Derrick, 2018-11-21 This is not for the faint of heart nor for Christians who want to be entertained This is for hungry Bible students seeking vast deep answers to a vast deep subject the all important subject of Love This book could and should be the standalone text for an 8 credit hour college course mandatory for every accredited Bible student And it is a must for every layman who wants to understand the most important teachings of the Bible on a serious level Jesse Steele Moody Bible Institute Alum This book is offered to help you love the Lord with your whole heart and to better know your Creator It is intended to help clarify some lingering misunderstandings that trace back far into biblical history The book deals with the righteousness and holiness of God as seen in His laws but from a New Covenant perspective love Showing the distinction between the dispensational Law of Moses and the eternal and unchanging Law of God the book focuses on love as love is the focus of both the Law of God and the Law of Moses Rom 13:8 It's all about loving God with all your heart and loving your neighbor as yourself even loving your enemy With man this is impossible but with God all things are possible These matters have the greatest bearing on our future reward in the heavenly kingdom and upon the power of our ministry today With a clearer view of this line in the Bible it is our prayer that we will all stand more confidently as we await and hasten the return of our Lord Seek first his kingdom and its righteousness and all these things will be added unto you The book also covers emerging research regarding the 364 day calendar of the books of 1st Enoch and Jubilees and how to manage it in a 365 day context I think you will enjoy studying this with us Think about it your Creator wants to have dates with you on the dates that his feasts have been observed in the heavens since creation As we journeyed through these things I was humbled to receive seven dreams from the Lord to help shepherd us through which I document in the appendix Several in our extended family have also been warned and encouraged in dreams The arm of Yahweh is not short to also give you dreams and other works of the coming kingdom But it all begins with desperate searching in his Word Keep asking and you will receive Keep seeking and you will find Keep knocking and it will be opened to you

Poets and the Fools Who Love Them Richard Katrovas, 2022-02-16 *Poets and the Fools Who Love Them* blends autobiography with cultural commentary and meditates on creative writing as a cottage industry within humanities higher education Celebrated poet and memoirist Richard Katrovas examines his picaresque early years with a criminal father a beleaguered mother and four siblings as state and federal authorities pursued the family across the highways of America His freewheeling wide ranging essays consider among other social constructs the relation of crime and art and the relation of both to the authority of the state particularly in terms of race and class Katrovas speaks candidly about how white privilege facilitated his father's criminal career as a lifestyle of larceny and used car scams perpetuated state to state would have surely had different implications for a family of color Drawing on his adulthood in academe Katrovas's memoir in essays chronicles a quest to locate surrogate fathers among older poets and other creative writers and reflects upon the ways in which that search has affected his role as the father to three Czech American daughters The book flows from the love of a poet for other poets for the community of poets one likened to a gang of priests and a herd of bears Katrovas maintains that most lovers of poets are themselves poets and those lovers of poets who are not themselves poets are saints At its heart *Poets and the Fools Who Love Them* contemplates with care and unabashed honesty the role of art and the
