Pattern Of Redemption The Theology Of Hans Urs Von Balthasar:

Pattern of Redemption Edward T. Oakes, 1994 A magnificent introduction The New York Times Splendidly written Choice

Hans Urs Von Balthasar and Protestantism Rodney Howsare, 2005-09-15 This book examines Balthasar's engagement with Protestantism primarily in the persons of Martin Luther and Karl Barth a topic which has not yet been given the attention it deserves Furthermore instead of focusing on particular theological issues such as soteriology or ecclesiology the book examines the implications of this engagement for Fundamental Theology At the very root of Luther's confrontation with the Catholic Church of the Late Middle Ages lies his antipathy for Aristotle and for natural theology In other words the Protestant difference has as much to do with its suspicion of the treatment of faith and reason in Catholic thought as it does of the Catholic treatment of faith and works This is a suspicion that is only exacerbated in Barth's identification of the analogy of being with the Antichrist Balthasar takes these criticisms very seriously and in addressing them not only has much of relevance to say to the Catholic Protestant differences but also has much to say to the Yale Chicago differences In short this study treats primarily Balthasar's dialogue with Luther and Barth with the hope that this dialogue will shed light on the impasse that seems to have arisen between the so called correlation and revelocentric schools of contemporary theology If indeed Christ is the concrete universal then we shouldn't have to decide between the two Part of this proposal then is to emphasize the fact that Balthasar refuses to separate Fundamental and Dogmatic theology

The Oxford Handbook of the Epistemology of Theology William James Abraham, Frederick D. Aquino, 2017 The Oxford Handbook of the Epistemology of Theology brings together leading scholars in the fields of theology and epistemology to examine and articulate what can be categorized as appropriate epistemic evaluation in theology Part one focuses on some of the epistemic concepts that have been traditionally employed in theology such as knowledge of God revelation and scripture reason and faith experience and tradition This section also considers concepts that have not received sufficient epistemological attention in theology such as saints authority ecclesial practices spiritual formation and discernment Part two concentrates on epistemic concepts that have received significant attention in contemporary epistemology and can be related to theology such as understanding wisdom testimony virtue evidence foundationalism realism antirealism skepticism and disagreement Part three offers examples from key figures in the Christian tradition and investigates the relevant epistemological issues and insights in these writers as well as recognizing the challenges of connecting insights from contemporary epistemology with the subject of theology proper namely God Part four centers on five emerging areas that warrant further epistemological consideration Liberation Theology Continental Philosophy modern Orthodox writers Feminism and Pentecostalism This authoritative collection explores how the various topics figures and emerging conversations can be reconceived and addressed in light of recent developments in epistemology Each chapter provides an analysis of the crucial moves positions and debates while also identifying relevant epistemic considerations This Handbook fulfils the need for the development of

this new conversation that will take its natural place in the intersection of theology and epistemology It links the fields of theology and epistemology in robust meaningful and significant ways **The Drama of Doctrine** Kevin J.

Vanhoozer,2005-01-01 Observing a strange disappearance of doctrine within the church Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God He details how doctrine serves the church the theater of the gospel by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church s witness as prophetic and apostolic

Reclaiming Participation Cynthia Peters Anderson,2014 In an era that oscillates regularly between nihilism and the erosion of moral vision on the one hand and pseudo gnostic myths of self apotheosis on the other the classical Christian claim of human participation in the divine as the story of the transformation of human life in its physical moral spiritual and eschatological dimensions takes on radical counter cultural color It is an affirmation that offers hope and meaning for humanity secured by Gods participation in human life through Jesus Christ The christological ground of this claim is crucial to secure and animate the argument of this text The author performs in this a retrieval of the christological vision of the unification of the divine and the human in the single subject of Jesus Christ as the programmatic center point of human transformation and participation articulated particularly by Cyril of Alexandria The patristic pattern is used as a lens through which to examine and assess modern iterationsthose of Karl Barth and Hans Urs von Balthasar In this the author provides a critical updating of this vital classical theme annotating a vision of divine life opened up for created participation that can foster hope in the climes of contemporary life *T&T Clark Handbook of Theological Anthropology* Mary Ann

Hinsdale,Stephen Okey,2021-01-28 Including classical modern and postmodern approaches to theological anthropology this volume covers the entire spectrum of thought on the doctrines of creation the human person as imago Dei sin and grace The editors have gathered an exceptionally diverse range of voices ensuring ecumenical balance Protestant Roman Catholic and Orthodox and the inclusion of previously neglected perspectives women African American Asian Latinx and LGBTQ The contributors revisit authors from the Great Tradition early church medieval and modern and discuss them alongside critical and liberationist approaches ranging from feminist decolonial and intersectional theory to critical race theory and queer performance theory This is a much needed overview of a rapidly evolving field **Explorations in the Theology of**

