Diary of a Foreigner in Paris Curzio Malaparte,2020-05-19 Experience postwar Europe through the diary of a fascinating and witty twentieth century writer and artist Recording his travels in France and Switzerland Curzio Malaparte encounters famous figures such as Cocteau and Camus and captures the fraught restless spirit of Paris after the trauma of war In 1947 Curzio Malaparte returned to Paris for the first time in fourteen years In between he had been condemned by Mussolini to five years in exile and on release repeatedly imprisoned In his intervals of freedom he had been dispatched as a journalist to the Eastern Front and though many of his reports from the bloodlands of Poland and Ukraine were censored his experiences there became the basis for his unclassifiable postwar masterpiece and international bestseller Kaputt Now returning to the one country that had always treated him well the one country he had always loved he was something of a star albeit one that shines with a dusky and disturbing light The journal he kept while in Paris records a range of meetings with remarkable people Jean Cocteau and a dourly unwelcoming Albert Camus among them and is full of Malaparte s characteristically barbed reflections on the temper of the time It is a perfect model of ambiguous reserve as well as humorous self exposure There is for example Malaparte s curious custom of sitting out at night and barking along with the neighborhood dogs dogs after all were his only friends when in exile The French find it puzzling to say the least when it comes to Switzerland it is grounds for prosecution
