New Approaches To Coleridge Biographical And Critical Essays:

New Approaches to Coleridge Donald Sultana, 1981 The Cambridge Companion to Coleridge Lucy Newlyn, 2002-10-24 Samuel Taylor Coleridge is one of the most influential as well as one of the most enigmatic of all Romantic figures The possessor of a precocious talent he dazzled contemporaries with his poetry journalism philosophy and oratory without ever quite living up to his early promise or overcoming problems of dependence and drug addiction The Cambridge Companion to Coleridge does full justice to the many facets of Coleridge's life and work Specially commissioned essays focus on his major poems including *The Rime of the Ancient Mariner* and *Christabel* his notebooks and his major work of non-fiction the *Biographia Literaria* Attention is given to his role as talker journalist critic and philosopher his politics his religion and his reputation in his own times and afterwards A chronology and guides to further reading complete the volume making this an indispensable guide to Coleridge and his work **Nervous Reactions** Joel Faflak, Julia M. Wright, 2012-02-01 *Nervous Reactions* considers Victorian responses to Romanticism particularly the way in which the Romantic period was frequently constructed in Victorian era texts as a time of nervous or excitable authors and readers at odds with Victorian values of self-restraint moderation and stolidity Represented in various ways as a threat to social order as a desirable freedom of feeling as a pathological weakness that must be cured this nervousness both about and of the Romantics is an important though as yet unaddressed concern in Victorian responses to Romantic texts By attending to this nervousness the essays in this volume offer a new consideration not only of the relationship between the Victorian and Romantic periods but also of the ways in which our own responses to Romanticism have been mediated by this Victorian attention to Romantic excitability Considering editions and biographies as well as literary and critical responses to Romantic writers the volume addresses a variety of discursive modes and genres and brings to light a number of authors not normally included in the longstanding category of Victorian Romanticism on the Romantic side not just Wordsworth Keats and P B Shelley but also Byron S T Coleridge Thomas De Quincey Mary Shelley and Mary Wollstonecraft and on the Victorian side not just Thomas Carlyle and the Brownings but also Sara Coleridge George Eliot Elizabeth Gaskell Archibald Lampman and J S Mill Contributors include D M R Bentley Kristen Guest Joel Faflak Grace Kehler Donelle Ruwe Alan Vardy Lisa Vargo Timothy J Wandling Joanne Wilkes and Julia M Wright Eyes to Wonder, Tongue to Praise Agnieszka Pokojaska, Agnieszka Romanowska, 2012-09-01 This book is a collection of articles written for Professor Marta Gibińska by her colleagues and friends from universities both in Poland and abroad The texts presented in this volume cover a wide spectrum of topics Part I devoted to Shakespeare comprises wide-ranging work from renowned specialists in the field studies on historical background sources theatrical screen and literary reception as well as translation Part II contains articles which deal with multiple authors genres and perspectives but are uniformly passionate and insightful The title *Eyes to Wonder Tongue to Praise* a poetic phrase borrowed from Shakespeare conveys what seems to be a defining quality of both the contributors to this

volume and its recipient namely the ability to translate keen appreciation of literature not into speechless awe but eloquent praise combined with the generosity to share it with others **Coleridge's Notebooks** Seamus Perry, 2002-06-13 Samuel Taylor Coleridge was one of the Romantic Age's most enigmatic figures a genius of astonishing diversity author of some of the most famous poems in the English language and co author with Wordsworth of *Lyrical Ballads* one of England's greatest critics and theorists of literature and imagination as well as autobiographer nature writer philosopher theologian psychologist and distinguished speaker Throughout his life he confided his thoughts and emotions to his notebooks where we can still see his speculations and observations taking shape This edition presents a selection from this unique work newly presented with notes and commentary for the student as well as the general reader *Travels and Translations* Alison Yarrington, Stefano Villani, Julia Kelly, 2013-11-01 This volume explores the fascinating interactions and exchanges between British and Italian cultures from the early modern period to the present It looks at how these exchanges were mediated through personal encounters travel writings and translations involving a variety of protagonists explorers writers poets preachers diplomats and tourists In particular this book examines the understanding of Italy as a destination and set of locations each with their own distinctive geographical character during a period which saw the creation of the modern Italian state It also charts the shifts in travelling activity during this period from early explorers and cartographers via those taking part in the Grand Tour in the 18th and 19th centuries to more modern poet travellers and blogging tourists Drawing upon literary studies history art history cultural studies translation studies sociology and socio linguistics this volume takes a cross disciplinary approach to its rich constellation of cultural transactions *Sociable Places* Kevin Gilmartin, 2017-04-24 Ranging across literature theater history and the visual arts this collection of essays by leading scholars in the field explores the range of places where British Romantic period sociability transpired The book considers how sociability was shaped by place by the rooms buildings landscapes and seascapes where people gathered to converse to eat and drink to work and to find entertainment At the same time it is clear that sociability shaped place both in the deliberate construction and configuration of venues for people to gather and in the way such gatherings transformed how place was experienced and understood The essays highlight literary and aesthetic experience but also range through popular entertainment and ordinary forms of labor and leisure *This Strange Loneliness* Peter Mackay, 2021-04-15 *This Strange Loneliness* is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet's work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney's readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and

displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney's readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney's work This Strange Loneliness is a powerful evocation of the Irish poet's sense of the uplift that poetry can provide

Sympathy and India in British Literature, 1770-1830 A. Rudd, 2011-05-25 India was the object of intense sympathetic concern during the Romantic period But what was the true nature of imaginative engagement with British India This study explores how a range of authors from Edmund Burke and Sir William Jones to Robert Southey and Thomas Moore sought to come to terms with India's strangeness and distance from Britain

Coleridge's Submerged Politics Patrick J. Keane, 1994 Part II argues that imagery and plot developments in The Ancient Mariner reflect political events between November 1797 and March 1798 the months when Coleridge was writing and revising his poem and contributing anti Pittite verses and essays to the widely read opposition newspaper the Morning Post
