## **Pathos Of Power:**

Spirit, Pathos and Liberation Samuel Solivan, 1998-11-01 The growth of the Pentecostal movement is often most evident among the poor and disenfranchised of society as for example among the Hispanic American community As this community continues to develop will Pentecostal theology be able to incorporate into its hermeneutics those issues that especially concern it Solivan looks at relevant issues to this debate from a Hispanic American perspective presenting an overview of Hispanic diversity and its common roots and struggles He talks of four critical issues in Hispanic theology religious experience suffering the work of the Holy Spirit and the importance of language and culture and other issues including acculturation and assimilation He shows how a community s suffering and oppression can be transformed by the Holy Spirit into a liberating life full of hope and promise

**Pathos of Power** Kenneth Bancroft Clark, 1974 Discusses the ability of psychotechnology to control the fragility and pathos of the ego which can create and validate humanity while also rationalizing cruelties and inhumanity The negative animalistic characteristics of man must be subordinated to the positive values of love and empathy without sacrificing creativity or selective capacities It is proposed that a program of direct biochemical intervention be implemented to control negativistic tendencies Ultimately world leaders who have the nuclear power to determine the fate of humanity should be given the earliest perfected form of appropriate drugs This requirement would control the barbaric use of power and insure that survival of the human species is not sacrificed to the personal ego pathos of powerful individuals

**The Phantom of the Ego** Nidesh Lawtoo, 2013-10-01 The Phantom of the Ego is the first comparative study that shows how the modernist account of the unconscious anticipates contemporary discoveries about the importance of mimesis in the formation of subjectivity Rather than beginning with Sigmund Freud as the father of modernism Nidesh Lawtoo starts with Friedrich Nietzsche s antimetaphysical diagnostic of the ego his realization that mimetic reflexes from sympathy to hypnosis to contagion to crowd behavior move the soul and his insistence that psychology informs philosophical reflection Through a transdisciplinary comparative reading of landmark modernist authors like Nietzsche Joseph Conrad D H Lawrence and Georges Bataille Lawtoo shows that before being a timely empirical discovery the mimetic unconscious emerged from an untimely current in literary and philosophical modernism This book traces the psychological ethical political and cultural implications of the realization that the modern ego is born out of the spirit of imitation it is thus strictly speaking not an ego but what Nietzsche calls a phantom of the ego The Phantom of the Ego opens up a Nietzschean back door to the unconscious that has mimesis rather than dreams as its via regia and argues that the modernist account of the mimetic unconscious

makes our understanding of the psyche new      *In Search of Authenticity* Jacob Golomb,2012-11-12 Great philosophers such as Kierkegaard Nietzsche and Sartre have clearly been preoccupied by the possibility of authenticity In this study Jacob Golomb looks closely at the literature and writings of these philosophers in his analysis of their ethics Golomb s writings shows his passionate commitment to the quest for the authenticity particularly in our climate of post modern scepticism He argues that existentialism is all the more pertinent and relevant today when set against the general disillusionment which characterises the late twentieth century This book is invaluable reading for those who have been fascinated by figures like Camus s Meursault Sartre s Matthieu and Nietzsche s Zarathustra      *The Power Mindset* Rikroses Books and E-books, Do you long to lead with unwavering conviction leaving footprints of impact wherever you go The Power Mindset How to Think Act and Communicate Like a Leader it s a map to your inner powerhouse Crush fear like a warrior sculpt bulletproof goals and charge into challenges with a triumphant grin Learn to rule your emotions ignite your creativity and focus with laser sharp precision Unleash words that burn with conviction influence hearts with compelling logic and inspire with a vision that sets souls ablaze This isn t just leadership training it s forging your own legend Delegate with the wisdom of a king mentor with the kindness of a sage and rise from setbacks like a phoenix from the ashes Distill insights from history s giants find your perfect balance between work and life and weave the power mindset into every fiber of your being Forget about merely dreaming of greatness The Power Mindset hands you the tools to forge it line by magnificent line Are you ready to claim your rightful place as a leader who leaves the world changed forever      **The Power of Persuasion: Mastering the Art of Influence** Rae A. Stonehouse,2023-04-25 In *The Power of Persuasion Mastering the Art of Influence* Author Rae A Stonehouse delves into the daily act of persuasion and how it affects our lives From childhood negotiations for an extra dessert to convincing our boss to take a chance on our idea we are constantly honing our persuasive skills Drawing on research conducted for a presentation titled *The Power of Influence Speaking to Make Things Happen* Stonehouse shares insights on the art of persuasion and how to become a master influencer Whether you are looking to improve your personal relationships excel in your career or deliver a persuasive speech *The Power of Persuasion* is the ultimate guide to help you achieve your goals and speak to get others to make things happen      **Empathy** Susan Lanzoni,2018-09-25 A surprising sweeping and deeply researched history of empathy from late nineteenth century German aesthetics to mirror neurons *Empathy A History* tells the fascinating and largely unknown story of the first appearance of empathy in 1908 and tracks its shifting meanings over the following century Despite empathy s ubiquity today few realize that it began as a translation of *Einfühlung* or in feeling in German psychological aesthetics that described how spectators projected their own feelings and movements into objects of art and nature Remarkably this early conception of empathy transformed into its opposite over the ensuing decades Social scientists and clinical psychologists refashioned empathy to require the deliberate putting aside of one s feelings to more accurately understand another s By the end of World War II interpersonal empathy entered the

