Australian Stitches Vol 30 No 02 - 2022 Magazines Global, Australian Stitches Vol 30 No 02 2022 Religious Delusions, American Style Blair Alan Gadsby,2020-02-21 Americans would be shocked to understand just how their religious beliefs have been used against them in the political elites efforts to engineer society and public policy In this historical overview of key moments in American religious history Gadsby demonstrates that what we are commonly taught in our education systems mass media and the political world about religions role in any number of events is anything but In the spirit of Lies My Teacher Told Me Religious Delusions American Style discusses eight areas in American history ranging from turn of the nineteenth century eugenics and the Scopes Monkey Trial to the mind control program known as Jonestown to the

implausible two planes three buildings straight down operation called 9 11 we have been deceived in a big way about what has been done in the name of religion Winning Wars Matthias Strohn, 2020-12-07 A collection of military history essays examining the philosophical side of war and the meaning of victory What does it mean to win a war How does this differ from a simple military victory How have different cultures and societies answered these questions through history and how can we apply these lessons When considering how a war might be won there are three big ideas that underpin how success can be measured ownership intervention for effect and fighting for ideas These three main themes also contain a series of sub themes internal and external short term and long term military success versus political success and tactical outcomes versus campaign effects versus strategic success This book examines the constituent parts of what may comprise victory or winning in war and then travels chronologically through a wide variety of historical case studies further exploring these philosophical components and weaving them into a factual discussion The authors of each chapter will explore the three big ideas within the context of their individual case studies offering pointers as to where within that framework their case study may sit The message of this book is not just an academic exploration for its own sake but a vital aspect both morally and practically of the political and military business of the application of force In short know in advance how you wish to end before you start Comprising sixteen excellent and thought provoking essays by eighteen noted military historians and former warriors the book comprehensively examines the realities of war and the wide ranging concepts of victory At the same time it offers a very good general history of warfare Baird Maritime This book can provide useful insights to anyone students and subject matter experts alike can find something to gain from this book Most importantly its emphasis on contemporary warfare can provide consequential information for our current military and civilian leadership if they are willing to hear it Air Space Power Journal History of the Northamptonshire Regiment: 1742-1934, by R. Gurney ,1935 The Presidency in a Separated System Charles O. Jones, 2005-10-01 Popular interpretations of American government tend to center on the presidency Successes and failures of government are often attributed to presidents themselves But though the White House stands as a powerful symbol of government the United States has a separated system intentionally designed to distribute power not to concentrate it Charles O Jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works The role of the president varies widely depending on his resources advantages and strategic position Public expectations often far exceed the president's personal political institutional or constitutional capacities for achievement Jones explores how presidents find their place in the permanent government and how they are fitted in by others most notably those on Capitol Hill This book shows how a separated system of government works under the circumstances created by the Constitution and encouraged by a two party system Jones examines the organizational challenges facing presidents their public standing and what it means presidential agendas and mandates and lawmaking how it works where the president fits in and how it varies from issue to issue He compares the post World War II presidents and

identifies the strengths and weaknesses of each in working within the separated system Jones proposes a view of government as a legitimate even productive form of decisionmaking and emphasizes the varying strategies available to presidents for governing He concludes with a number of important lessons for presidents and advice on how to make the separated system work better
