Pathways Finding God In The Present Moment:

Pathways Jean Maalouf, 2000 This well known spiritual writer explains how an awareness of one's actions, feelings, habits and attitudes leads to an understanding of the divine presence in everyday life and brings a person closer to God Making All Things New Jean Maalouf, 2011-06-22 *The Living Church*, 2001 *Live a Life That Matters* Jean Maalouf, 2018-05-25 What are you living for? OK You've got the house and the car of your dreams you've got the latest electronic devices you were obsessed with you've made all the trips of your reverie and imagination and you've achieved what you always wanted to achieve But somehow something was and still is missing Where are the promises of the happy ever after relationships the fun of the rich and famous and the security of the good life these things were supposed to deliver What is the meaning of it all Now what? Sooner or later we will come to the conclusion that these things even if they are nice to have are not what matter most in life not by a long shot Otherwise why are we never satisfied and continue to want more Why do we play the happy persons when we really are not And after all our accumulated successes how in the world are we still missing what matters most our true self realization and the fulfillment of our fundamental goal In a unique style both profound and simple philosopher Maalouf points to the very core of what matters most His long years of studies two doctorates and writing experience more than forty published books led him to firmly suggest in this book that life is not only the total sum of the most comfortable income possessions position prestige and passion for every convenience Life is essentially and especially a continuous search for a deeper meaning that can be found in that everlasting hunger of our restless minds and hearts and in our most fundamental purpose and particular life mission We don't only exist we live a full life that is lived in the spirit of Saint Irenaeus's famous line The glory of God is a human being who is fully alive Otherwise no true fulfillment is possible Fully alive explains Dr Maalouf requires us to live a meaningful life not by aggrandizing the ego but by emptying it It takes what matters most to let go of the superficial mirages of the false self It takes the awakening of the holy hunger and divine longing to decipher the meaning of life that constitutes the true self In the end what really counts is not to live according to the creature's distractions but according to the Creator's statutes not to become what our culture prescribes but to incarnate what our fundamental purpose and mission inspire and not what makes a living but what makes a life Heal Your Life Jean Maalouf, 2017-04-27 For our very survival and sanity we need God We need virtue We need character The good person brings good things out of a good treasure and the evil person brings evil thing out of an evil treasure Matthew 12:35 Godly people make all the difference in the world by striving to match the politics of the earth with the politics of the kingdom of God By talking about uncovering the healing power of faith hope love and prayer this book uncovers at the same time the secret of sanity the sanity that runs our lives at the individual level as well as at the national and international levels Sanity requires the rejection of the gods we've created by learning to focus on the God in whose image we've been created Billions of dollars are spent every year on the pursuit of physical perfection People do anything to become richer more powerful or more

prestigious with improved appearances and more pleasing makeup in all domains as if the only value that really counts is the most attractive picture we are able to show. In this very expensive race for the outside perfect masks, the pursuit of inner beauty can often be pushed aside when this inner beauty is by far more important than the outer beauty. Don't we know that the Lord does not see as mortals see; they look on the outward appearance, but the Lord looks on the heart. 1 Samuel 16:7. In this book *Heal Your Life: Awakening to the Power of Faith, Hope, Love, Prayer*, Dr. Maalouf masterly invites us to reject the double lifestyle we are living and to genuinely consider living by the truth of the permeation and integration of theology and politics. Politics, Pope Paul VI declared, is the highest form of charity. And we can add that charity is the highest form of political sanity as well. Indeed, real politics takes action and contemplation. All our crises are rooted in our spiritual crisis first. For our sanity and survival, God is needed. For our sanity and survival, the politics of the earth should match the politics of the kingdom of God, as this book explains.

Your New Adventure Jean Maalouf, 2014-06-03. Retirement: What Retirement. This book is not only for those who have already retired or those who are about to retire, but also for those who still are far from a retirement age. Aren't we all adding more birthdays and growing older? In any case, we don't need to feel old. In this book, you will find inspirational thoughts on what aging means to all of us: the young, the middle-aged, and those who are in their later years. Since we have one life to live, we should make of the rest of it the most and best of it. Indeed, retirement is not retirement from life, but the beginning of a new life with new opportunities for meaning and significance. Many books have been written on retirement. Some of them focus on understanding Social Security, Medicare, benefits, insurance options, and investment portfolios. Some others target the tips for best housing, solutions, best travel and vacation bargains, best shopping deals, and the like. This book is different. Its direct focus is to show how even more important than the other aspects of life are aspects such as general physical, mental, emotional, spiritual well-being, creative pursuits, social support, deep faith, and sense of purpose. It offers enlightening explanations on how to enjoy life to the fullest, no matter what our circumstances are, and it provides practical spiritual guidance for the ways of staying alive and blessed all our life. With its insightful reflections, uplifting propositions, warm style, captivating quotations, and engaging personal reflections and practical resolutions, *Your New Adventure: Make the Most of the Rest of Your Life* invites you to make the most of your retirement and life and offers you the suggestions that you won't get from your financial and professional advisors. Such life wisdom will help you create the conditions for a happier retirement and a fuller life than all other material means important they might be can possibly offer. Aging well is living well all our life so that we are able to say: How good it was to be here. I truly have lived the fullness of life by being what my Creator meant me to be.

