Reinvented? Johannes A. van der Ven, 2023-12-18 Everywhere in the western world the process of secularization leads to the decline of faith in God The concept of secularization itself however has come under attack by critics who believe that it does not adequately account for processes which may be part of a certain renaissance as marginal and unrecognized as it may be of belief in God Whether these processes are actually taking place and whether this renaissance if such it is will bring about a transformation of that belief are questions still waiting to be answered Are we witnessing the re-creation of God images or the re-discovery of God The tension between re-creation and re-discovery lies at the root of this book and its title which has been framed very intentionally as a question *God Reinvented* **The Worldview of Personalism** Jan Olof Bengtsson, 2006-11-02 Personalism is understood today as the name of an important current in twentieth century thought which inspired by the Christian and humanistic traditions of the West has sought to deepen our understanding of the meaning and value of human personhood Opposing both individualism and collectivism personalism has stressed the

uniqueness of each person the meaning and value of interpersonal relations and the unity that holds persons together and is ultimately also personal in itself the person of God Personalism's insights into the nature of personhood have broad implications for our view of ethics politics education and religion The history of personalism has however been poorly understood Jan Olof Bengtsson shows that personalism began as early as the eighteenth century and was a central international current of thought throughout the nineteenth century that it was in fact more characteristic of the nineteenth century than of the twentieth *The Life of the Spirit in the Modern English Poets* Vida Dutton Scudder, 1895 **Modern Handbooks of Religion.
