Soul Pathways Paul Williamson,2002-11 As souls before we are born we agree to take on certain challenges during our incarnations on Earth Meeting these challenges may prove to be very demanding and testing for our character We can be confronted with situations where we feel rejection guilt isolation loss of trust and many other difficult emotions It may seem easier to seek to escape or avoid what our soul has set out for us to do Yet when we can ask for help and reach within to learn about our inner truth we can feel stronger We may still need to endure suffering and come to terms with experiences where we feel that we have fallen short of what may have been wise and right However by being open to discover what is within even when this may be uncomfortable this may begin a process of healing and finding peace In this his third book Paul Williamson has gathered some very frank and open accounts of people s life stories These express through intimate personal sharing details of fundamental human problems which are common to us all By exploring the underlying conditions of these problems Paul has tried to communicate thoughts and ideas that people may use to gain understanding of their own dilemmas Sensitively written this book is intended to help readers to find their own soul pathway so that they can emerge from experiences of inner darkness in their lives to a life that is happier richer and filled with hope **Pathways to the Soul**
