affirmative action occupational health and safety corporate management science and trade unionism and organized labor and offers the kind of comprehensive understanding needed to discover workable solutions **Encyclopedia of U.S. Labor and Working-class History** Eric Arnesen,2007 Publisher Description **Who Owns the Crown Lands of Hawai'i?** Jon M. Van Dyke,2007-12-31 The 1846 1848 Mahele division transformed the lands of Hawai i from a shared value into private property but left many issues unresolved Kauikeaouli Kamehameha III agreed to the Mahele which divided all land among the m king the ali i chiefs and the maka inana commoners in the hopes of keeping the lands in Hawaiian hands even if a foreign power claimed sovereignty over the Islands The king s share was further divided into Government and Crown Lands the latter managed personally by the ruler until a court decision in 1864 and a statute passed in 1865 declared that they could no longer be bought or sold by the m and should be maintained intact for future monarchs After the illegal overthrow of the monarchy in 1893 Government and Crown Lands were joined together and after annexation in 1898 they were managed as a public trust by the United States At statehood in 1959 all but 373 720 acres of Government and Crown Lands were transferred to the State of Hawai i The legal status of Crown Lands remains controversial and misunderstood to this day In this engrossing work Jon Van Dyke describes and analyzes in detail the complex cultural and legal history of Hawai i s Crown Lands He argues that these lands must be examined as a separate entity and their unique status recognized Government Lands were created to provide for the needs of the general population Crown Lands were part of the personal domain of Kamehameha III and evolved into a resource designed to support the m who in turn supported the Native Hawaiian people The question of who owns Hawai i s Crown Lands today is of singular importance for Native Hawaiians in their quest for recognition and sovereignty and this volume will become a primary resource on a fundamental issue underlying Native Hawaiian birthrights 64 illus 6 maps **Aloha Compadre** Rudy P. Guevarra,2023-07-14 Awarded honorable mention for the 2024 International Latino Book Awards in The Dolores Huerta Best Cultural Community Themed Book English category Aloha Compadre Latinxs in Hawai i is the first book to examine the collective history and contemporary experiences of the Latinx population of Hawai i This study reveals that contrary to popular discourse Latinx migration to Hawai i is not a recent event In the national memory of the United States for example the Latinx population of Hawai i is often portrayed as recent arrivals and not as long term historical communities with a presence that precedes the formation of statehood itself Historically speaking Latinxs have been voyaging to the Hawaiian Islands for over one hundred and ninety years From the early 1830s to the present they continue to help shape Hawai i s history yet their contributions are often overlooked Latinxs have been a part of the cultural landscape of Hawai i prior to annexation territorial status and statehood in 1959 Aloha Compadre also explores the expanding boundaries of Latinx migration beyond the western hemisphere and into Oceania Beyond Ethnicity Camilla Fojas,Rudy P. Guevarra,Nitasha Tamar Sharma,2018-03-31 Written by scholars of various disciplines the essays in this volume dig beneath the veneer of Hawai i s myth as a melting pot paradise to uncover historical

and complicated cross racial dynamics Race is not the primary paradigm through which Hawai i is understood Instead ethnic difference is celebrated as a sign of multicultural globalism that designates Hawai i as the crossroads of the Pacific Racial inequality is disruptive to the tourist image of the islands It ruptures the image of tolerance diversity and happiness upon which tourism business and so many other vested transnational interests in the islands are based The contributors of this interdisciplinary volume reconsider Hawai i as a model of ethnic and multiracial harmony through the lens of race in their analysis of historical events group relations and individual experiences and humor among other focal points Beyond Ethnicity examines the dynamics between race ethnicity and indigeneity to challenge the primacy of ethnicity and cultural practices for examining difference in Hawai i while recognizing the significant role of settler colonialism This original and thought provoking volume reveals what a racial analysis illuminates about the current political configuration of the islands and in doing so challenges how we conceptualize race on the continent Recognizing the ways that Native Hawaiians or K naka Maoli are impacted by shifting violent and hierarchical colonial structures that include racial inequalities the editors and contributors explore questions of personhood and citizenship through language land labor and embodiment By admitting to these tensions and ambivalences the editors set the pace and tempo of powerfully argued essays that engage with the various ways that K naka Maoli and the influx of differentially racialized settlers continue to shift the social political and cultural terrains of the Hawaiian Islands over time

What Is in a Rim? Arif Dirlik, 1998-03-05 This pathbreaking multidisciplinary work challenges our unthinking acceptance of such terms as Asia Pacific and Pacific Rim Clarifying the hidden power relationships and hegemonic struggles that are disguised by ideological constructions of the region the contributors uncover fundamental contradictions_ including the human costs and consequences_ that underlie the much celebrated economic boom In evaluating the idea of Asia Pacific the book shifts our focus from abstract relationships between capital and commodities to the human interactions that have played a formative part in the region s constitution The contributors agree that it is these interactions that constitute the region rather than the physical boundaries of the Pacific This revised and updated edition brings in additional essays focusing on conceptualizations of the Pacific considers more fully interactions among countries and strongly emphasizes peoples within the Pacific who are routinely ignored in most discussions of the Rim The Routledge History of Twentieth-Century United States Jerald Podair, Darren Dochuk, 2018-05-02 The Routledge History of the Twentieth Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications The Routledge History of the

The Anatomy of Colorism in America Robb Nelson, 2025-04-21 The Anatomy of Colorism in America addresses the significance that colorism racial hierarchy and white skin idealization have each had on the lives of individuals across multiple communities and how those experiences have compared with one another These three complexion based imperial systems culturally legally politically and socially divided persons based on differing skin shades hair textures eye shapes facial angles body types or claims to mythical racial backgrounds The Anatomy of Colorism in America argues

that the practices associated with empire building and imperial expansion in America such as manifest destiny settler colonialism and indentured servitude and slavery all led to the creation of these complexion based divisions Once formed these divisions led to socially damaging outcomes for the individuals perceived as nonwhite by the local Anglo American settler colonial class This book documents four locations and communities where such circumstances emerged and compares them The four case studies investigated in this book include Blacks in Charleston South Carolina the Californios in Alta California Mormons in Utah and the relationship between Indigenous Hawaiians Japanese immigrants and Anglo American whites in Hawaii
