Maxwell, 2013-11-11 The Brave New World of Sex We've seen in less than a generation a swift revolution in human sexual behavior attitude and consequences so dramatic that some people are left in a state of stunned dismay and the public at large in aimless confusion Much of the trend if you can call a revolution a trend is fueled by or at least made possible by technological innovations dating back to the middle of the twentieth century The birth control pill opened the gate to promiscuity with little fear of pregnancy marriage became an annoyance divorce became an opportunity two working parents became a necessity and teenage sex became nearly as socially acceptable as holding hands or going to the movies The copulation explosion resulted in a spiraling epidemic of children giving birth to children many of them on welfare Girls seeking relief through abortions were sometimes forced to have their unwanted offspring despite the inevitability of some of them living in poverty and a desperate dead end environment of squalor and crime Some misguidedly wanted babies and ended up the same way To top it all discipline 2 A Sexual Odyssey became a lost art leaving schools and neighborhoods infested with gun toting knife wielding teenage delinquents even in middle class areas who engaged in contests to see who could get the most girls knocked up The chaotic state of fornication mating and birthing may be a throwback to the past **Rethinking Masculinity** Larry May, Robert Strikwerda, Patrick D. Hopkins, 1996-10-24 Are men naturally aggressive What makes a good father How can men form intimate friendships In the new edition of this popular anthology seventeen philosophers explore these and other questions that relate to what it means to be a man including questions about pornography and homosexuality New essays look at masculinity and violence research on differences between men's and women's brains impotence sexual ambiguity and whether black men have a moral duty to marry black women What's a Mother/Father to Do? Maurice A. Fetter, 2001-12-06 Raising a family today is like negotiating a minefield parents often face seemingly insurmountable odds in counteracting the insidious influences of peer pressure and the popular culture Fetter examines how to cope with the stress of modern life by drawing on the inspirational wisdom of the scriptures **Love, Sex, Death and Words** Jon Sutherland, Stephen Fender, 2011-06-01 Love sex death boredom ecstasy existential angst political upheaval the history of literature offers a rich and varied exploration of the human condition across the centuries In this absorbing companion to literature's rich past
