Siete Noches, Nueve Ensayos Dantescos Jorge Luis Borges, 1998 **Razones de la crítica** Alberto Giordano, 1999 **The Divine Vision of Dante's Paradiso** William Franke, 2021-08-19 In Canto XVIII of Paradiso Dante sees thirty five letters of Scripture LOVE JUSTICE YOU WHO RULE THE EARTH painted one after the other in the sky It is an epiphany that encapsulates the Paradiso staging its ultimate goal the divine vision This book offers a fresh intensive reading of this extraordinary passage at the heart of the third canticle of the Divine Comedy While adapting in novel ways the methods of the traditional lectura Dantis William Franke meditates independently on the philosophical theological political ethical and aesthetic ideas that Dante s text so provocatively projects into a multiplicity of disciplinary contexts This book demands that we question not only what Dante may have meant by his representations but also what they mean for us today in the broad horizon of our intellectual traditions and cultural heritage

Liberty, Individuality, and Democracy in Jorge Luis Borges Alejandra M. Salinas, 2016-10-26 This book seeks to fill a double lacuna in Borges scholarship For one this scholarship has been largely developed through the lens of literary and cultural studies and not by political theorists who bring a distinct disciplinary perspective into the reading of literary works Secondly mainstream interpreters have overlooked or have not analyzed enough Borges s political sympathies This book doesnot evaluate if these sympathies are truthful to political and historical facts or philosophical theories rather she shows in which aspects and around which topics Borges finds inspiration and gives literary form to the political His texts abound with concepts and events such as liberty individuality war and revolution and they deal with topics such as the legitimacy of authority the limits of reason and the principle of representation among others This book also addresses Borges s democratic sensitivity and his critique of populism and militarism as related to salient

national and global historical events that inspired his works Above all it calls attention to Borges's belief in the pre-eminence of individual liberty his rejection of political oppression and his warning against civic indifference brought about by an isolated individualism This book may be of interest to students and professors of politics philosophy and literature It may also interest literary critics and readers who want to approach Borges's works with a political rather than a literary or a cultural lens

Borges the Unacknowledged Medievalist M. Toswell, 2014-11-07 The Argentinian writer and poet Jorge Luis Borges 1899-1986 was many things during his life but what has gone largely unnoticed is that he was a medievalist and his interest in Germanic medievalism was pervasive throughout his work This study will consider the medieval elements in Borges's creative work and shed new light on his poetry
