Loose Canons Notes On The Culture Wars

RS Peters

Loose Canons Notes On The Culture Wars:

Loose Canons Henry Louis Gates, 1993 Examines multiculturalism in American literature and the cultural diversity found in the American classroom *Multiculturalism and Representation* John Rieder, Larry E. Smith, 1996-01-01 *Black Enterprise*, 1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance *The Culture War in the Civil Rights Movement* Joe Street, 2017-07-21 Offers a lively well informed and perceptive analysis of the links between the postwar African American freedom struggle and various forms of black cultural expression and organizing **Cultural Wars in American Politics** Rhys H. Williams, That contemporary American politics is divided into two differing ideological moral and lifestyle groups a divide so severe as to constitute a cultural war is a widely held popular belief The most systematic academic version of the culture wars claim has appeared in two influential books by sociologist James Davison Hunter the earlier dating from 1991 Hunter's formulation of the myth serves the contributors to this volume as a point of departure They add more measured analyses to the rhetorical overstatement in Hunter's claim assessing its accuracy with a broad range of evidence based on individual attitudes subcultural values political party dynamics and culture wide ideological currents On every level of analysis the contributors find that Hunter's bipolar axis obscures the variety of ways in which culture actually functions in current politics That variety receives the nuanced treatment it deserves in this collection Examining the full range of sources of cultural politics and offering competing models for understanding the current ideological landscape this volume will be useful in a variety of classroom and seminar settings from political sociology and social movements to contemporary American culture and the sociology of religion Culture Wars Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporar The Splintering of the American Mind William Egginton, 2018-08-28 A timely provocative necessary look at how identity politics has come to dominate college campuses and higher education in America at the expense of a more essential commitment to equality Thirty years after the culture wars identity politics is now the norm on college campuses and it hasn't been an unalloyed good for our education system or the country Though the civil rights movement feminism and gay pride led to profoundly positive social changes William Egginton argues that our culture's increasingly narrow focus on individual rights puts us in a dangerous place The goal of our education system and particularly the liberal arts was originally to strengthen community but the exclusive focus on individualism has led to a new kind of intolerance degrades our civic discourse and fatally distracts progressive politics from its commitment to equality Egginton argues that our colleges and universities have become exclusive expensive clubs for the cultural and economic elite instead of a national publicly funded project for the betterment of the country Only a return to

the goals of community and the egalitarian values underlying a liberal arts education can head off the further fracturing of the body politic and the splintering of the American mind With lively on the ground reporting and trenchant analysis *The Splintering of the American Mind* is a powerful book that is guaranteed to be controversial within academia and beyond At this critical juncture the book challenges higher education and every American to reengage with our history and its contexts and to imagine our nation in new and more inclusive ways

The Great Canon Controversy William Casement, Debate about teaching the great books of the Western canon has galvanized American higher education in recent years *The Great Canon Controversy* provides an overview of the debate summarizing the position for the canon and the position against it Casement supports continued teaching of the canon and respect for it while calling for revising reading lists to include nontraditional works Part I describes how the canon was taught from ancient Greece to the present noting key arguments for this form of pedagogy that are still with us today specific books that were taught at different times over the centuries and controversies the canon has been subject to in the past Part II deals with anticanonism epistemological and political dimensions of the theory underlying it Casement then shows concrete examples of anticanonism in operation at Stanford University and St Lawrence University Casement argues that while much of what anticanonists say is hyperbolic or mistaken we should listen to their demand to give fair treatment to works by marginalized authors and to great non Western works This means re reviewing works worthy of canonization that may have been obscured by prejudice but still requiring that they make it on their own merits and not out of sympathy for their authors *The Great Canon Controversy* will be of great interest to educators and students alike as well as those interested in the future of higher education in the United States

