Lord Byron's Strength Romantic Writing And Commercial Society:

Lord Byron's Strength Jerome Christensen, 1993 This text examines Byron's lordship his singularity as a literary success and as one of the great British aristocratic poets Drawing on contemporary literary political and social theory this study of Byron also re-examines the romanticism of Coleridge Wordsworth Scott Hazlitt and Shelley Byron's Romantic Celebrity T. Mole, 2007-07-31 This book offers a new history and theory of modern celebrity It argues that celebrity is a cultural apparatus that emerged in response to the Romantic industrialization of print and culture It investigates the often strained interactions of artistic endeavour and commercial enterprise and the place of celebrity culture in history of the self

Romantic Writing and the Empire of Signs Karen Fang, 2010-02-02 Nineteenth century periodicals frequently compared themselves to the imperial powers then dissecting the globe and this interest in imperialism can be seen in the exotic motifs that surfaced in works by such late Romantic authors as John Keats Charles Lamb James Hogg Letitia Landon and Lord Byron Karen Fang explores the collaboration of these authors with periodical magazines to show how an interdependent relationship between these visual themes and rhetorical style enabled these authors to model their writing on the imperial project Fang argues that in the decades after Waterloo late Romantic authors used imperial culture to capitalize on the contemporary explosion of periodical magazines This proliferation of post Napoleonic writing often referencing exotic locales both revises longstanding notions about literary orientalism and reveals a remarkable synthesis of Romantic idealism with contemporary cultural materialism that heretofore has not been explored Indeed in interlocking case studies that span the reach of British conquest ranging from Greece China and Egypt to Italy and Tahiti Fang challenges a major convention of periodical publication While periodicals are usually thought to be defined by time this account of the geographic attention exerted by late Romantic authors shows them to be equally concerned with space With its exploration of magazines and imperialism as a context for Romantic writing culture and aesthetics this book will appeal not only to scholars of book history and reading cultures but also to those of nineteenth century British writing and history *Byron, Poetics and History* Jane Stabler, 2002-12-05 Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues that run through his work For example Stabler analyses Don Juan alongside Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general **Mainly Leaders in Nineteenth-Century British Literature** Daniela Garofalo, 2009-01-01 From

the 1790s to the 1840s the fear that Britain had become too effeminate to protect itself against the anarchic forces unleashed by the French Revolution produced in many British writers of the period a desire to portray strong leaders who could control the democratic and commercial forces of modernization While it is commonplace in Romantic studies to emphasize that Romantic writers are interested in the solitary genius or hero who separates himself from the community to pursue his own creative visions Daniela Garofalo argues instead that Romantic and early Victorian writers are interested in charismatic males military heroes tyrants kings and captains of industry who organize modern political and economic communities sometimes by example and sometimes by direct engagement Reading works by William Godwin William Wordsworth Jane Austen Lord Byron William Hazlitt Thomas Carlyle and Charlotte Bront Garofalo shows how these leaders endowed with an inherent virility rather than simply inherited rank legitimize hierarchy anew for an age suffering from a crisis of authority

Byron and John Murray Mary O'Connell, 2015-01-05 *Byron and John Murray A Poet and His Publisher* is the first comprehensive account of the relationship between Byron and the man who published his poetry for over ten years. It is commonly seen as a paradox of Byron's literary career that the liberal poet was published by a conservative publishing house. It is less of a paradox when, as this book illustrates, we see John Murray as a competitive, innovative publisher who understood how to deal with his most famous author. The book begins by charting the early years of Murray's success prior to the publication of *Childe Harold's Pilgrimage* and describes Byron's early engagement with the literary marketplace. The book describes in detail how Byron became one of Murray's authors before documenting the success of their commercial association and the eventual and protracted disintegration of their relationship. Byron wrote more letters to John Murray than anyone else, and their correspondence represents a fascinating dialogue on the nature of Byron's poetry and particularly the nature of his fame. It is the central argument of this book that Byron's ambivalent attitude towards professional writing and popular literature can be illuminated through an understanding of his relationship with John Murray.

The Romantic Poetry Handbook Michael O'Neill, Madeleine Callaghan, 2017-10-24 An absorbing survey of poetry written in one of the most revolutionary eras in the history of British literature. This comprehensive survey of British Romantic poetry explores the work of six poets whose names are most closely associated with the Romantic era: Wordsworth, Coleridge, Blake, Keats, Byron, and Shelley, as well as works by other significant but less widely studied poets such as Leigh Hunt, Charlotte Smith, Felicia Hemans, and Letitia Elizabeth Landon. Along with its exceptional coverage, the volume is alert to relevant contexts and opens up ways of understanding Romantic poetry. *The Romantic Poetry Handbook* encompasses the entire breadth of the Romantic Movement, beginning with Anna Laetitia Barbauld and running through to Thomas Lovell Beddoes and John Clare. In its central section, *Readings*, it explores tensions, change, and continuity within the Romantic Movement and examines a wide range of individual poems and poets through sensitive, attentive, and accessible analyses. In addition, the authors provide a full introduction, a detailed historical and cultural timeline, biographies of the poets whose works are featured in the *Readings* section, and a helpful guide to further reading. *The Romantic Poetry Handbook* is an ideal text for undergraduate and postgraduate study of British Romantic poetry. Don Juan Byron, 2004-08-26 Byron's exuberant masterpiece tells of the adventures of Don Juan beginning with his illicit love affair at the age of sixteen in his native Spain and his subsequent exile to Italy Following a dramatic shipwreck his exploits take him to Greece where he is sold as a slave and to Russia where he becomes a favourite of the Empress Catherine who sends him on to England Written entirely in ottava rima stanza form Byron's Don Juan blends high drama with earthy humour outrageous satire of his contemporaries in particular Wordsworth and Southey and sharp mockery of Western societies with England coming under particular attack

Literature and Authenticity, 1780-1900 Michael Davies, 2016-05-06 Individually and collectively these essays establish a new direction for scholarship that examines the crucial activities of reading and writing about literature and how they relate to authenticity Though authenticity is a term deep in literary resonance and rich in philosophical complexity its connotations relative to the study of literature have rarely been explored or exploited through detailed critical examination of individual writers and their works Here the notion of the authentic is recognised first and foremost as central to a range of literary and philosophical ways of thinking particularly for nineteenth century poets and novelists Distinct from studies of literary fakes and forgeries this collection focuses on authenticity as a central paradigm for approaching literature and its formation that bears on issues of authority self reliance truth originality the valid and the real and the genuine and inauthentic whether applied to the self or others Topics and authors include the spiritual autobiographies of William Cowper and John Newton Ruskin and travel writing British Romantic women poets William Wordsworth and P B Shelley Robert Southey and Anna Seward John Keats Lord Byron Elizabeth Gaskell Henry David Thoreau Henry Irving and Joseph Conrad The volume also includes a note on Professor Vincent Newey with a bibliography of his critical writings
