Dugue, 2016-09-20 **A Watcher in The Woods** Dallas Sharp, 2021-12-02 **The Adventures of Peter Cottontail and His Green Forest Friends** Thornton W. Burgess, Harrison Cady, 2014-03-19 Presents three woodland tales featuring the adventures of Reddy Fox, Peter Cottontail, and Grandfather Frog **The World of Animals** Joseph Wood Krutch, 1961 This collection of writings selected from a vast literature about animals contributes something to an overall picture of human beings' relations with and attitudes toward the animal kingdom **Wild Life Near Home** Dallas Lore Sharp, 2022-11-21 Dallas Lore Sharp's *Wild Life Near Home* is a captivating exploration of the intricate tapestry of nature that exists just beyond our doorsteps. Sharp employs a prose style that is both lyrical and accessible, inviting readers to look more closely at the common creatures and plants in their immediate environment. The book situates itself in a tradition of American nature writing, drawing comparisons to the works of John Burroughs and Henry David Thoreau. It offers an intimate glance at the daily drama of wildlife, revealing the fascinating and often unnoticed biodiversity that shares our living spaces, urging readers to engage with the natural world with renewed curiosity and wonder. A naturalist, educator, and a keen observer, Dallas Lore Sharp penned this reflective account to awaken the reader to the myriad of life forms that cohabit their surroundings. His academic background and personal passion for the outdoors undeniably inform his writing. Sharp seeks to dismantle the artificial barriers between humans and nature, illustrating through vivid anecdotes that even the most mundane suburban landscape or city park is brimming with wildlife worthy of attention and respect. *Wild Life Near Home* is a book that will revel in the bookshelves of nature lovers, environmental educators, and those yearning to connect with the often overlooked natural elements embedded in everyday settings. Recommended for both its poetic sensibility and its ecological

insight this book promises not only to educate but to enchant encouraging readers to embark on their own journey of discovery right where they live     *A Watcher in the Woods* Dallas Lore Sharp,1901     *The World of Animals* Joseph Krutch,2017-07-12 Human beings share the earth with many other living creatures and have dealt with them in many different ways Animals have furnished humans with food done their work aroused their curiosity provided them with sport stimulated their sense of beauty and provoked their wonder They have also shared affection when both the human and animal have decided to give it No less varied or avoidable are the attitudes humans have developed toward these creatures This collection of writings selected from a vast literature about animals is also about the people who have been inspired to write on that subject Sometimes consciously and sometimes unconsciously the writer implies an answer to one or more of the questions that any concern with an animal must raise such as What is an animal s place in nature Are they here primarily to serve as a food source Do they possess inherent rights and privileges How are they alike or different from humans The answers to these questions are as varied as the authors Each narrative description or exposition contributes something to an over all picture of human beings relations with and attitudes toward the animal kingdom It is a remarkable conclusion illustrated by Krutch s chronological arrangement within categories that almost every major attitude and activity that has ever existed concerning animals still exists today even though there has been a drift in certain directions Although the editor fairly represents the opposing view his sympathies lie with those for whom the animal world embodies something to be loved and learned from rather than merely to be studied or exploited     *The Wishing-Stone Stories* Thornton W.