Precious Perversions Tison Pugh, 2016-03-21 The tragic sentiment of Southern literature and its heteronormative perspective are foundational attributes generally accepted by both popular and scholarly audiences Yet a pantheon of great authors ranging from like Tennessee Williams Carson McCullers and Truman Capote to present day voices of Alice Walker John Waters and David Sedaris collectively attest to both the vibrancy of queer experience and the prevalence of humor found in this rich regional cannon In *Precious Perversions* Humor Homosexuality and the Southern Literary Canon Tison Pugh challenges the premises that elevate William Faulkner and diminish Florence King that esteem Walker Percy yet marginalize David Sedaris by arguing for the inclusion of gay comic authors as long standing defining voices in the field By redefining the tenets of Southern literature Pugh reveals long overlooked or discounted aspects of gay humor within the South s literary realm Noting for example that Tennessee Williams is revered as a dramatist who probes the heart of the human condition rather than for his submerged camp humor and Truman Capote s comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a Failed Southern Lady* and *Rubyfruit Jungle* yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the

author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins

Indecent Liberties Robert Schmuhl, 2000-08-01 This series of eight provocative essays examines why Americans have a penchant for going to extremes in their arts popular culture politics social movements and other aspects of life Robert Schmuhl considers historical examples the hunting of the buffalo in the West Prohibition business ventures in the Gilded Age but concentrates on contemporary subjects including the emphasis on what shocks the audience as entertainment today tensions among specific groups the decline of private life and the excesses of news media coverage in the O J Simpson and Bill Clinton Monica Lewinsky stories *Indecent Liberties* explores the dangers and consequences of carrying fundamental American freedoms too far In this environment achieving a public good can get lost in a frenzy of private gain or a worthwhile idea can be pushed to unrecognizable boundaries producing the opposite of its intended effect When an attitude of anything goes takes hold a sense of limits gets lost and it is different to achieve harmony or a center that holds Especially as we face a new century with talk of hyperdemocracy and hypercommunications common in intellectual circles *Indecent Liberties* argues that seeking equilibrium should be a central objective for all Americans To go to wretched excess can lead to indecent liberties and wretched results that throw the country off balance and endanger the future This book asks questions about today and yesterday that require answers for tomorrow This insightful analysis of a distinct American characteristic is for every reader concerned with America's penchant for going to extremes in ways that produce debatable even deplorable consequences

The Flaherty Patricia R. Zimmermann, Scott MacDonald, 2017-05-15 A history of this singular institution that has indelibly shaped independent and documentary filmmaking as well as its critical reception *Film Quarterly* This is the inspiring story of The Flaherty one of the oldest continuously running nonprofit media arts institutions in the world which has shaped the development of independent film video and emerging forms in the United States for more than sixty years Combining the words of legendary independent filmmakers with a detailed history of The Flaherty Patricia R Zimmermann and Scott MacDonald showcase its history and legacy amply demonstrating how the relationships created at the annual Flaherty seminar have been instrumental in transforming American media history Moving through the decades each chapter opens with a detailed history of the organization by Zimmermann who traces the evolution of The Flaherty from a private gathering of filmmakers to a small annual convening to today's ever growing nexus of filmmakers scholars librarians producers funders distributors and others associated with international independent cinema MacDonald expands each chapter by giving voice to the major figures in

the evolution of independent media through transcriptions of key discussions galvanized by films shown at The Flaherty Discussions feature Frances Flaherty Robert Gardner Fred Wiseman Willard Van Dyke Jim McBride Michael Snow Hollis Frampton Erik Barnouw Barbara Kopple Ed Pincus Trinh T Minh ha Bruce Conner Peter Watkins Su Friedrich Marlon Riggs William Greaves Ken Jacobs Kazuo Hara Mani Kaul Craig Baldwin Bahman Ghobadi Eyal Sivan and many others

The Politics of Canonicity Michael Gluzman, 2002-12-30 This book explores the complex relations among the hegemonic triad of territory nation and national literature that have characterized the modern European nation state In the case of Hebrew literature this triad was unattainable and its components fiercely contested hence the literary field itself was responsible for shaping the nation preceding the nation state itself *The Bloomsbury Anthology of Transcendental Thought* David LaRocca, 2017-02-23 What is real What is the relationship between ideas and objects in the world Is God a concept or a being Is reality a creation of the mind or a power beyond it How does mental experience coordinate with natural laws and material phenomena The Bloomsbury Anthology of Transcendental Thought is the definitive anthology of responses to these and other questions on the nature and limits of human knowledge by philosophers theologians and writers from Plato to Zizek The word transcendental is as prevalent and also as ambiguously defined as the name philosophy itself There are as many uses invocations and allusions to the term as there are definitions on offer Every generation of writers beginning in earnest in ancient Greece and continuing through to our own time has attempted to clarify apply and lay claim to the meaning of transcendental thought Arranged chronologically this anthology reflects the diverse uses the term has been put to over the course of two and a half millennia It lends historical perspective to the abiding importance of the transcendental for philosophical thinking and also some sense of the complexity richness and continued relevance of the contested term The Bloomsbury Anthology of Transcendental Thought the first anthology of its kind offers teachers and students a new viewpoint on the history and present of transcendental thought Its selection of essential engaging excerpts carefully selected edited and introduced brings course materials up to date with the state of the discipline