Change your World Jean Maalouf, 2013-08. A New Creation. Our very survival is at stake. We must change. The references and values on which we used to depend are becoming relativized and questionable, and the true sense of integrity, responsibility, and purpose now seems outdated. Instead, we seem to have chosen the path of shortsighted success and gratification, convenient arrangements, and sometimes the one-sided fanaticism and

fundamentalism No wonder we find ourselves in such a deep spiritual crisis that makes all other crises possible probable and even certain and extremely dangerous Change Your World Awakening to the Power of Truth Beauty Simplicity Change is an invitation to faithfully recapture the basics deeply rediscover the very reason for our existence and carefully reassess our references and values Truth will make us free Beauty will save the world Simplicity will help redefine our priorities Change will transform us and will transform our world into a new creation 2 Corinthians 5 17 This is a profoundly political book it describes in an original and engaging way how to live and govern from our highest and most sacred consciousness Therefore do not expect politics as usual politically correct well calculated and feeling good spirituality talks Expect rather as it is articulation straightforward approaches and unequivocal descriptions of the new creation values Our survival depends on our ability to be truly human and in alignment with our most sacred consciousness the mind of Christ 1 Corinthians 2 16 Isn't contemplation the highest form of activity as Aristotle suggested Masterfully Dr Maalouf uncovers the simple truths of a happy healthy and meaningful life and discloses the secret of the fullness of life A contemplative approach to life is indispensable for grasping and living the essence of what it means to be truly human The Healing Power of Joy Jean Maalouf, 2006-04 Joy is a gift from the Holy Spirit It radiates from within us and affects everything we do in our lives Even sorrow and pain cannot diminish true joy Joy is a deep well inside us that waters and refreshes the events in our lives

Finding Your Unique Pathway N. George Utuk, 2007-05 Utuk has created an inspiring and informational road map to get one's life moving in the right direction in order to achieve success and fulfillment Using dynamic biblical principles clear language and vivid examples he shows how to turn limited beliefs into limitless beliefs overcome personal obstacles and focus on solutions and more Practical Life **Where Has God Gone?** Jean Maalouf, 2015-06-26 God is dead declared Friedrich Nietzsche Thank God Who needs that God anyway We now have the other gods we've created to fit our deep desires and make us feel that it is WE who are in charge and not anyone else We thought that these human made gods were not only more convenient more suitable and much easier to worship but they also held the key to freedom security and happiness Did they Who and what are these gods we love to worship What kind of religious practices will we use in order to please them Has religion become a sophisticated tool that allows us to hide from the true God Has religion become a ready commodity we use every time we want to subdue an opponent Is religion still needed when science and reason are now the light of our world Is religion more than a good business after all Does religion help to bring personal and world peace or does it provoke violence and wars Do we really need God to tell us what the truth is How do we know what is good and what is wrong In this book you will find an answer to these questions and to many more You also find an explanation for why religion when it is reduced to an abstract concept or to the mere embodiment of human institutions will not help men and women to achieve their life purpose and reach their highest potential and destiny Instead it may even be dangerous A deformed religious religion with a false god or without God at all could become fanaticism ideology Puritanism abstraction a weapon to win an

argument humiliate the opponent and even kill the adversary A true religion preaches love not hate So tell me who you worship Ill tell you who you are This book is in a sense a heretical book It is disturbing bold radical and controversial intentionally controversial Dr Maalouf is hoping to shock readers out of apathy indifference compromises and idolatry into the true reality of what being human with a divine destiny is This is a must read book for all those who seek God beyond their gods the whole truth beyond their half truths and the depth of a divine connection beyond the letter of the law It is a hard hitting challenge to false beliefs and a much needed wake up call to refocus attention and desire on what is essential and most lasting **Awakening to the Power of Peace—Love—Joy—Gratitude** Jean Maalouf,2019-08-09

