Ncs Shakespeare On Film:

Hamlet, Prince of Denmark William Shakespeare, 2003-04-21 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries and textual notes on the plays and poems Introductions are regularly refreshed with accounts of new critical stage and screen interpretations This second edition of Hamlet edited by Philip Edwards brings readers playgoers and directors into the closest possible contact with Shakespeare s most famous and perplexing play In the introduction Edwards explores the possibility that Shakespeare made important alterations to Hamlet as it neared production creating differences between the two early texts quarto and folio Edwards concentrates on essentials dealing succinctly with the huge volume of commentary and controversy that the play has provoked and offers a way forward that enables us to recognise Hamlet s full tragic energy In a new supplementary section Robert Hapgood discusses recent stage film and critical interpretations of the play

Shakespeare and the Digital World Christie Carson, Peter Kirwan, 2014-06-12 Due to the unique cultural capital of his works Shakespeare has long been the test subject for new methods and digital advances in arts scholarship Shakespeare sits at the forefront of the digital humanities in archiving teaching performance and editing impacting on scholars theatres and professional organisations alike The pace at which new technologies have developed is unprecedented and the pressure to keep up is only growing This book offers seventeen new essays that assess the opportunities and pitfalls presented by the twenty first century for the ongoing exploration of Shakespeare Through contributions from a broad range of scholars and practitioners including case studies from those working in the field the collection engages with the impact of the digital revolution on Shakespeare studies By assessing and mediating this sometimes controversial digital technology the book is relevant to those interested in the digital humanities as well as to Shakespeare scholars and enthusiasts

Catalog of the Theatre and Drama Collections: Theatre Collection: books on the theatre. 9 v New York Public Library. Research Libraries, 1967 Motion Picture Almanac , 2003 International Television & Video Almanac , 2003 *The First Quarto of Hamlet* William Shakespeare, 1998 The first quarto of Hamlet is radically different from the second quarto and Folio versions of the play and about half their length But despite its uneven verbal texture and simpler characterisation the first quarto presents its own workable alternatives to the longer texts reordering and combining key plot elements and even including a unique scene between Horatio and the Queen This new critical edition is designed for students scholars and actors who are intrigued by the first printed text of Shakespeare s Hamlet Although the first quarto has been reprinted many times there is no other modernised edition in print Irace s introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which actors or directors might choose for specific productions *Shakespeare Survey* Kenneth Muir, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

Obituaries in the Performing Arts, 2019 Harris M. Lentz III, 2020-11-20 The entertainment world lost many notable talents in 2019 including television icon Doris Day iconic novelist Toni Morrison groundbreaking director John Singleton Broadway starlet Carol Channing and lovable Star Wars actor Peter Mayhew Obituaries of actors filmmakers musicians producers dancers composers writers animals and others associated with the performing arts who died in 2019 are included in this edition Date place and cause of death are provided for each along with a career recap and a photograph Filmographies are given for film and television performers

Shakespeare's Great Tragedies John Hardy, 2018-10-25 Shakespeare's great tragedies portray through their richly imagined worlds the inescapable fact of human mortality As the work of a great creative genius they are so diverse that critical formulas used to describe their overall impact tend to be somewhat suspect Their impact follows from a response to the entire dramatic action what is felt at the end with the weight or experience of the whole play behind it It draws on how our feelings and judgement are exercised and engaged throughout the drama Shakespeare portrays what life can be like without pandering to the wish for something easier to contemplate Something more invigorating than consolation is provided such art at its greatest achieving the strength of truth What it compels is a complex acceptance reflected in Edgar's words The weight of this sad time we must obey Not only implicit positives give value to these plays Their significance finally results from what they imaginatively invite their audience to experience and witness This gives a sense not only of the value of life but also of what can threaten it

Secularism and the Pursuit of Transcendence, Volume II Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more

than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us **The Arden Edition of the Works of William Shakespeare: Titus Andronicus** William Shakespeare,1980 *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
