Nevada Lost Mines And Buried Treasures:

Nevada Douglas McDonald,1981 Recounts authenticated stories of some previously unsupported legends with abundant illustrations *Western Treasures Notebook of Lost Mines and Buried Treasure* Jack Black,1966 [Lost Mines and Buried Treasures of Arizona](#) W. C. Jameson,2010-01-19 Arizona s history is liberally seasoned with legends of lost mines buried treasures and significant deposits of gold and silver The famous Lost Dutchman Mine has lured treasure hunters for over a century into the remote treacherous and reportedly cursed Superstition Mountains east of Phoenix Gold and silver bars discovered in Huachuca Canyon by a soldier stationed at nearby Fort Huachuca just before World War II remain inaccessible despite years of laborious attempts at recovery Outside the town of Yucca bandits eager to make a fast getaway buried a strongbox filled with gold unaware they wouldn t survive the pursuit of a law enforcing posse to recover their plunder And somewhere in the Little Horn Mountains northeast of Yuma lies an elusive wash containing hundreds of odd gold filled rocks Selected from hundreds of tales passed down from generation to generation since the days of the gold seeking Spanish explorers the tales included here are among the most compelling that Arizona has to offer **Lost Mines and Buried Treasures of the West** Thomas Probert,1977 This large easy to use volume lists the works of more than eleven hundred different authors covering thousands of stories of lost mines and buried treasures supposedly located in fifteen Western and Southwestern states and in Mexico In addition to being a boon to those adventurers who are tempted to search for lost mines and buried treasures it will be an important basic research tool for historians geologists geographers anthropologists archaeologists and folklorists and it will be useful in identifying the man treasure hoards and mining claims all the way from the Lost Adams Diggings in Arizona to the Stagecoach in Wyoming The information given in this important bibliography was acquired through perusal of an unusually large number of books newspapers magazines unpublished manuscripts deposits in private and public libraries holdings of various historical foundations and governmental records and archives The task took Mr Probert three full years of steady patient work Many of these stories of lost mines and buried treasures have resulted in the discovery of some that are rarely acknowledged largely because as Mr Probert points out those who have been so fortunate as to find the pot of gold at the end of the rainbow have deemed it wiser and much safer to keep their own counsel Book jacket **Lost California Treasure** W. Craig Gaines,2023 Tales of California s buried treasures lost mines and hidden loot From the Pacific Ocean to the eastern Sierra Nevada Mountains California is bursting with rumors of lost riches Sunken cargo from the steamship Brother Jonathon is rumored to still be out there awaiting discovery as well as the location of the famous lost Breyfogle Mine Outlaws like Three Finger Jack and Joaquin Murrieta were said to have stashed their loot while evading law enforcement and Sir Francis Drake s English pirates buried treasures all along the coast Deep underground and underwater a bounty waits for some lucky prospector Join author W Craig Gaines as he unearths stories of legendary and historic lost treasures yet to be found in the Golden State **Lost Mines and Treasure Tales of the Middle Mountain**

States Ivan Herring,2019-04-03 This book contains more than 70 stories of Lost Mines and Treasurers in the Middle Mountain States which I have defined as Nevada Utah and Wyoming Many of the stories concern treasurers buried by the Priests the Spanish Indians bandits and early settlers during the many incidents and wars that rocked the area in the 17th through the early 20th centuries I found the data for this book while doing research on old mines for my series of books Mines of the American West The Lost Mines and Treasurers were identified from articles in early American newspapers and other sources considered reliable Where possible for those lost treasures still to be found I have tried to tie them to modern mines or areas and include some background data on such areas In doing this some of them seemed to fall short in the area of fact and logic which I may point out The reader should understand that this is a collection of data from old and new publications and not a focused specifically on the effort to find the specific properties although some research especially from a logic standpoint has been done If the reader can glean critical information from these original articles and the limited research that allows or helps him or her to locate a lost mine or lost treasure I wish him or her well and leave it to them to reap the rewards The print version of this book has been produced in the 8 1/2 X 11 format to keep the price low If done in 6 X 9 or smaller the book would be 2 or 3 times as many pages in length and would cost substantially more to increased on demand print costs These seem to be heavily influenced by the total number of pages While this may be one of the seeming drawbacks to on demand printing the benefit of on demand printing is that specialty books such as this are now practical to publish where the target market may be relatively small and minimal returns to the author are acceptable It should also be noted that I may periodically update and revise the electronic version before creating a Second Edition The guidelines for submissions for the electronic versions allow updates without producing a full new edition while the print on demand or hard copy paperback version does not and require that a full new edition to be developed to incorporate any changes As such the two books may not be exactly the same as it is likely the electronic version will be updated more frequently than the paperback