Benedict XVI John C. Cavadini,2016-02-28 Benedict XVI s writing as priest professor bishop head of the Congregation for the Doctrine of the Faith and now pope has shaped Catholic theological thought in the twentieth century In *Explorations in the Theology of Benedict XVI* a multidisciplinary group of scholars treat the full scope of Benedict s theological oeuvre including the Augustinian context of his thought his ecclesiology his theologically grounded approach to biblical exegesis and

Christology his unfolding of a theology of history and culture his liturgical and sacramental theology his theological analysis of political and economic developments his use of the natural law in ethics and conscience his commitment to a form of interreligious dialogue from a place of particularity and his function as a public catechetical theologian *Deus Trinitas* David Coffey, 1999-09-09 Recent years have seen a resurgence of interest in the doctrine of the Trinity following a long period in which it was considered irrelevant to the rest of theology and to the challenge of Christian life In this book David Coffey claims that this resurgence is caused by a renewed appreciation of the fact that salvation itself has a Trinitarian structure He argues that we cannot understand salvation without a solid understanding of the Trinity Coffey considers the full range of issues surrounding this central doctrine of Christian faith Viewing the doctrine of the Trinity in its historical and ecumenical context he seeks to arrive at a balanced vision that incorporates the insights of both the Western and the Eastern Churches In particular he wants to keep in sight both the immanent Trinity the Godhead considered in itself and the economic Trinity that is its role within the economy of salvation In Coffey's own model of the Trinity the Holy Spirit is seen as the objectivization of the mutual love of the Father and the Son This idea is most closely associated with St Augustine and Richard of St Victor Coffey however takes it much further presenting it as an explanation of the origin of the Son and the Holy Spirit and of the manner of operation of the Trinity in the economy From this model he is also able to derive a suggestion for resolving the ecumenical problem of Filioquism vs Monopatristism concerning the procession of the Holy Spirit the issue that has divided East from West for nearly a millennium Presenting a new perspective on a topic of renewed theological interest this comprehensive study has important implications for ecumenical discussions of the Trinity **Time, Eternity, and the Trinity** Eunsoo Kim, 2010-03-01 One of the vital issues in contemporary Christian theology is the problem of a renewed understanding of God's eternity and its relation to time This is not merely a peripheral doctrinal issue but lies at the heart of our understanding of God and humanity and contributes to our entire worldview This study focuses on a long standing debate between two competing views on God's eternity one focused on God's absolute timelessness in classical theism and the other on God's temporal everlastingness in contemporary panentheism In contrast to both of these well worn options this book presents an alternative Trinitarian analogical understanding of God's eternity and its relation to time especially through a critical reflection on Karl Barth's and Hans Urs von Balthasar's engagement of the issue This analogical approach based on the dynamic and dramatic concepts of God's being in relation and of the Triune God's communicative action in eternity and time has the potential to resolve the debate between absolute timeless eternity and temporal everlasting duration [The Cambridge Companion to Hans Urs Von Balthasar](#) Edward T. Oakes, David Moss, 2004-08-05 Publisher's description Hans Urs von Balthasar 1905-1988 is one of the most prolific creative and wide ranging theologians of the twentieth century who is just now coming to prominence But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion about the uniqueness of Christ as savior of a pluralistic world and

because he draws so many of his resources for his theology from literature drama and philosophy Balthasar has never been an easily categorized theologian He is neither liberal nor conservative neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought For that reason this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen John Calvin and Karl Barth

The Oxford Handbook of Eschatology Jerry L. Walls Professor of Philosophy of Religion Asbury Theological Seminary, 2007-10-31 Eschatology is the study of the last things death judgment the afterlife and the end of the world Through centuries of Christian thought from the early Church fathers through the Middle Ages and the Reformation these issues were of the utmost importance In other religions too eschatological concerns were central After the Enlightenment though many religious thinkers began to downplay the importance of eschatology which in light of rationalism came to be seen as something of an embarrassment The twentieth century however saw the rise of phenomena that placed eschatology back at the forefront of religious thought From the rapid expansion of fundamentalist forms of Christianity with their focus on the end times to the proliferation of apocalyptic new religious movements to the recent and very public debates about suicide martyrdom and paradise in Islam interest in eschatology is once again on the rise In addition to its popular resurgence in recent years some of the worlds most important theologians have returned eschatology to its former position of prominence The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives biblical historical theological philosophical and cultural This volume will be the primary resource for students scholars and others interested in questions of our ultimate existence

The New Catholic Feminism Tina Beattie, 2004-06 Having confronted the conflict between feminism and the Vatican and Pope Benedict XVI Beattie proposes a new theological approach to the encounter between feminism and Catholicism for the twenty first century Jacket

Figuring out the Church Aidan Nichols, O.P., 2013-11-04 The Church is a mystery Believers who want to enter more deeply into that mystery will reflect on the Church s basic characteristics the marks of the Church what it means for the Church to be one holy catholic and apostolic Non Catholics and nonbelievers looking to appreciate how Catholics regard the Church also will desire to understand these marks In this book renowned Dominican theologian Father Aidan Nichols explores the Church s characteristics Drawing on insights from four theological masters Henri de Lubac Jean Tillard Hans Urs von Balthasar and Charles Journet Father Nichols seeks to help Catholics and non Catholics to figure out the Church on at least a fundamental level Of course the four masters in question do not claim to exhaust the mystery of the Church Nor does Nichols They do however assist the reader in going deeper into the mystery To accomplish this goal Father Nichols appeals to both the Scholastic tradition and authors influenced by the ressourcement movement in theology In this way he provides readers with a sense of Catholicism s breadth which is at once orthodox and yet generously conceived

