Therefore her rise to fame began only in 1808 when her posthumous memoir appeared In this elegantly written biography Lucia McMahon reconstructs the places and social constellations that enabled Smith's learning and adventures in England Wales and Ireland and traces her transatlantic fame and literary afterlife across Britain and the United States Through re-telling Elizabeth Smith's fascinating life story and retracing her posthumous transatlantic fame McMahon reveals a larger narrative about women's efforts to enact learned and fulfilling lives and the cultural reactions such aspirations inspired in the early nineteenth century Although Smith was cast as exceptional by her contemporaries and modern scholars alike McMahon argues that her scholarly achievements travel explorations and posthumous fame were all emblematic of the age in which she lived Offering insights into Romanticism picturesque tourism celebrity culture and women's literary productions McMahon asks the provocative question How many seemingly exceptional women must we uncover in the historical record before we are no longer surprised

**Coleridge, Revision and Romanticism** Ve-Yin Tee, 2009-09-30 The Romantic phenomenon of multiple texts has been shaped by the link between revision and authorial intent However what has been overlooked are the profound implications of multiple and contradictory versions of the same text for a materialist approach using the works of Coleridge as a case study and the afterlife of the French Revolution as the main theme this monograph lays out the methodology for a more detailed multi-layered analysis Scrutinising four works of Coleridge two poems a newspaper article and a play where every major variant is read as a separate work with its own distinct socio-historical context Ve Yin Tee challenges the notion that any one text is representative of its totality By re-reading Coleridge in the light of alternative textual materials within that time he opens a wider scope for meaning and the understanding of Coleridge's oeuvre *The Walk* Jeffrey Cane Robinson, 2006 *The Walk* a meditation on walking and on the literature of walking ruminates on this pervasive even commonplace modern image It is not so much an argument as a journey along the path of literature noting the occasions and settings the pleasures and possibilities of different types of walking through the country or city during day or night alone or with someone and the literatures the poems essays stories novels and diaries walking has produced Jeffrey C Robinson's discussion is less criticism than appreciation with an autobiographical bent he leads the reader through Romantic modern and contemporary literature to show us the shared pleasures of reading writing and walking **English Poetry and Prose of the Romantic Movement** George Benjamin Woods, 1916 **Whitaker's Books in Print**, 1998

*Romantic Biography* Arthur Bradley, 2017-03-02 Romantic biography lives Despite the so-called death of the author popular interest in the lives of the major Romantic writers has reached a new peak Romantic Biography brings together Romantic biographers and critics to consider some of the key questions surrounding this publishing phenomenon What precisely is Romantic biography What is the relationship between it and Romantic writings more generally And to what extent is Romantic biography itself the product of Romantic ideas about the self time and creativity Romantic Biography examines a range of canonical and non-canonical biographical subjects from a variety of practical and theoretical standpoints

Michael O'Neill opens the collection with an analysis of the relationship between Romantic biography and Romantic poetry. Jonathan Bate, Mark Storey, and Kenneth R. Johnston reassess Clare, Southey, and Wordsworth from their position as authors of recent forthcoming biographies of the poets. Joe Bray and Alan Rawes explore the Romantic assumptions at work within contemporary biographies of Austen and Byron. Gerard Carruthers, Julian North, Jennifer Wallace, and Arthur Bradley put biographies of Burns, Scott, Coleridge, Byron, Keats, and Shelley into the context of contemporary historicist and theoretical ideas about national and gender identity, the body, and difference. Ralph Pite brings the collection to a close with a further examination of the vexed question of Romantic biography's relation to Romanticism itself. *Romantic Biography* is a major new survey of Romantic life writing and an important contribution to biographical studies more generally.
