Library,1973 **Madame Cézanne** Dita Amory,2014 A new account of Cézanne s complex relationship with his wife who served as the subject of some of his most iconic portraits Paul Cézanne s 1839 1906 portraits of Hortense Fiquet 1850 1922 his wife and the subject of some of his iconic portraits rank among the most powerful of their kind in French modernism Yet posterity has not been kind to Madame Cézanne She was called a

distraction blamed for her husband's lackluster landscapes and disdained for her impenetrable expression in the paintings. The reality is more complex for while Fiquet may not have been the passion of Cézanne's lifetime she was a willing accomplice as model mother of his only son and unwavering partner against all odds. Madame Cézanne examines this unique relationship as it looks at Cézanne the painter draftsman and portraitist. Featuring 24 of Cézanne's oil portraits of Fiquet and most of the known drawings Madame Cézanne both reevaluates with insight and compassion the long held misconceptions about the Cézannes unconventional marriage and shows how Cézanne's portraits of his wife provide a lens through which to better understand his overall technique.