Marking the Church Greg Peters, Matt Jenson, 2016-12-09 More

than one person has joked over the years that Evangelical believers do not have an ecclesiology In one sense that is absurd Evangelical churches especially if you include Pentecostals in that group are some of the fastest growing most vibrant churches in the world Evangelicals are proclaiming the gospel praising the Lord reading the Bible and loving the poor But there is a case to be made that the Evangelical devotion to the mission of the church has left Evangelicals with little time to reflect on the church itself In this collection of essays first given at annual meetings of the Evangelical Theological Society the authors take time to reflect on the nature of the church in an Evangelical context asking after the way in which it is one holy catholic and apostolic

Barth on the Descent into Hell David Lauber, 2017-09-29 The Christian confession that Jesus Christ descended into hell has been variously misunderstood or simply neglected by the Church and dogmatic theology This work is a significant retort to dogmatic forgetfulness and ecclesial misunderstanding It succeeds in doing so by offering a close reading and critical analysis of Karl Barth's treatment of the descent into hell and its relation to his extraordinary theology of the atonement The reach of David Lauber's work is extended by placing Barth in conversation with Hans Urs von Balthasar's innovative theology of Holy Saturday In revealing and unexpected ways this book casts light upon the ecumenical breadth of Barth's theology It is a valuable interpretation of significant facets of Barth's doctrine of God reflection upon the passion of Jesus Christ and ethics In addition Lauber offers a constructive theological proposal for how the descent into hell affects the theological interpretation of Scripture the trinitarian being and activity of God and the non violent and authentic shape of Christian life and witness before our enemies

Divine Election Eduardo J. Echeverria, 2016-09-14 This dogmatic study addresses two perennial questions First how do we reconcile God's sovereignty with human freedom not just in general but particularly with respect to the Church's full understanding of God's plan of salvation as a work of grace Second and equally crucial is the question of how we reconcile God's universal salvific will with the mystery of predestination election and reprobation The author of this study does theology within the normative tradition of confessional Catholicism and thus in the light of Catholic teaching But this study is also an ecumenical work indeed a work in receptive ecumenism and hence he listens attentively to the reflections and arguments not only of his fellow Catholic theologians Matthias Joseph Scheeben and Hans Urs von Balthasar but also theologians of the Evangelical and Reformed traditions John Calvin Herman Bavinck Karl Barth and G C Berkouwer This book concludes with a Catholic synthesis regarding the doctrine of divine election in dogmatic and ecumenical perspective

The God of Covenant and Creation Larry S. Chapp, 2013-05-01 According to Larry Chapp theology is left with two dire options in the aftermath of naturalism's apparent cultural triumph provide modernity with an intellectually cogent theological vision or perish along with that same culture in the wasteland of our nihilism Chapp's important book is grounds for hope that theology may live to see another day and that the pervasive nihilism may not have the last word He correctly diagnoses the intellectual and cultural dangers posed by so called scientific naturalism lifting the lid on its alleged metaphysical neutrality and exposing this naturalism for what it fundamentally is a bad theology which

doesn't know itself And more importantly still he restores theology to its proper cosmological scope Not only does creation become intellectually compelling in Chapp's deft hands it elicits wonder and praise for its Creator and restores what is human in us This is a hopeful development indeed and a sign of an indispensable book Michael Hanby on back cover

Being Religious Interreligiously Peter C. Phan, 2015-02-25 **Key Theological Thinkers** Svein Rise, 2016-04-22 The 20th and 21st Centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition This unique anthology presents contributions from leading contemporary theologians including Rowan Williams Fergus Kerr Aidan Nichols G R Evans and Tracey Rowland who offer portraits of over fifty key theological thinkers in the modern and postmodern era Distinguished by its broad ecumenical perspective this anthology spans arguably one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions Protestant Catholic and Orthodox Each individual portrait in this anthology includes a biographical introduction an overview of theological or philosophical writing presentation of key thoughts and contextual placing of the thinker within 20th Century religious discourse Overview articles explore postmodern theology radical orthodoxy ecumenical theology feminist theology and liberation theology A final section includes portraits of important thinkers who have influenced Christian thought from other fields not least from Continental philosophy and literature **A Thomistic Christocentrism** Dylan Schrader, 2021-08-13 Examines the theory of the motive behind Christ's incarnation developed by the Samanticensis Discalced Carmelites of Salamanca in the 17th century showing how it perpetuates the tradition of Thomas Aquinas and refutes the more modern theories put forward by Karl Rahner and Hans Urs von Balthasar
