Heart of Fire Mazie K. Hirono, 2021-04-20 *Heart of Fire* is a revelatory evocative deeply moving book Washington Post Amazing a memoir I really loved Secretary Hillary Clinton You and Me Both podcast A beautiful book Trevor Noah The Daily Show The intimate and inspiring life story of Mazie Hirono the first Asian American woman and the only immigrant serving in the U S Senate Mazie Hirono is one of the most fiercely outspoken Democrats in Congress but her journey to the U S Senate was far from likely Raised on a rice farm in rural Japan she was seven years old when her mother Laura left her abusive husband and sailed with her two elder children to Hawaii crossing the Pacific in steerage in search of a better life Though the girl then known as Keiko did not speak or read English when she entered first grade she would go on to serve as a state representative and as Hawaii's lieutenant governor before winning election to Congress in 2006 In this deeply personal memoir Hirono traces her remarkable life from her earliest days in Hawaii when the family lived in a single room in a Honolulu boarding house while her mother worked two jobs to keep them afloat to her emergence as a highly effective legislator whose determination to help the most vulnerable was grounded in her own experiences of economic insecurity lack of healthcare access and family separation Finally it chronicles Hirono's recent transformation from dogged yet soft spoken public servant into the frank and fiery advocate we know her as today For the vast majority of Mazie Hirono's five decades in public service even as she fought for the causes she believed in she strove to remain polite and reserved Steeped in the nonconfrontational cultures of Japan and Hawaii and aware of the expectations of women in politics chiefly that they should never show an excess of emotion she had schooled herself to bite her tongue even as her male colleagues continually underestimated her After the 2016 election however she could moderate herself no longer In the face of a dangerous

administration and amid crucial battles with lasting implications for our democracy from the Kavanaugh hearings to the impeachment trial Senator Hirono was called to give voice to the fire that had always been inside her The compelling and moving account of a woman coming into her own power over the course of a lifetime in public service and of the mother whose courageous choices made her life possible Heart of Fire is the story of a uniquely American journey told by one of those fighting hardest to ensure that a story like hers is still possible in this country "Old Slow Town" Paul Taylor,2013-10-15 Readers interested in American history Civil War history or the ethnic history of Detroit will appreciate the full picture of the time period Taylor presents in Old Slow Town **The Mississippi Valley Historical Review** ,1921

Moderator-topics ,1913 **A City on the Edge** Dennis R. McBride,2025-09-30 Some years change the course of history 2020 was one of those years As a pandemic lockdowns and an economic downturn convulsed America police shootings of George Floyd and other African Americans touched off the largest protest movement in U S history At the same time mass shootings soared many states saw unprecedented increases in gun related incidents Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself Mayors of cities big and small struggled with some of these challenges but Dennis McBride the new mayor of a mid sized mostly White suburb bordered by the majority minority City of Milwaukee called the heartland of the heartland faced them all His city a microcosm of a troubled America teetered on the verge of anarchy while playing a crucial role in the presidential election A City on the Edge is the gripping story of how he and other mayors have steered America s hometowns through a storm of personal and political divisions Though the chaos of 2020 has gradually subsided it is still reverberating in the nation s economy politics and psyche The changes sparked by the events of that historic year continue to vex mayors and their communities Americans and their leaders are searching for a new equilibrium That balance will be found first in our hometowns A City on the Edge offers a path forward **Trespassing** Janet Kauffman,2008-03-10 Essays and stories that contemplate the exploitation of Michigan s agricultural landscape by modern factory farms Trespassing is composed in equal amounts of short fiction and essays that illustrate the impact of modern factory farms confined animal feeding operations CAFOs on a rural Michigan community Michigan author Janet Kauffman debunks the myth of the idyllic clip art farm of decades past by giving readers a close up look at mega meat and mega milk the extreme amounts of animal waste and barren countryside CAFOs produce and the people who live in the midst of this new rural landscape threatened by agricultural sprawl Trespassing considers the consequences of violating nature s limits giving readers a vivid impression of the irreversible damage that violation causes to our habitat The writings in Trespassing range from ground level realism to hallucinatory surrealism from mindful discussion to poetic incantation from vehicles of outrage to portraits of grief The rural landscape includes a range of characters and Kauffman s stories and essays are populated with CAFO owners immigrant workers neighbors mired in pollution greenhouse growers environmental activists water monitors drain commissions and

agency officials As a resident of rural Michigan and part of a farming family herself Kauffman approaches the subject matter with a sensitive and informed eye Her detailed writings take readers into this landscape of modern rural communities to experience the smells sounds and sights of a brutally changed world Those interested in environmental issues as well as fellow Michiganders and fans of creative fiction and nonfiction will appreciate this moving and informative collection