Western Treasures Notebook of Lost Mines and Buried Treasure Jack Black,1966 *Big Book of Nevada Ghost Stories* Janice Oberding,2023-08-01 Time has all but forgotten the tragic tales of those who have passed through Nevada but their spirits remain As arguably the most haunted state in the nation Nevada has more than its share of ghosts with intriguing stories and historical connections Among them is the unfortunate gangster Bugsy Siegel who died in Beverly Hills only to return to his old stomping grounds the Flamingo Las Vegas Julia Bulette the ill fated prostitute who was slaughtered in her bed on a cold January morning in 1867 and the many haunted houses in Reno their owners forever tied to their homes refusing to depart **Nevada Lost Mines & Hidden Treasures** ,1974 *10 Treasure Legends! Nevada* Jovan Hutton Pulitzer,National Treasure Society,Cacheology Society of America,2014-02-05 Is Treasure really out there A resounding YES Over 14 trillion dollars of it Then why is Treasure Hunting considered to be a dirty word and said in hushed tones Why does so much of society not want people hunting for Lost Treasures and Treasure Legends The reasoning is simple

Many people DO NOT want to see other people successful and rich beyond their wildest dreams But now more than ever Treasure after Lost Treasure is being recovered Thanks to better technology better research tools and that good ol American Spirit and Determination 10 Treasure Legends is a simple book series One book for each State in the United States The 10 Treasure Legends inside this work are legends of buried or lost treasure and fortunes If you are willing to separate fact from fiction who knows You might be the one to find them and make history These Treasure Legends have been around a long time and time after time people have wanted to or claimed to go after them but the truth is they are still lost and out there for someone like you to find Not a lot of technical how to or educational mumbo jumbo in this series only the legends as best as the legends can be retold But there are some tools included should you get excited and decide to research investigate and either prove or disprove these Treasure Legends for yourself Go Treasure and Lost History Hunting with COMMANDER Hutton Pulitzer of ExpeditionHistory org and TreasureForce The World s Foremost History Expedition and Terrestrial Treasure Recovery Team and COMMANDER plans and manages missions all around the globe TreasureForce combines historical re enactments and forensic research with the most advanced tools and instruments in the world to locate and recover famous Lost Treasures and to either prove or disprove various Treasure Legends As an Inventor Commander Pulitzer is globally one of the foremost Inventors in modern times recognized as one of the Top 50 Inventors in the World and as an Author he has published over 200 individual History and Treasure Hunting titles Cacheology Society of America and the Cacheology Society and Institute of the United Kingdom are the governing and certification boards of Certified Cacheologists Cacheology The profession whereby highly trained and certified individuals using archaeological methods combined with forensic historical research and modern technology set out to either prove or disprove dispel or recover set the historical record straight or professionally document the various types of caches common treasures or otherwise that have been lost to history and mankind The mission of the Cacheologists is to recover lost caches using profit driven methods for the expansion of mankind s study education instruction collecting showcasing and the preservation of caches that time and the environment rapidly and thoroughly destroy thus erasing vital and irreplaceable historical records and artifacts of the entire world
