callaghan reveals how Shelley's artistry reconfigures and redraws the actual in his poetry The book shows how Shelley's poetic daring lies in troubling the distinction between poetry as aesthetic work hermetically sealed against life and poetry as a record of the emotional life of the poet

A Mental Theater Alan Richardson,1988-01-01 Certain works of Romantic drama Shelley alone envisions their transcendence through his radical transformation of consciousness in the conclusion to Prometheus Unbound This interpretation of mental theater will lead to a new evaluation of the Romantics as dramatic poets It brings back to critical attention neglected but challenging works such as Byron s Heaven and Earth and Beddoes s Death s Jest Book and provides vital new perspectives on undervalued texts like Wordsworth s The Borderers and Byron s Manfred and Cain It qualifies decades of critical speculation on Romantic individualism and Romantic consciousness and helps return the ideal of imaginative sympathy to the central position held in the critical writings of the Romantics themselves Finally in emphasizing the dramatic quality of mental theater it challenges the still prevalent view that Romantic poetry is inherently lyrical in character Scholars concerned with English Romantic drama Romantic literature and the Romantic period as well as English drama will find this work to be an important contribution to their understanding      **Shelfmark : Bulletin of the National Free Library of Zimbabwe** ,1967      *Romantic Echoes in the Victorian Era* Andrew Radford,2017-03-02 In tracing those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of these Victorian definitions Romantic Echoes in the Victorian Era reassesses Romantic literature s immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Bront s the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these

**New Critical Nostalgia** Christopher Rovee, 2024-01-02

New Critical Nostalgia weighs the future of literary study by reassessing its past. It tracks today's impassioned debates about method back to the discipline's early professional era when an unprecedented makeover of American higher education with far-reaching social consequences resulted in what we might call our first crisis of academic life. Rovee probes literary study's nostalgic attachments to this past by recasting an essential episode in the historiography of English: the vigorous rejection of romanticism by American New Critics in the new light of the American university's tectonic growth. In the process, he demonstrates literary study's profound investment in romanticism and reveals the romantic lyric's special affect: nostalgia as having been part of English's professional identity all along. New Critical Nostalgia meticulously shows what is lost in reducing mid-century American criticism and the intense, quirky, and unpredictable writings of central figures such as Cleanth Brooks, Josephine Miles, and W. K. Wimsatt to a glib monolith of New Critical anti-romanticism. In Rovee's historically rich account grounded in analysis of critical texts and enlivened by archival study, readers discover John Crowe Ransom's and William Wordsworth's shared existential nostalgia, witness the demolition of the immature Percy Shelley in the revolutionary textbook *Understanding Poetry*, explore the classroom give and take prompted by the close reading of John Keats, consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike, and encounter the strikingly contemporary quantitative studies by one of the mid-century's preeminent poetry scholars, Josephine Miles. These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments, from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley, wrangled over what it means to read with nothing less than the future of the discipline at stake.