Humankind is at the present time reaching a critical point in history A disaster of apocalyptic proportions could erupt at any time I know not with what weapons World War III will be fought predicted Albert Einstein but World War IV will be fought with sticks and stones What we are to do in order to prevent such catastrophic events We are to change the way we think insists philosopher Maalouf We are to see people and things in different ways We are to see with God s eyes We are to witness the birth of a new consciousness For philosopher Jean Maalouf who holds two Ph D s and who has published more than forty books one needs to go beyond the symptoms he affirms and find the root causes of our crises His new book **Awakening to the Power of Peace Love Joy Gratitude** goes straight to the very core of our crises and points the way to their solutions The truth is that the battlefield is not primarily on the land where people confront and kill each other The true battlefield is where decisions are made in the people s minds hearts and souls This is also where solutions should be found Dr Maalouf invites us to change the way we perceive reality so that a new way of living can emerge If we don t learn to love one another and to live together in peace we will continue to kill each other and we will perish together We are interconnected We are interdependent What we think about how we see things and what we say and do and the way we live our life matter greatly We ly all of us together we should live in peace love joy and gratitude **The Burning Flame of Love** Jean

Maalouf,2017-08-17 Nothing is neither fuller nor better in heaven and earth Every authentic love story is in its essence a journey toward God and every time we truly love we unveil the face of God because God is love 1 John 4 16 No wonder Thomas Kempis affirmed that nothing is sweeter than love nothing stronger nothing higher nothing wider nothing more pleasant nothing fuller nor better in heaven and earth because love is born of God and cannot rest but in God above all things But if it is so why in the world do we find ourselves very often dissatisfied with our love life and why do we have so many dysfunctional relationships with our families neighbors and others Why do we seem to love to hate each other and make enemies rather than friends not only with individuals and groups but also with other nations as well What is missing from our earthly love What has happened to love To these questions and to many more Dr Maalouf whose focus is one of gentle revolution in human development as leading critics said when describing his prolific works Is suggesting here a different way of seeing the reality of love Although it is based on psychological sociological philosophical and theological principles this

adopted way conveys the message through a poetic contemplative and mystical method in the style of Meister Eckhart and St John of the Cross This is not intended to be a comprehensive study on love but a fresh awakening to the existential deeper and richer level of consciousness of the living love for the love of one another John 13 34 is not just a commodity for social arrangement but the evidence of our divine origin and destiny and the critical condition for our very survival Thus a book like this should be read meditatively the way one listens to a great symphony or perceives a masterpiece in an art museum and comprehensively for it is not just the total sum of its paragraphs as a symphony and a painting are not the total sum of their different notes and colors Then wonder of wonders one will realize that there is nothing more mysterious more magical more life changing than love It is indeed the philosophers stone that converts whatever it touches into a golden reality Then everything will start to make sense for nothing not even all the money in the world can buy the strength and the happiness of a true loving heart

CHRISTMAS SHOCK Jean Maalouf, 2010-05-19 THE HUMAN EXPERIENCE OF GOD In this book which can be considered as one of the most original daring and significant contributions to contemporary spirituality in general and to Christian theology philosophy and anthropology in particular Dr Maalouf's method is neither to build an abstract or utopian system nor to preach or sermonize His approach is to question explore suggest and invite the reader erudite or not Catholic or not politically correct or not to a new level of comprehension and way of seeing things Whoever however and wherever we are our everyday lives could become the place and time where the sacred and the secular meet He proposes that our challenge then is how to be Christlike and not just Christian Then the true miracle of Christmas can become the miracle of transformed messengers and a transfigured world in which all things come into being through him John 1 3

Pathway to Renewal Daniel P. Smith, Mary K. Sellon, 2008-11-30 No pastor can lead a congregation to renewal alone it requires a complete change of heart for the whole congregation Congregational renewal occurs when people engage communally in a transition in their very understanding of the nature and purpose of their church This goes far beyond a simple retooling of the mission statement or addition of a few programs Authors Mary Sellon and Daniel Smith lead congregations through this process of renewal breaking down into understandable components what is happening in the people themselves that makes renewal efforts successful Pathway to Renewal offers pastors and congregational leaders a framework for understanding and addressing the deep cultural shift facing the people of a congregation during congregational renewal This book will help leaders make sense of where their congregation could get stuck and guide them in thinking through what needs to be addressed next as a congregation seeks renewal The realigning of a congregation s heart and sense of purpose can be a long process but one that ultimately all congregations must experience in order to fully live out the world transforming mission that God has given them to do