mainstream appearing in advice columns popular radio and TV and later in public forums on civil rights Even as neuroscientists continue to map the brain correlates of empathy its many dimensions still elude strict scientific description This meticulously researched book uncovers empathy s historical layers offering a rich portrait of the tension between the reach of one s own imagination and the realities of others experiences *Violence and the Oedipal Unconscious* Nidesh Lawtoo,2023-05-01 Representations of violence are often said to generate cathartic effects but what does catharsis mean And what theory of the unconscious made this concept so popular that it reaches from classical antiquity to the digital age In *Violence and the Oedipal Unconscious* Nidesh Lawtoo reframes current debates on new media violence by tracing the philosophical aesthetic and historical vicissitudes of the catharsis hypothesis from antiquity to modernity and into the present Drawing on theorists of mimesis from Aristotle to Nietzsche Bernays to Breuer Freud to Girard to Morin Lawtoo offers a genealogy of the relationship between violence and the unconscious with at least two aims First this study gives an account of the birth of the Oedipal unconscious out of a cathartic method Second it provides new theoretical foundations to solve a riddle of new media violence that may no longer rest on Oedipal solutions In the process Lawtoo outlines a new theory of violence mimesis and the unconscious that does not have desire as a *via regia* but rather the untimely realization that all affects spread contagiously and thus mimetically Metaphysics and Nihilism Martin Heidegger,2022-11-29 The two treatises *The Overcoming of Metaphysics* 1938 39 and *The Essence of Nihilism* 1946 1948 do not belong together temporally or formally but they are brought together in this volume because they both treat a common thesis from the standpoint of different questions namely that nihilism is the essence of metaphysics in relation to the history of being The overcoming of metaphysics is for Heidegger the decisive historical moment in which metaphysics is experienced as the history of the abandonment by being and overcome at the same time The abandonment of beings by being reveals itself in the final and most extreme intensification of metaphysics as the unconditioned predominance of manipulation Manipulation means here the all dominating producibility of beings *The Essence of Nihilism* is linked to the idea of overcoming This text deals with the attempt to elucidate the essence of nihilism through Nietzsche s words God is dead The killing of God springs from the will to power as the most extreme form of manipulation The being of beings is grasped here as the positing of values emanating from the will to power In this positing of being as value it becomes clear that being itself remained unthought in metaphysics Therefore metaphysics as such is nihilism proper These key works by Heidegger now available in English for the first time will be of great interest to students and scholars of philosophy and to anyone interested in Heidegger s thought

**The Power of Revival** Dongjin Park,2023-11-08 Lloyd Jones s Reformed doctrine of Spirit baptism The Welsh minister Martyn Lloyd Jones 1899 1981 was one of the most influential preachers of the twentieth century His preaching was grounded in his view on the baptism of the Holy Spirit but his pneumatology is often seen as a departure from his Reformed heritage In *The Power of Revival* Dongjin Park explores how Lloyd Jones s preaching was kindled by his distinctly Reformed view of Spirit baptism By tracing Lloyd Jones s writings and sources Park shows how Lloyd Jones s theology of Spirit baptism was less an embrace of charismatic and Pentecostal theology than a reappropriation of Puritan emphasis on experiential faith Lloyd Jones s revivalistic urgency fueled by the Spirit s power to ignite preaching and holy living found its spark in Calvinistic revivalism *The Power of Revival* sheds light on Lloyd Jones and Reformed theology and encourages readers to follow his example of relying on the Spirit