Bad Language Edwin Battistella, 2005-08-25 Is today's language at an all time low Edwin Battistella argues that it is wrong to think of slang regional dialects and nonstandard grammar as simply breaking the rules of good English Re-examining debates over relativism in language Battistella argues that we should view language as made up of alternative forms of regularity and orderliness which require informed engagement with usage

Race and Gender in the Making of an African American Literary Tradition Aimable Twagilimana, 2014-01-14 This book examines the ways in which race and gender have shaped and continue to inform African American literature African American texts create a black literary and cultural identity interpreting and recording the survival of their cultures shattered by years of slavery Black women writers who have to deal with both racism and sexism use additional strategies to undo this double reduction They strive to invent a new language to talk about their experience and their lives as black and as women After a typology of the African American text the book

proposes a reading of major African American writers including Phyllis Wheatley Olaudah Equiano Frederick Douglass Harriet Jacobs Harriet Wilson Charles Chesnutt Booker T Washington James Weldon Johnson Zora Neale Hurston Alice Walker and Toni Morrison

South African Theatre as/and Intervention ,2021-11-22 One of the most striking features of cultural life in South Africa has been the extent to which one area of cultural practice theatre has more than any other testified to the present condition of the country now in transition between its colonial past and a decolonized future But in what sense and how far does the critical force of theatre in South Africa as a mode of intervention continue In the immediate post election moment theatre seemed to be pursuing an escapist nostalgic route relieved of its historical burden of protest and opposition But as the contributors to this volume show new voices have been emerging and a more complex politics of the theatre involving feminist and gay initiatives physical theatre festival theatre and theatre for education has become apparent Both new and familiar players in South African theatre studies from around the world here respond to or anticipate the altered conditions of the country while exploring the notion that theatre continues to intervene This broad focus enables a wide and stimulating range of approaches contributors examine strategies of intervention among audiences theatres established and fledgling writers canonical and new texts traditional and innovative critical perspectives The book concludes with four recent interviews with influential practitioners about the meaning and future of theatre in South Africa Athol Fugard Fatima Dike Reza de Wet and Janet Suzman

Democracy, Education, and Multiculturalism Carlos Alberto Torres,1998-10-29 This important book looks at developments that are changing our understanding of the role of education in citizenship and the possibilities of democratic participation The first chapter reviews theories of citizenship and education based on the classical contributions to political theory of C B MacPherson and T H Marshall The second chapter challenges educators to think more politically about education It is based on a seminal analysis that shows the role education plays in the liberal neoliberal and neoconservative state incorporating critical perspectives from neo Marxism postmodernism and feminism In chapter three Professor Torres analyzes the transition from the welfare state to the neoliberal state including the role of international organizations in promoting educational reform and privatization policies In the concluding chapter Torres draws on Hobbes Locke Jefferson Kant Hegel Marx and other writers such as C Mouffe and C Pateman to outline contemporary approaches to multiculturalism in education and citizenship

Culture's Vanities David Steigerwald,2004 Americans want it both ways They are committed to cultural diversity yet demand an endless variety of cheap consumer goods from a global system that

destroys distinct ways of life In this groundbreaking work David Steigerwald argues that Americans have papered over this paradox by embracing the rhetoric of diversity and multiculturalism which hides the extent to which they have accepted homogenized ways of working and living

When people should go to the books stores, search establishment by shop, shelf by shelf, it is really problematic. This is why we offer the book compilations in this website. It will very ease you to look guide **Loose Canons Notes On The Culture Wars** as you such as.

Loose Canons Notes On The Culture Wars Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Loose Canons Notes On The Culture Wars PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Loose Canons Notes On The Culture Wars PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Loose Canons Notes On The Culture Wars free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
